The foregoing notwithstanding, if the unpaid invoiced amount is being disputed in good faith by Customer and Customer has provided written notice thereof to Company, Company shall not be entitled to suspend Work hereunder for non-payment of such disputed amount unless the aggregate amount of all unpaid invoiced amounts due from Customer under this Agreement at the time of such suspension (inclusive of such disputed amount) exceeds ten percent (10%) of the Initial Prepayment.

- 13.1 Prior to the commencement of any Company Work and during the term of the Agreement, the Company, at its own cost and expense, shall procure and maintain insurance in form and amounts set forth in Exhibit D of this Agreement, or the Company may elect to self-insure one or more of the insurance coverage amounts set forth in Exhibit D of this Agreement.
- 13.2 Prior to the commencement of any Work on the Fish Passage Project and during the term of the Agreement, the Customer, at its own cost and expense, shall procure and maintain insurance in form and amounts set forth in Exhibit D of this Agreement, or Customer may elect to self-insure one or more of such coverage amounts to the extent authorized or licensed to do so under the applicable laws of the State of New York, provided, that, the Customer provides written notice of any such election to the Company prior to the commencement of any Work under this Agreement.
- 13.3 Unless the Customer elects to self-insure in accordance with Section 13.2 hereof, the Customer shall have its insurer furnish to the Company certificates of insurance, on forms approved by the Insurance Commissioner of the State of New York, evidencing the insurance coverage required by this Article, such certificates to be provided prior to the commencement of any Work under this Agreement.
- 13.4 Each Party shall be separately responsible for insuring its own property and operations.
- 13.5 Anything in this Agreement to the contrary notwithstanding, each Party shall be solely responsible for the claims of its respective employees and contractors against such Party and shall release, defend, and indemnify the other Party, its Affiliates, and their respective officers, directors, employees, and representatives, from and against such claims. Notwithstanding any other provision of this Agreement, this Section shall survive the termination, cancellation, completion or expiration of this Agreement.

14.0 **Assignment and Subcontracting**

14.1 The Company may assign this Agreement, or any part thereof, to any of its Affiliates provided such assignee Affiliate agrees in writing to be bound by the terms and conditions of this Agreement. Each Party has the right to subcontract some or all of the work to be performed by such Party under the terms of this Agreement. Each Party may also use the services of its Affiliates in connection with its performance under this Agreement. Customer agrees that the costs and expenses of such Affiliates or contractors charged to or incurred by Company shall be paid by Customer as part of the Company Reimbursable Costs.

15.0 **Independent Contractor; No Partnership; No Agency; No Utility Services**

15.1 Company and Customer shall be independent contractors. This Agreement shall not be interpreted or construed to create an association, joint venture, agency relationship, or partnership between the Parties or to impose any partnership obligation or partnership liability upon any Party. No Party shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as or be an agent or representative of, or to otherwise bind, the other Party. This Agreement is not an agreement to provide or take utility services of any kind, including, without limitation, interconnection or other electric transmission services.

16.0 **[Reserved]**

17.0 **Safety**

17.1 Each Party shall be solely responsible for the safety and supervision of its own employees, representatives and contractors involved with its Work or any other activities contemplated by this Agreement. In connection with the performance contemplated by this Agreement, each Party shall, and shall require its representatives, contractors, and employees to, comply with all applicable Federal, state and local health and safety requirements, rules, regulations, laws and ordinances, including without limitation, the safety regulations adopted under the Occupational Safety and Health Act of 1970 ("OSHA"), as amended from time to time. While performing the Company Work, Company shall at all times abide by Company's safety standards and policies and Company's switching and tagging rules. During the term of this Agreement, the Party owning or controlling the applicable property or facilities shall have the authority to suspend the other Party's access, work or operations in and around such property or facilities in connection with any performance under this Agreement if, in its sole judgment, at any time hazardous conditions arise or any unsafe practices are being followed by the other Party's employees, agents, representatives or contractors in connection with any such performance.

18.0 **Required Approvals**

18.1 Subject to Section 23.3 of this Agreement, the obligations of each Party to perform its respective Work under this Agreement are expressly contingent upon (i) each Party receiving all licenses, permits, permissions, certificates, approvals, authorizations, consents, franchises and releases (including, without limitation and as applicable, the Existing Facilities Approvals, New Facilities Approvals and Land Use Approvals) from any local, state, or federal regulatory agency or other governmental agency or authority (which shall include the FERC and may also include, without limitation and if applicable, the NYPSC) or any other third party that may be required for such Party in connection with the performance of such Party's obligations under or in connection with this Agreement (the "*Required Approvals*"), (ii) each Required Approval being granted without the imposition of any modification or condition of the terms of this Agreement or the subject transactions, unless such modification(s) or condition(s) are agreed to by both Parties in their respective sole discretion, and (iii) all applicable appeal periods with respect to the Required Approvals having expired without any appeal having been made or, if such an appeal has been made, a full, final and non-appealable determination having been made regarding same by a court or other administrative body of competent jurisdiction, which determination disposes of or otherwise resolves such appeal (or appeals) to the satisfaction of both Parties in their respective sole discretion.

