Reference: Small Generator Interconnection Agreement, Service Agreement No. 2548

On September 22, 2020, New York Independent System Operator, Inc. (NYISO) and Central Hudson Gas & Electric Corporation (Central Hudson) (together, Joint Filing Parties) submitted for filing an executed Small Generator Interconnection Agreement (SGIA) entered into by NYISO, Central Hudson, and Hecate Energy Greene 2 LLC (Hecate) to facilitate the interconnection of Hecate's 10 MW solar Greene County 2 Facility to the New York State Transmission System.<sup>1</sup> Joint Filing Parties state that the SGIA contains non-conforming language compared to the language contained in the *pro forma* SGIA in Attachment Z of the NYISO Open Access Transmission Tariff. Specifically, Joint Filing Parties state that Section 1.3.1 of the SGIA has been modified to provide that NYISO's provision of Capacity Resource Interconnection Service is subject to the requirements that if System Deliverability Upgrades are identified in the Class Year Study, and Hecate accepts its cost allocation for such System Deliverability Upgrades, the SGIA will be amended to incorporate the results of the Class Year Study.
