Reference: Standard Large Generator Interconnection Agreement

Dear Ms. Keegan and Mr. Nelson:

New York Independent System Operator, Inc. (NYISO) and Long Island Lighting Company's (LIPA) submittal is accepted for filing, effective October 15, 2010, as requested.

On November 1, 2010, the New York Independent System Operator, Inc. (NYISO), and the Long Island Lighting Company, doing business as LIPA (LIPA), filed an executed standard large generator interconnection agreement (LGIA) among NYISO, LIPA and Long Island Solar Farm LLC.

The Long Island Solar Farm's plant will be a 31.5 MW solar facility and will connect to LIPA's existing 69 kV 8ER Brookhaven Substation. Additionally, you state that the LGIA contains variations from the NYISO's *pro forma* LGIA to reflect: 1) deviations required to explicitly recognize LIPA's status as a non-jurisdictional, tax-exempt, municipal utility; 2) revisions regarding the timing of the execution of the Interconnection Agreement; 3) deviations required due to the existence of related contractual agreements; and 4) corrections to typographical errors in the *pro forma* LGIA.

The filing was noticed on November 1, 2010, with comments due on November 22, 2010. Pursuant to Rule 214 (18 C.F.R. § 385.214 (2010)), all timely filed motions to intervene and any motion to intervene out-of-time filed before the issuance date of this order are granted. Granting late intervention at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties. No protests or adverse comments were filed.

Although your submittal was complete and displayed correctly in eLibrary, your submittal did not display correctly in eTariff. Acceptance of your submittal is conditioned upon you making within 30 days of the date of the issuance of this order administrative revisions to the eTariff submittal so that it displays properly in eTariff.

This action is taken pursuant to the authority delegated to the Director, Division of Electric Power Regulation - East, under 18 C.F.R. § 375.307.

This acceptance for filing shall not be construed as constituting approval of any service, rate, charge, classification, or any rule, regulation, or practice affecting such rate or service provided for in the filed documents; nor shall such action be deemed as recognition of any claimed contractual right or obligation affecting or relating to such service or rate; and such acceptance is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against NYISO or LIPA.

This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713.

Sincerely,

Jignasa Gadani, Director
Division of Electric Power
Regulation - East