18.2 Subject to Section 23.3 of this Agreement, if any application or request is made in connection with seeking any Required Approval and is denied, or is granted in a form, or subject to conditions, that either Party rejects, in its sole discretion, as unacceptable, this Agreement shall terminate as of the date that a Party notifies the other Party of such denial or rejection, in which event the obligations of the Parties under this Agreement shall cease as of such date and this Agreement shall terminate, subject to Customer's obligation to pay Company in accordance with the terms of this Agreement (including, without limitation, Sections 21.3 and 21.4 hereof) for all Company Reimbursable Costs. For the avoidance of doubt: all of the Company's actual costs in connection with seeking any Required Approvals shall also be included within the meaning of the term Company Reimbursable Costs and shall be paid for by Customer.

19.0 **Environmental Protection; Hazardous Substances or Conditions**

19.1 The Company shall in no event be liable to Customer, its Affiliates or contractors, their respective officers, directors, employees, agents, servants, or representatives, or any third party with respect to, or in connection with, the presence of any Hazardous Substances which may be present at or on the Site or any Customer or third party owned, occupied, used, or operated property or facility (including, without limitation, easements, rights-of-way, or other third-party property) or which the Company, its Affiliates or contractors, their respective officers, directors, employees, agents, servants, or representatives may discover, release, or

generate at or on such properties or facilities unless and to the extent caused by the negligence, intentional misconduct, or unlawful act of the Company, its Affiliates or contractors, or their respective officers, directors, employees, agents, servants, or representatives, and except as provided above Company hereby disclaims any and all such liability to the fullest extent allowed by applicable law.

Customer agrees to hold harmless, defend, and indemnify the Company, its Affiliates and contractors, and their respective directors, members, managers, partners, officers, agents, servants, employees and representatives from and against any and all Damages relating to, or arising out of (i) the presence, discovery, Release, Threat of Release or generation of Hazardous Substances in violation of Environmental Laws at or on the Site or any Customer- or third party-owned, occupied, used, or operated property or facility (including, without limitation, easements, rights-of-way, or other third-party property), or (ii) the breach of any Federal, state, or local laws, rules, regulations, codes, or ordinances relating to the environment (including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq., the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 *et seq.*) in connection with this Agreement or the Fish Passage Project, except to the extent such presence, discovery, Release, Threat of Release, generation or breach is attributable to the negligence, intentional misconduct, or unlawful act of any Company Indemnified Party (with respect to which the Company shall indemnify the Customer Indemnified Parties in accordance with Section 12.1(b) of this Agreement). The obligations under this Section shall not be limited in any way by any limitation on Customer's insurance or by any limitation of liability or disclaimer provisions contained in this Agreement. The provisions of this Section shall survive the expiration, completion, cancellation or earlier termination of this Agreement.

- 19.2 Customer shall promptly inform the Company, in writing, of any Hazardous Substances, or unsafe, dangerous, or potentially dangerous, conditions or structures, whether above-ground or underground, that are present on, under, over, or in the Site or any Customer- owned, occupied, used, controlled, managed or operated facilities or property (including, without limitation, easements, rights-of-way, or other third-party property) to be used or accessed in connection with the Company Work or this Agreement and known to Customer at the time. Prior to Company's commencement of the Company Work, Customer shall be obligated to use its best efforts (including, without limitation, the use of DIGSAFE or other similar services) to investigate in accordance with Good Utility Practice and Applicable Requirement(s) the presence and nature of any such Hazardous Substances, or unsafe, dangerous, or potentially dangerous, conditions or structures, and to promptly, fully, and in writing, communicate the results thereof to the Company. Customer's provision to the Company of the information contemplated in this Section shall in no event give rise to any liability or obligation on the part of the Company, nor shall Customer's obligations under this Agreement, or under law, be decreased or diminished thereby.

20.0 **Suspension of Work**

20.1 Customer may interrupt, suspend, or delay the Company Work following written notice to Company specifying the nature and expected duration of the interruption, suspension, or delay. Company will use reasonable efforts to suspend performance of the Company Work as requested by Customer. Customer shall be responsible to pay Company (as part of Company Reimbursable Costs) for all costs incurred by Company and/or its Affiliates that arise as a result of such interruption, suspension or delay. The foregoing notwithstanding, Company shall not be required to interrupt, suspend or delay any Company Work to the extent continued performance of such Company Work is reasonably required (i) due to emergency circumstances, (ii) for safety, security or reliability reasons (including, without limitation, to protect any facility(ies) from damage or to protect any person(s) from injury), (iii) to return any facility(ies) to service in accordance with applicable standards, or (iv) to comply with Good Utility Practice or any Applicable Requirement(s).

