Re: Clarification of filing status re: March 22, 2018 transmittal letter - Joint Filing of an Executed Second Amended and Restated Large Generator Interconnection Agreement Among the New York Independent System Operator, Inc., Consolidated Edison Company of New York, Inc., and Bayonne Energy Center, LLC; Request for Critical Energy Infrastructure Information Designation and Privileged and Confidential Treatment; Request for Waiver of the 60-Day Notice Period; Docket No. ER18-1161-000

Dear Ms. Bose:

On March 26, 2018, FERC staff contacted the NYISO inquiring as to the status of the above referenced transmittal letter (i.e., Public or Non-Public) because the letter was identified as Public in the electronic submission but contained the following language on page one:

NON-PUBLIC VERSION CONTAINS CEII, PRIVILEGED, AND CONFIDENTIAL INFORMATION PURSUANT TO 18 C.F.R. §§ 388.112 AND 388.113 - DO NOT RELEASE

In order to eliminate any confusion regarding the content or status of the transmittal letter, NYISO hereby submits this letter as a supplement to the record stating that the transmittal letter filed on March 22, 2018 in ER18-1161-000 contains no confidential or CEII information and is a public document.
