**Termination of Energy Conservation and Supply, Inc.
from the ISO-Administered Markets**

Dear Secretary Reese:

The New York Independent System Operator, Inc. (“NYISO”) hereby provides notice to the Commission of the immediate termination of Energy Conservation and Supply, Inc. (“ECS”) from the ISO-Administered Markets in accordance with Section 2.7.5.3 of the NYISO’s Open Access Transmission Tariff (“OATT”) and Section 7.5.3 of the Market Administration and Control Area Services Tariff (“Services Tariff”).

On May 7, 2025, the NYISO requested an updated list of affiliates from ECS pursuant to Section 2.15 of the OATT. After issuing additional requests for affiliate information and attempting to contact ECS, on June 24, 2025, the NYISO provided notice to ECS that its continued non-response to NYISO’s request constituted failure to perform a material covenant, which is a basis for an event of default under Section 7.5.1(xvii) of the Services Tariff.¹ ECS still has not provided a response to NYISO’s request for an updated list of affiliates and is in default under the NYISO’s tariffs.

This action by the NYISO is without prejudice to any of the NYISO’s other rights under applicable law. Moreover, nothing herein shall constitute a modification or amendment of, or election of remedies with respect to, any of the NYISO’s rights or remedies under the OATT, the Services Tariff, or applicable law, all of which the NYISO hereby expressly reserves in their entirety.

¹ Section 7.5.1(xvii) states that an event of default shall occur if a customer fails “to perform any material covenant set forth in the Tariff or a Service Agreement (other than the events that are otherwise specifically covered in this Section as a separate Event of Default), and such failure is not excused by Force Majeure or cured within five (5) business days after written notice thereof to the Defaulting Party.”

Honorable Debbie-Anne A. Reese, Esq.