21.0 **Right to Terminate Agreement**

21.1 If either Party (the “*Breaching Party*”) (a) fails to pay any amount when due under the terms of this Agreement or fails to comply with or perform, in any material respect, any of the other terms or conditions of this Agreement; (b) sells or transfers all or substantially all of its assets; (c) enters into any voluntary or involuntary bankruptcy proceeding or receivership; or (d) makes a general assignment for the benefit of its creditors, then the other Party (the “*Non-Breaching Party*”) shall have the right, without prejudice to any other right or remedy and after giving five (5) Days’ written prior notice to the Breaching Party and a reasonable opportunity for cure (not to exceed thirty (30) Days in the case of a failure to pay amounts when due and one hundred and twenty (120) Days in the case of a non-monetary breach), to terminate this Agreement, subject to Sections 21.3 and 21.4 of this Agreement. Subject to compliance with Section 22.1 of this Agreement, if applicable, the Non-Breaching Party shall also have the right to pursue any and all rights it may have against the Breaching Party under applicable law, subject to other applicable terms and conditions of this Agreement (including, without limitation, any applicable limitations on liability contained herein).

21.2 Subject to Sections 21.3 and 21.4 of this Agreement, this Agreement may also be terminated upon prior written notice (i) by Company in the event that Company Work under this Agreement is suspended or delayed for a period exceeding ninety (90) consecutive days as the result of any continuing dispute between the Parties and Company reasonably determines that Customer has not actively participated in Company’s good faith efforts to resolve such dispute pursuant to Section 22.1 hereof for at least sixty (60) days immediately preceding such written notice, or (ii) under the circumstances contemplated by, and in accordance with, Section

18.2 of this Agreement.

- 21.3 In the event of any early termination or cancellation of the Company Work or this Agreement as contemplated by any provision of this Agreement, each Party shall discontinue its performance hereunder to the extent feasible and make every reasonable effort to procure cancellation of existing commitments, orders and contracts relating to its Work upon terms that are reasonably expected to minimize all associated costs, provided, however, that nothing herein will restrict Company's ability to complete aspects of the Company Work that Company must reasonably complete in order to return its facilities and its property to a configuration in compliance with Good Utility Practice and all Applicable Requirements and to enable such facilities to continue, commence or recommence commercial operations.
- 21.4 In the event of any early termination or cancellation of the Company Work or this Agreement as contemplated by any provision of this Agreement, Customer shall also pay Company for:
- (i) all Company Reimbursable Costs for Company Work performed on or before the effective date of termination or cancellation;
 - (ii) all other Company Reimbursable Costs incurred by Company and/or its Affiliates in connection with the Company Work prior to the effective date of termination or cancellation, including, without limitation, for materials, equipment, tools, construction equipment and machinery, engineering and other items, materials, assets or services which cannot reasonably be avoided, mitigated or cancelled;
 - (iii) all Company Reimbursable Costs incurred to unwind Company Work that was performed prior to the effective date of termination or cancellation to the extent reasonably necessary to return Company's facilities to a configuration in compliance with Good Utility Practice and all Applicable Requirements;
 - (iv) all Company Reimbursable Costs arising from cancellation costs relating to orders or contracts entered into in connection with the Company Work prior to the effective date of termination or cancellation; and
 - (v) all Company Reimbursable Costs arising from demobilization expenses incurred by Company and/or its Affiliates which cannot be reasonably avoided or mitigated.

22.0 **Dispute Resolution**

22.1 Any dispute arising under this Agreement shall be the subject of good-faith negotiations between the Parties. Following the occurrence of a dispute, each Party shall designate one or more representatives with the authority to negotiate the particular matter in dispute for the purpose of participating in such negotiations. Unless a Party identifies exigent circumstances reasonably requiring expedited resolution of the dispute by a court or agency with jurisdiction over the dispute, any dispute that is not resolved through good-faith negotiations after a negotiation period of not less than thirty (30) Days (subject to extension by mutual agreement of the Parties acting in good faith) may be submitted by either Party for resolution to a court or to an agency with jurisdiction over the dispute. Notwithstanding the foregoing, any dispute arising under this Agreement may be submitted to non-binding arbitration or any other form of alternative dispute resolution upon the written agreement of both Parties to participate in such an alternative dispute resolution process.

