**Re: *New York Independent System Operator, Inc.*, Refiling of Base Tariff Section to Correct Ministerial Error and Request for Waiver of Public Notice Requirement;
Docket No. ER12-2414-000**

Dear Ms. Bose:

It has recently come to the New York Independent System Operator's ("NYISO") attention that due to an administrative oversight, the tariff section base document used to create the clean and blacklined version of Section 5.14 of the NYISO's Market Administration and Control Area Services Tariff ("Services Tariff") in the above referenced docket was incorrect.¹ The NYISO is submitting this filing to correct its Services Tariff to accurately reflect the NYISO's submission and the Services Tariff revisions that the Commission accepted in its October 6, 2011 letter Order in Docket No. ER12-2224-010, with an effective date of September 15, 2011.² Specifically, certain values in the table of ICAP Demand Curves in Section 5.14.1.2 inadvertently did not include the digits to the right side of the decimal point.

Therefore, the NYISO is now making this errata filing to resubmit, for recordkeeping purposes only, the corrected clean and blackline versions of the affected section. The NYISO is not proposing any substantive changes to the revisions proposed in Docket No. ER12-2414-000

¹ See Docket No. ER12-2414-000, filed August 6, 2011 (with errata to other sections filed August 7, 2011).

² The Commission has previously permitted filing entities to correct errors in filed tariff sections after the issuance of an order accepting the tariff revisions for filing. *See, e.g., New York Independent System Operator, Inc.*, Letter Order, Docket Nos. ER12-1209-000, ER12-1210-000, ER12-1211-000 (not consolidated) (April 30, 21012) (accepting corrected tariff section base documents for three eTariff filings that used the same incorrect base document); *New York Independent System Operator, Inc.*, Letter Order, Docket No. ER09-1027-001 (Sept. 24, 2009) (accepting revised tariff sheets to reinstate erroneously omitted language several months after the Commission's acceptance of the tariff revisions that contained the erroneous omission); *New York Independent System Operator, Inc.*, Letter Order, Docket Nos. ER04-230-037 and ER04-230-038 (Sept. 5, 2008) (accepting corrected tariff sheets that reinstated erroneously omitted language and corrected the table of contents several months after the Commission's acceptance of the tariff revisions that contained errors).

Ms. Kimberly D. Bose, Secretary

or the proposed effective date thereof. This errata filing simply updates the base Services Tariff document to include the digits in the ICAP Demand Curve values that were inadvertently omitted from the original filing in the docket referenced above.

Attachments I and II to this filing letter contain a corrected clean and blackline version, respectively, of the proposed Services Tariff revisions that were filed on August 6, 2012 in Docket No. ER12-2414-000. These attachments should replace the Services Tariff records on file with the Commission in this pending docket.

The NYISO has posted to its website a corrected version of Services Tariff Section 5.14. In this manner, all Market Participants will have immediate access to the correct and currently effective Services Tariff provisions. The NYISO does request confirmation of the Commission's receipt and formal eTariff acceptance of the Attachments to this filing.

The NYISO will send an electronic copy of this filing to the official representative of each party to this proceeding, the New York Public Service Commission, and the New Jersey Board of Public Utilities. The NYISO will send an electronic link to this filing to the official representative of each of its customers and to each participant on its stakeholder committees. In addition, the complete public version of this filing will be posted on the NYISO's website at www.nyiso.com.

The NYISO respectfully requests that the Commission accept these errata to Section 5.14 of the NYISO's Services Tariff as an administrative correction and not issue a new public notice because the changes submitted with this letter merely conform the posted Services Tariff to language that the Commission has already accepted for filing.

Please do not hesitate to contact the undersigned should you have any questions regarding this letter or the attached Services Tariff revisions.

Respectfully submitted,

/s/ Gloria Kavanah
