Reference: Proposed Tariff Clarifications Regarding the Bidding for and
Scheduling of Energy in New York's LBMP Market and the
Scheduling of Transmission Service in the New York Control Area

Dear Ms. Lampi:

On December 21, 2010, the New York Independent System Operator, Inc. (NYISO) submitted proposed amendments to its Open Access Transmission Tariff (OATT) and Market Administration and Control Area Services Tariff (Services Tariff) to revise provisions concerning the bidding and scheduling of Energy, Ancillary Services and Transmission Service in the New York Control Area. NYISO seeks to streamline and clarify tariff provisions that set forth the rules that govern these processes and to eliminate redundancy between the Services Tariff and the OATT.

Notice of the filing was published on December 22, 2010, with comments, protests, or interventions due on or before January 11, 2011. No protests or comments were filed. Notices of intervention and unopposed timely filed motions

to intervene are granted pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214).

This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.