23.0 **Force Majeure**

23.1 A “*Force Majeure Event*” shall include fire, flood, windstorm, adverse weather conditions, emergencies, explosion, terrorism, riot, war, sabotage, acts of God, strikes or labor slow-downs, court injunction or order, federal and/or state law or regulation, delays by governmental authorities in approving regulatory, license and/or permit requests necessary in connection with the Company Work or the Customer Required Actions, order by any federal or state regulatory agency, or other causes, conditions or circumstances beyond the affected Party’s reasonable control. Without limiting the foregoing, a “Force Majeure Event” shall also include unavailability of personnel, equipment, supplies, or other resources (“*Resources*”) due to diversion of such Resources for other utility-related duties in connection with an emergency or other similar contingency, including, without limitation, storms or other adverse weather conditions.

If a Force Majeure Event should occur and impair the ability of either or both Parties to perform its, or their, respective, obligations hereunder, then, to the extent affected by such Force Majeure Event, the performance of this Agreement, with the exception of payment obligations, shall be suspended for the duration of such Force Majeure Event. At the conclusion of a Force Majeure Event, the price and time for performance under this Agreement shall be adjusted as reasonably necessary to overcome the effect of the delay occasioned by such Force Majeure Event. The foregoing notwithstanding and with the exception of payment obligations, if, as the direct or indirect result of any Force Majeure Event, the Parties’ continued performance hereunder becomes irreparably impaired or prevented, the Parties may mutually agree to terminate this Agreement; provided, however, that, notwithstanding any such termination, Customer shall pay the Company all of the Company Reimbursable Costs in accordance with Sections 21.3 and 21.4 of this Agreement.

23.2 Within thirty (30) Days after the cessation of any delay occasioned by a Force Majeure Event, the affected Party shall give written notice to the other Party specifying the estimated impact of the delay.

23.3 For the avoidance of doubt: to the extent any Party has a payment obligation pursuant to the terms of this Agreement, such payment obligation shall not be subject to or conditioned upon such Party receiving funding or reimbursement from any third party (and any failure to secure such funding or reimbursement shall not constitute a Force Majeure Event), nor shall any such obligation be conditioned upon the other Party executing any certificates or other instruments not expressly and specifically required by the terms of this Agreement.

24.0 **Compliance with Law**

24.1 Each Party shall comply, at all times, with all Applicable Requirements in connection with this Agreement and performance of its Work hereunder. Such compliance shall include, among other things, compliance with all applicable wage and hour laws and regulations and all other laws and regulations dealing with or relating to the employment of persons, and the payment of contributions, premiums, and taxes required by such laws and regulations. For the avoidance of doubt: neither Party shall be required to undertake or complete any action or performance under this Agreement that is inconsistent with such Party's standard safety practices, its material and equipment specifications, its design criteria and construction procedures, its labor agreements, Good Utility Practice and/or any Applicable Requirement(s).

25.0 **Proprietary and Confidential Information**

25.1 Each Party acknowledges that, in the course of the performance of this Agreement, it may have access to Proprietary Information of the other Party.

25.2 **GENERAL RESTRICTIONS**. Upon receiving Proprietary Information, the Receiving Party) and its Representative shall keep in strict confidence and not disclose to any person (with the exception of the Representatives of the Receiving Party, to the extent each such Representative has a need to know in connection herewith) any of the Disclosing Party's Proprietary Information except as otherwise provided by the terms and conditions of this Agreement. The Receiving Party and its Representatives shall not use such Proprietary Information except for the purposes identified herein without the prior written approval of the Disclosing Party. The Receiving Party shall be solely liable for any breach of this Article to the extent caused by its Representatives. Customer agrees that any Proprietary Information will be used solely for the Fish Passage Project and will not be used, either directly or indirectly, for the Customer's financial gain and/or commercial advantage or in violation of any applicable laws, rules or regulations.

25.3 EXCEPTIONS. Subject to Section 25.4 hereof, the Receiving Party shall not be precluded from, nor liable for, disclosure or use of Proprietary Information that:

- 25.3.1 is in or enters the public domain, other than by a breach of this Article; or
- 25.3.2 is known to the Receiving Party or its Representatives at the time of first disclosure hereunder, or thereafter becomes known to the Receiving Party or its Representatives subsequent to such disclosure without similar restrictions from a source other than the Disclosing Party, as evidenced by written records; or
- 25.3.3 is developed by the Receiving Party or its Representatives independently of any disclosure under this Agreement, as evidenced by written records; or
- 25.3.4 is disclosed more than two (2) years after first receipt of the disclosed Proprietary Information, or two (2) years after the termination or expiration of this Agreement, whichever occurs later (the "Non-Disclosure Term"); or
- 25.3.5 is disclosed following receipt of the Disclosing Party's written consent to the disclosure of such Proprietary Information; or
- 25.3.6 is necessary to be disclosed, in the reasonable belief of the Receiving Party or its Representatives, for public safety reasons, provided, that, Receiving Party has attempted to provide as much advance notice of the disclosure to the Disclosing Party as is practicable under the circumstances.

