Re: Joint Filing of an Executed Amended and Restated Small Generator Interconnection Agreement for the Sky High Solar Project Among the New York Independent System Operator, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, and Sky High Solar LLC; Request for Waiver of the 60-Day Notice Period; Docket No. ER22-\_\_\_\_-000

Dear Ms. Bose:

Pursuant to Section 205 of the Federal Power Act<sup>1</sup> and Section 35.13 of the Commission's regulations,<sup>2</sup> the New York Independent System Operator, Inc. ("NYISO") and Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid") (together, the "Joint Filing Parties") hereby tender for filing an executed Amended and Restated Small Generator Interconnection Agreement for the Sky High Solar Project (NYISO Queue No. 545) entered into by the NYISO, National Grid, as the Connecting Transmission Owner, and Sky High Solar LLC ("Sky High"), as the Interconnection Customer (the "Amended Agreement").<sup>3</sup> The Amended Agreement is labeled as Service Agreement No. 2576 under the NYISO's Open Access Transmission Tariff ("OATT").

The Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing. The Amended Agreement conforms to the NYISO's *pro forma* Small Generator Interconnection Agreement ("Pro Forma SGIA") that is contained in Attachment Z to the OATT, with the changes previously accepted by the Commission for the prior version of this interconnection agreement. Further, as described in Part II of this letter, the Joint Filing Parties respectfully request a waiver of the Commission's prior notice requirements<sup>4</sup> to make the Amended Agreement effective as of January 19, 2022, which is the date of its full execution.

---

<sup>2</sup> 18 C.F.R. § 35.13 (2021).

<sup>3</sup> Capitalized terms that are not otherwise defined in this filing letter shall have the meaning specified in Attachments S, X, or Z of the NYISO OATT, and if not defined therein, in the NYISO OATT and NYISO Market Administration and Control Area Services Tariff.

<sup>4</sup> See *Prior Notice and Filing Requirements Under Part II of the Federal Power Act*, 64 FERC ¶ 61,139, clarified, 65 FERC ¶ 61,081 (1993).

## I. **Discussion**

### A. **Background**

The Amended Agreement supersedes the Small Generator Interconnection Agreement among the NYISO, National Grid, and Sky High that was filed in the Commission's Docket No. ER21-474-000 on November 24, 2020,<sup>5</sup> and was accepted by the Commission on January 19, 2021 (the "Original Agreement").<sup>6</sup> The Original Agreement was based on and is consistent with the Pro Forma SGIA, but included certain non-conforming modifications, which were accepted by the Commission.

Sky High is constructing a 20 MW solar electricity generating facility to be located in Onondaga County, New York (the "Facility"). Details concerning the Facility are located in Attachment 2 of the Amended Agreement. Subsequent to the effective date of the Original Agreement, Sky High proposed updates to the milestone dates set forth in Attachment 4 of the Original Agreement. The NYISO determined the changes were non-material, and Sky High elected to move forward with amending the Original Agreement.

Accordingly, the NYISO, National Grid, and Sky High have revised Attachment 4 of the Original Agreement to reflect the updated milestone dates. In addition, the NYISO, National Grid, and Sky High have made the following revisions to the Original Agreement:

- To reflect that this is an "Amended and Restated" agreement;
- To update Sky High's contact information in Article 13 of the Amended Agreement;
- To correct typographical errors in the description of the location of the Point of Interconnection of the Facility in Attachment 2 and Attachment 3 of the Original Agreement; and

<sup>6</sup> *New York Independent System Operator and Niagara Mohawk Power Corporation d/b/a National Grid*, Letter Order, Docket No. ER21-474-000 (January 19, 2021).

- To clarify that National Grid will perform certain work on Sky High's side of the Point of Change of Ownership in Attachment 2 consistent with the division of responsibilities set forth in the Original Agreement.

**B. The Interconnection Agreement Closely Conforms to the Pro Forma SGIA Contained in Attachment Z of the NYISO OATT**

The Amended Agreement was fully executed on January 19, 2022, by the NYISO, National Grid, and Sky High. The Amended Agreement largely conforms to the language in the Pro Forma SGIA contained in Attachment Z of the NYISO OATT with the exception of the non-conforming variations already accepted by the Commission for the Original Agreement. Therefore, the Joint Filing Parties respectfully request that the Commission accept the Amended Agreement.

**II. Proposed Effective Date and Request for Waiver of the 60-Day Notice Period**

The Joint Filing Parties request an effective date of January 19, 2022 for the Amended Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date. The Commission has previously permitted interconnection agreements to become effective upon the date of execution.<sup>7</sup>
