On June 18, 2020, New York Independent System Operator, Inc. (NYISO) and Consolidated Edison Company of New York, Inc. (Con Edison) jointly filed an executed Large Generator Interconnection Agreement (LGIA) among NYISO, Con Edison, and NRG Berrians East Development LLC (NRG).¹ You state that NRG proposes to replace an existing generating facility in Queens County, New York, with a new facility consisting of a simple-cycle unit, which will continue to interconnect to certain facilities of Con Edison that are part of the New York State Transmission System.