Anything in this Article or the Agreement to the contrary notwithstanding, the Receiving Party or its Representative(s) may disclose Proprietary Information of the other Party to the extent the Receiving Party or its Representative(s) is required to do so by law, by a court, or by other governmental or regulatory authorities; provided, however, that, if permitted to do so by applicable law, the Receiving Party shall give the Disclosing Party written notice of any such required disclosure prior to such disclosure being made so that the Disclosing Party may seek a protective order with respect to such Proprietary Information. Receiving Party will reasonably cooperate with the Disclosing Party's efforts to obtain such protective order.

- 25.4 Each Party acknowledges that information and/or data disclosed under this Agreement may include “critical energy infrastructure information” under applicable FERC rules and policies (“CEII”) and critical infrastructure protection information as defined under applicable NERC standards and procedures (“CIP”). Receiving Party shall, and shall cause its Representatives to, strictly comply with any and all laws, rules and regulations (including, without limitation, FERC and NERC regulations, rules, orders, standards, procedures and policies) applicable to any such CEII and/or CIP disclosed by or on behalf of Disclosing Party or that relates to any of Disclosing Party’s or Disclosing Party’s Affiliates’ facilities.

Neither the Receiving Party nor its Representatives shall divulge any such CEII or CIP to any person or entity, directly or indirectly, unless permitted to do so by law and unless the Receiving Party has first obtained, in each case, the express specific written consent of the Disclosing Party and any affected Affiliate of the Disclosing Party. In any event, to the extent that the Receiving Party or any of its Representatives seeks or is ordered to submit any such CEII or CIP to FERC, a state regulatory agency, court or other governmental body, the Receiving Party shall, in addition to obtaining the Disclosing Party’s and its Affiliate’s prior written consent (as applicable), seek a protective order or other procedural protections to ensure that such information is accorded CEII or CIP status, as applicable, and is otherwise treated as confidential.

In the case of any Proprietary Information that is CEII or CIP, Receiving Party’s obligations and duties under this Article shall survive until (i) the expiration of the Non-Disclosure Term, (ii) the date on which such CEII or CIP, as applicable, is no longer required to be kept confidential under applicable law, or (iii) the date as of which the Disclosing Party provides written notice to the Receiving Party that such CEII or CIP, as applicable, is no longer required to be kept confidential, whichever is later. With respect to CEII and CIP, in the event of any conflict or inconsistency between this Section and any other term or provision of this Agreement, this Section shall govern in connection with such CEII and CIP, as applicable.

- 25.5 Notwithstanding any provision of this Agreement to the contrary, all assets, equipment and facilities procured or constructed by or on behalf of Company, and all plans, designs, specifications, drawings and other materials and documents created or prepared by or for Company, in connection with the Work, and all title, copyright, intellectual property and other rights therein, shall be and remain the sole property of Company.
- 25.6 This Article shall survive any termination, expiration, completion or cancellation of this Agreement.

26.0 **Effect of Applicable Requirements; Governing Law**

- 26.1 If and to the extent a Party is required to take, or is prevented or limited in taking, any action or performance with respect to this Agreement by any Applicable Requirement(s), such Party shall not be deemed to be in breach of this Agreement as a result of such compliance with the Applicable Requirement(s).
- 26.2 This Agreement is made and shall be interpreted, construed, governed, and enforced in accordance with the laws of the State of New York, without reference to such State's conflict-of-laws doctrine, and applicable Federal law. The Company and Customer agree to submit to the personal jurisdiction of the courts in the State of New York, or the Federal District courts in such State, as permitted by law, with respect to any matter or dispute arising out of this Agreement.

27.0 **Miscellaneous**

- 27.1 **NOTICES; FORM AND ADDRESS.** All notices, invoices and other communications from either Party to the other hereunder shall be in writing and shall be deemed received (i) upon actual receipt when personally delivered (provided, that, if the date of receipt is not a Day, then the date of receipt shall be deemed to be the immediately succeeding Day), (ii) upon acknowledgment of receipt if sent by facsimile (provided, that, if the date of acknowledgment is not a Day, then the date of receipt shall be deemed to be the immediately succeeding Day), (iii) upon the expiration of the third (3rd) Day after being deposited in the United States mails, postage prepaid, certified or registered mail, or (iv) upon the expiration of one (1) Day after being deposited during the regular business hours for next-day delivery and prepaid for overnight delivery with a national overnight courier, addressed to the other Party at the following address:

Each Party acknowledges that the other Party has not made any representations other than those that are expressly contained herein, if any. This Agreement may not be amended or modified in any way, and none of its provisions may be waived, except by a writing signed by an authorized representative of the Party against whom the amendment, modification, or waiver is sought to be enforced. The Project Managers shall not be authorized representatives within the meaning of this Section.

