Reference: New Tailored Availability Metric Rules

On July 7, 2020, the New York Independent System Operator, Inc. (NYISO) submitted revisions to its Market Administration and Control Area Services Tariff to implement its new tailored availability metric rules. NYISO states that these rules are designed to enhance the calculation of capacity ratings for resources that participate in the NYISO-administered Installed Capacity Market to better align with the reliability needs of the system.¹

Pursuant to the authority delegated to the Director, Division of Electric Power Regulation - East, under 18 C.F.R. § 375.307, your submittal is accepted for filing, effective March 1, 2021, as requested.

The filing was noticed on July 8, 2020, with comments, interventions, and protests due on or before July 28, 2020. Pursuant to Rule 214 (18 C.F.R. § 385.214 (2019)), to the extent that any timely filed motions to intervene and any motion to intervene out-of-time were filed before the issuance date of this order, such interventions are granted. Granting late interventions at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification, or any rule, regulation, or practice
