**Termination of Electree, LLC
from the ISO-Administered Markets**

Dear Secretary Reese:

The New York Independent System Operator, Inc. (“NYISO”) hereby provides notice to the Commission of the immediate termination of Electree, LLC (“Electree”) from the ISO-Administered Markets in accordance with Section 2.7.5.3 of the NYISO’s Open Access Transmission Tariff (“OATT”) and Section 7.5.3 of the Market Administration and Control Area Services Tariff (“Services Tariff”).

The NYISO, by correspondence dated January 27, 2026, declared Electree in default, as defined in Section 7.5.1 of the Services Tariff and Section 2.7.5.1 of the OATT, for failure to comply with the NYISO’s creditworthiness requirements. Electree remains in default under the NYISO’s tariffs. Electree is a Load Serving Entity that serves distribution customers in New York. The NYISO has contacted the providers of last resort in the area served by Electree, and those providers will provide distribution service to Electree’s former customers.

This action by the NYISO is without prejudice to any of the NYISO’s other rights under applicable law. Moreover, nothing herein shall constitute a modification or amendment of, or election of remedies with respect to, any of the NYISO’s rights or remedies under the OATT, the Services Tariff, or applicable law, all of which the NYISO hereby expressly reserves in their entirety.