27.6 SEVERABILITY. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision hereof shall be prohibited by, or determined to be invalid under, applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

27.7 NOUNS AND PRONOUNS. Whenever the context may require, any pronouns used in this Agreement shall include the corresponding masculine, feminine, or neuter forms, and the singular forms of nouns and pronouns shall include the plural, and vice versa.

27.8 NO THIRD PARTY BENEFICIARIES. Nothing in this Agreement is intended to confer on any person, other than the Parties, any rights or remedies under or by reason of this Agreement.

27.9 VALIDITY. Each Party hereby represents that the provisions of this Agreement constitute valid and legally binding obligations of such Party and are enforceable in accordance with their terms.

27.10 COUNTERPARTS. This Agreement may be executed in multiple counterparts, each of which shall be considered an original. Schedule I: Real Property Standards

5.0 STANDARDS AND REQUIREMENTS RELATING TO THIRD PARTY ACQUISITION AND TRANSFER OF REAL PROPERTY INTERESTS TO NIAGARA MOHAWK POWER CORPORATION FOR ELECTRIC FACILITIES

Note Regarding Application/Reservation of Rights

The standards set forth herein are intended to apply generally in cases where real property interests shall be acquired by third parties and transferred to Niagara Mohawk Power Corporation (“NMPC”) in connection with the construction of new electric facilities (the “New Facilities”). NMPC advises, however, that it may impose additional or modified requirements in its sole discretion and/or on a case-by-case basis and, therefore, reserves the right to amend, modify or supplement these standards at any time prior to transfer/acceptance. Third parties shall not deviate from these standards unless expressly authorized in writing by NMPC, or the terms of the Agreement between NMPC and such third party to which these standards are attached expressly provide otherwise.

5.1 General Requirements

Unless otherwise expressly authorized in writing by NMPC, a third party requesting relocation of NMPC electric facilities and/or responsible for siting and constructing the New Facilities (the “Requesting Party”) shall acquire all interests in real property that, in the opinion of NMPC, are necessary for the construction, reconstruction, relocation, operation, repair, maintenance, and removal of such Facilities. Further subject to the standards set forth herein, the Requesting Party shall obtain NMPC’s approval of the proposed site or sites prior to the Requesting Party’s acquisition or obtaining site control thereof. As a general rule, except for railroads, public lands and highways, the Requesting Party shall acquire a fee-owned right-of-way or a fully-assignable/transferable easement (each as further described below) for the New Facilities in all cases where NMPC will be assuming ownership thereof. The Requesting Party shall pay and be solely responsible for paying all costs and expenses incurred by the Requesting Party and/or NMPC that relate to the acquisition of all real property interests necessary and proper to construct, reconstruct, relocate, operate, repair, maintain and remove, as applicable, the New Facilities. The Requesting Party shall pay and be solely responsible for paying all costs associated with the transfer of real property interests to NMPC, including, but not limited to, closing costs, subdivision costs, transfer taxes and recording fees. The Requesting Party shall reimburse NMPC for all costs NMPC may incur in connection with transfers of real property interests. Title shall be transferred only after having been determined satisfactory by NMPC. Further, NMPC reserves the right to condition its acceptance of title until such time as the New Facilities have been constructed, operational tests have

been completed, and the New Facilities placed in service (or determined by NMPC to be ready to be placed in service), and the Requesting Party is strongly advised to consult with NMPC's project manager as to the anticipated sequencing of events.

The Requesting Party will be responsible for payment of all real estate taxes (i.e., county, village, city/town and/or school) until such time as title has been transferred to NMPC (allocation of responsibility for payment of real estate taxes following the transfer to be determined on a case-by-case basis).

Prior to such transfer, the Requesting Party shall furnish to NMPC the original costs of any improvements by type/category of property; i.e., conductors, towers, poles, station equipment, etc. These original costs will show year of construction by location of such improvements. This information may be transmitted by NMPC to Federal, State or local governmental authorities, as required by law.

