Re: Joint Filing of an Executed Amended and Restated Small Generator Interconnection Agreement for the Hills Solar Project Among the New York Independent System Operator, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, and SunEast Hills Solar LLC; Request for Waiver of the 60-Day Notice Period; Docket No. ER22-\_\_\_\_-000

Dear Ms. Bose:

Pursuant to Section 205 of the Federal Power Act<sup>1</sup> and Section 35.13 of the Commission's regulations,<sup>2</sup> the New York Independent System Operator, Inc. ("NYISO") and Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid") (together, the "Joint Filing Parties") hereby tender for filing an executed Amended and Restated Small Generator Interconnection Agreement for the Hills Solar Project (NYISO Queue No. 581) entered into by the NYISO, National Grid, as the Connecting Transmission Owner, and SunEast Hills Solar LLC ("SunEast"), as the Interconnection Customer (the "Amended Agreement").<sup>3</sup> The Amended Agreement is labeled as Service Agreement No. 2646 under the NYISO's Open Access Transmission Tariff ("OATT").

The Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing. The Amended Agreement conforms to the NYISO's *pro forma* Small Generator Interconnection Agreement ("Pro Forma SGIA") that is contained in Attachment Z to the OATT, with the limited changes previously accepted by the Commission for the prior versions of this interconnection agreement. Further, as described in Part II of this letter, the Joint Filing Parties respectfully request a waiver of the Commission's prior notice requirements<sup>4</sup> to make the Amended Agreement effective as of May 25, 2022, which is the date of its full execution.

---

<sup>1</sup> 16 U.S.C. § 824d.

<sup>2</sup> 18 C.F.R. § 35.13 (2021).

<sup>3</sup> Capitalized terms that are not otherwise defined in this filing letter shall have the meaning specified in Attachments S, X, or Z of the NYISO OATT, and if not defined therein, in the NYISO OATT and NYISO Market Administration and Control Area Services Tariff.

<sup>4</sup> See *Prior Notice and Filing Requirements Under Part II of the Federal Power Act*, 64 FERC ¶ 61,139, clarified, 65 FERC ¶ 61,081 (1993).

## **I. Discussion**

### **A. Background**

The Amended Agreement supersedes the Small Generator Interconnection Agreement among the NYISO, National Grid, and SunEast that was filed in the Commission's Docket No. ER21-2906-000 on September 20, 2021,<sup>5</sup> and was accepted by the Commission on November 18, 2021 (the "Original Agreement").<sup>6</sup> The Original Agreement was based on and is consistent with the Pro Forma SGIA, but included certain non-conforming modifications, which were accepted by the Commission.

SunEast is constructing a 20 MW solar electricity generating facility to be located in Little Falls, New York ("Facility"). Details concerning the Facility are located in Attachment 2 of the Amended Agreement. Subsequent to the effective date of the Original Agreement, SunEast proposed updates to the milestone dates set forth in Attachment 4 of the Original Agreement, and National Grid and SunEast agreed to change the form of security from the advance payments described in the Original Agreement to a letter of credit. The NYISO determined the changes were non-material, and SunEast elected to move forward with amending the Original Agreement.

Accordingly, the NYISO, National Grid, and SunEast have revised Attachment 4 of the Original Agreement to reflect the updated milestone dates and new security arrangement. In addition, the NYISO, National Grid, and SunEast have revised the Original Agreement:

- to reflect that this is an "Amended and Restated" agreement;
- to update SunEast's contact information in Article 13 of the Amended Agreement.
- to remove non-conforming language in Article 6.1.1 included in the Original Agreement to permit SunEast and National Grid to use advance payments as a form of security, which non-conforming language is no longer needed under the new security arrangement.

### **B. The Interconnection Agreement Closely Conforms to the Pro Forma SGIA Contained in Attachment Z of the NYISO OATT**

The Amended Agreement was fully executed on May 25, 2022, by the NYISO, National Grid, and SunEast. The Amended Agreement largely conforms to the language in the Pro Forma SGIA contained in Attachment Z of the NYISO OATT and does not include non-conforming

variations from the Pro Forma SGIA other than those already accepted by the Commission for the Original Agreement. Therefore, the Joint Filing Parties respectfully request that the Commission accept the Amended Agreement.

## **II. Proposed Effective Date and Request for Waiver of the 60-Day Notice Period**

The Joint Filing Parties request an effective date of May 25, 2022 for the Amended Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date. The Commission has previously permitted interconnection agreements to become effective upon the date of execution.<sup>7</sup>