5.1.1 Title Documentation; Compliance with Appropriate Conveyancing Standards

The real property interests necessary for the construction, reconstruction, relocation, operation, repair, maintenance and removal of the New Facilities shall be conveyed to NMPC in fee simple (by warranty deed) or by fully-assignable/transferable easement approved by NMPC, with good and marketable title free and clear of all liens, encumbrances, and exceptions to title for a sum of \$1.00. With respect to any approved conveyance of easements, the Requesting Party shall subordinate pertinent mortgages to the acquired easement rights or otherwise secure non-disturbance agreements or the like from any mortgagees. The Requesting Party shall indemnify, defend, and hold harmless NMPC, its agents and employees, officers, directors, parent(s) and affiliates, and successors in interest, from all liens and encumbrances against the property conveyed. The Requesting Party further agrees to provide to NMPC a complete field survey (with iron pin markers delineating the perimeter boundaries of the parcel or the centerline of the entire right-of-way in the case of an electric transmission line), an abstract of title (of at least 40 years or such longer period as may be required by NMPC on a case-by-case basis), and a 10-year tax search for real property interests to be transferred to NMPC. The Requesting Party shall be required to provide NMPC with a title insurance commitment with a complete title report issued by a reputable and independent title insurance company for any real property rights in fee or easement that are to be transferred to NMPC. At the time of the transfer of such interests to NMPC, the Requesting Party shall provide a title insurance policy naming NMPC as the insured covering the real property interests, in fee or easement, that are to be transferred to NMPC.

The Requesting Party shall provide such title documentation and title insurance as shall be required by the NMPC real estate attorney assigned to review and close the transfer of ownership from the Requesting Party to NMPC. The Requesting Party shall request direction from such attorney with respect to preparation of abstracts of title, title insurance commitments and policies, and preparation of boundary surveys that comply with ALTA/ACSM Land Title Survey Standards and which must conform to proposed legal descriptions. The Requesting Party will be provided legal forms which include acceptable language and format for title transfer. Title shall be determined satisfactory by the NMPC real estate attorney in his or her sole discretion.

Title requirements of NMPC shall be of a reasonable nature and consistent with legally sound title practice in the applicable jurisdiction. Without limiting the foregoing, title shall not be encumbered by any liens or encumbrances superior to or on par with any applicable lien of NMPC's indentures or otherwise deemed objectionable by the NMPC real estate attorney so assigned. All title insurance fees and premiums (including, without limitation, costs of title insurance policy endorsements) shall be paid by the Requesting Party at or prior to the date of transfer.

The Requesting Party shall provide to NMPC conformed copies of all necessary real property interests not prepared by, or directly for, or issued to NMPC.

5.1.2 Forms

The Requesting Party shall use NMPC-approved forms (including form subordination agreements) for obtaining, recording and transferring fee-owned right-of-way and easements. Proposed changes to such forms shall be discussed with and agreed upon with the assigned NMPC real estate attorney.

5.2 **Areas Where Easements/Permits Are Acceptable**

5.2.1 Railroads

Where the New Facilities shall cross railroads, the Requesting Party shall obtain railroad crossing permits or other standard railroad crossing rights prior to constructing the crossing.

5.2.2 Public Land

Where the New Facilities shall cross public land, the Requesting Party shall obtain an easement for the crossing and/or any permits necessary to construct, operate and thereafter maintain such Facilities.

5.2.3 Highways and other Public Roads

Where the New Facilities shall cross highways or other public roads, the Requesting Party shall obtain crossing permits, easements, or other standard highway crossing rights prior to constructing the crossing, from the agency or agencies authorized to issue such rights.

5.2.4 Off Right-of-Way Access

In all cases, the Requesting Party shall obtain access/egress rights to the New Facilities acceptable to NMPC. Where construction and maintenance access along the fee-owned or easement strip is not possible or feasible, the Requesting Party shall obtain easements for off right-of-way access and construct, where necessary, permanent access roads for construction and future operation and maintenance of the New Facilities. NMPC will review the line route for maintenance access and advise the Requesting Party of locations requiring permanent off right-of-way access. The Requesting Party shall obtain permanent easements and construct the permanent maintenance access roads. Typically, a width easement of 25 feet maximum shall be obtained for off right-of-way access, but the dimensions shall be per NMPC requirements on a case-by-case basis.

The Requesting Party shall obtain all necessary rights of access and licenses, including adequate and continuing rights of access to NMPC's property, as necessary for NMPC to construct, operate, maintain, replace, or remove the New Facilities, to read meters, and to exercise any other of its obligations from time to time. The Requesting Party

hereby agrees to execute any such further grants, deeds, licenses, assignments, instruments or other documents as NMPC may require to enable it to record such rights-of-way, easements, and licenses.

5.2.5 Temporary Roads

The Requesting Party shall obtain temporary easements for access roads which are necessary for construction, but not for future operation and maintenance of, the New Facilities. NMPC shall concur with respect to any temporary roads being acquired versus permanent roads. If any disagreements occur with respect to the type of road being needed, NMPC's decision shall be final. In the event NMPC determines that permanent roads will not be required for operation and maintenance (including repair or replacement), easements for temporary roads shall not be assigned or otherwise transferred to NMPC by the Requesting Party.

5.2.6 Danger Trees

If it is determined that the fee-owned or principal easement strip is not wide enough to eliminate danger tree concerns, the Requesting Party shall obtain additional permanent easements for danger tree removal beyond the bounds of the principal strip. The additional danger tree easement rights may be general in their coverage area, however if a width must be specified, NMPC Forestry shall make that determination but in no case shall less than 25' feet be acquired beyond the bounds of the principal strip.

5.2.7 Guy and Anchor Rights

The Requesting Party shall obtain an additional permanent fee-owned strip or easement for guys and anchors when the fee-owned or principal easement strip is not wide enough to fully contain guys, anchors and, other such appurtenant facilities.

5.3 **Dimensions**

Dimensional requirements with respect to electric station/substation facilities will vary on a case-by-case basis. In all cases, however, the Requesting Party shall obtain sufficient area to allow safe construction, operation and maintenance of the New Facilities, in conformity with applicable land use and environmental laws, rules and regulations, including, without limitation, bulk, setback and other intensity requirements of applicable zoning ordinances, subdivision regulations, and wetlands setback requirements. Basic width for the fee-owned or easement strip for 115kV transmission lines shall be 100 feet, with the transmission facility constructed in the center of the strip. NMPC will advise the Requesting Party if there will be any additional right-of-way requirements. This requirement may be modified by the agreement of the parties as the scope of the project is further developed or if there are changes to the project. Where extreme side-hill exists, additional width beyond the 25 feet may be required on the uphill side of the strip to allow additional danger tree removal.

Where guyed angle structures are to be installed, additional fee strip widths or permanent easement shall be obtained by the Requesting Party on the outside of the angle to provide for installation of guys and anchors within the fee-owned strip or permanent easement. The width of the additional strip shall be a minimum of 25 feet. The length of the strip shall be sufficient to assure that all guys and anchors will fall within the fee-owned strip. A 125' strip will then be typically required.

5.4 Eminent Domain

If condemnation in NMPC's name is required, the Requesting Party shall contact NMPC's project manager for additional details on any assistance NMPC may provide. Typically, the Requesting Party shall prepare all acquisition maps, property descriptions and appraisals. Contact shall be made with NMPC's surveyor, right-of-way supervisor and legal department, and all requirements shall be closely followed. The Requesting Party shall also prepare an Environmental Assessment and Public Need report (Environmental Impact Statement or equivalent) and any other report or reports which may be required. A certified survey may also be required. NMPC must approve the Requesting Party's attorney for all condemnation hearings and proceedings. NMPC participation in such proceedings will be required at the Requesting Party's sole cost and expense. The Requesting Party shall contact NMPC attorneys prior to undertaking any condemnation proceedings for proper procedures to follow. To the extent legally permissible, NMPC reserves the right to refuse the use of condemnation by the Requesting Party (if the Requesting Party has the legal authority to commence and conduct an eminent domain proceeding), or by itself, in its sole discretion.

5.5 Use of Existing NMPC Right-of-Way

Existing NMPC right-of-way will not be available for use for the New Facilities unless NMPC Engineering, Planning and Operating departments agree to the contrary. The Requesting Party will pay a mutually acceptable cost to use such lands if NMPC gives internal approval.

5.6 Public Right-of-Way

If the Requesting Party must use public right-of-way for the New Facilities, the Requesting Party shall arrange for and reimburse NMPC and/or other utilities for any relocation which may be necessary.

5.7 General Environmental Standards

The Requesting Party agrees that, prior to the transfer by the Requesting Party of any real property interest to NMPC, the Requesting Party shall conduct, or cause to be conducted, and be responsible for all costs of sampling, soil testing, and any other methods of investigation which would disclose the presence of any Hazardous Substance which has been released on the Property or which is present upon the

Property by migration from an external source, and which existed on the Property prior to the transfer, and shall notify NMPC in writing as soon as reasonably practicable after learning of the presence of Hazardous Substance upon said Property interest. The Requesting Party agrees to indemnify, defend, and save NMPC, its agents and employees, officers, directors, parents and affiliates, harmless from and against any loss, damage, liability (civil or criminal), cost, suit, charge (including reasonable attorneys' fees), expense, or cause of action, for the removal or management of any Hazardous Substance and relating to any damages to any person or property resulting from presence of such Hazardous Substance. The Requesting Party shall be required, at its sole cost and expense, to have a Phase I Environmental Site Assessment ("Phase I ESA") conducted on any such property which may be legally relied upon by NMPC and which shall be reviewed and approved by NMPC prior and as a condition to transfer. NMPC further reserves the right, in its sole discretion, to require that the Requesting Party have a Phase II Environmental Site Assessment conducted on any such property, also at the Requesting Party's sole cost and expense, if NMPC determines the same to be necessary or advisable, which (if required) shall be reviewed and approved by NMPC prior and as a condition to transfer.

Schedule II: Environmental Due Diligence Procedure
