

PURCHASE AND SALE AGREEMENT

By and Between

Niagara Mohawk Power Corporation d/b/a National Grid, as Buyer

And

Luther Forest Technology Campus Economic Development Corporation, as Seller

Dated as of September 9, 2010

PURCHASE AND SALE AGREEMENT

THIS PURCHASE AND SALE AGREEMENT (the "Agreement") is made and entered into as of September 9, 2010 by and between Niagara Mohawk Power Corporation d/b/a National Grid, a New York corporation ("National Grid" or "Buyer") and Luther Forest Technology Campus Economic Development Corporation, a New York State not-for-profit corporation (the "Seller"). Seller and Buyer are each a "Party" and are, collectively, the "Parties" hereto.

WHEREAS, Seller is the owner of the Property (as defined below); and

WHEREAS, Upon the satisfaction of, and subject to, the terms and conditions set forth in this Agreement, Seller has agreed to sell or otherwise transfer the Property to Buyer, and Buyer has agreed to purchase the Property from Seller;

NOW, THEREFORE, in consideration of the foregoing recitals, the mutual covenants set forth in this Agreement, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Seller and Buyer agree as follows:

ARTICLE I **PURCHASE AND SALE**

1.1 Sale of the Property and Acceptable Title

(a) Sale of Property. Subject to and in accordance with the terms and conditions contained in this Agreement, Seller agrees to sell, assign, convey, grant, bargain, release, deliver, confirm and transfer to Buyer all of Seller's right, title, and interest in and to the following real and personal property (collectively referred to herein as the "Property"), and Buyer hereby agrees to purchase and accept the Property:

(i) Land. Subject to all Permitted Exceptions (as defined below), fee title to the real property more particularly described in Exhibit A attached hereto and incorporated herein (the "Land").

(ii) Assets. All fixtures, assets, equipment, systems and improvements, if any, owned by Seller and located on or used in connection with the Land and Easements (as hereinafter defined) as identified on Exhibit B attached hereto and made a part hereof (the "Assets").

(iii) Appurtenances. All rights, privileges, covenants and declarations appurtenant to the Land and the Easements (as hereinafter defined), all development rights and air rights relating to the Land and the Easements, and any and all easements, rights-of-way and other appurtenances used in connection with the beneficial use and enjoyment of the Land, including all of the right, title, and interest, if any, of Seller in and to the land in the bed of any public street, road or avenue, in front of or adjoining the Land, to the center line thereof, and all water, water rights, water stock, minerals, and mineral rights of every kind (including without limitation, oil, gas, and other hydrocarbon substances) on or under the Land owned by Seller and not previously conveyed or reserved of record, all of the foregoing, only to the extent that such rights and privileges can be conveyed.

(iv) Awards. All right, title, and interest to any unpaid awards for damages to the Land and/or Easements and/or Improvements resulting from any casualty, taking in eminent domain or by reason of change of grade of any street accruing after Closing (as defined herein) to the extent not credited in reduction of the Purchase Price or otherwise assigned to Buyer.

(v) Personalty. All personal property, if any, owned by Seller located on the Property (collectively, the "Personalty").

(vi) Easements. Subject to and in accordance with the terms and conditions contained in this Agreement, Seller shall grant, convey and assign to Buyer, its successors and assigns forever, one or more permanent and perpetual easements and rights-of-way (individually and collectively referred to as the "Easement") on, over, under, across, through and along certain portions of land as more particularly described in Exhibit C (collectively, the "Easement Area"), attached hereto and incorporated herein as approved by Buyer. The Easement shall provide Buyer with the right, privilege, and authority to (i) construct, reconstruct, relocate, expand, add, operate, repair, maintain and, at its pleasure, remove overhead, underground, and grade level electric distribution, transmission, and/or substation facilities, and for transmission of intelligence and communications, including but not limited to poles, towers, manholes, conduits, cables, switchgear, and transformers together with the necessary appurtenances and accessories as Buyer may now and from time to time deem necessary; (ii) attach to the electric system installed or to be installed thereon other wires and appurtenant facilities in the locations within the easement area for the purpose of providing electric to Buyer's other consumers; and (iii) access from the street over the balance of the land described in Exhibit C as is necessary for the enjoyment of the Easement.

Subject to and in accordance with the terms and conditions contained in this Agreement, Seller, simultaneously with the conveyance of the Property, shall grant and convey to Buyer, its successors and assigns forever, one or more permanent and perpetual tree trimming easements (individually and collectively referred to as the "Tree Trimming Easement") to cut, trim or remove, as necessary, all trees, limbs, brush, above or below ground structures or other obstructions, either mechanically or by the use of approved herbicides, upon, over, under, through, and across easement areas as more particularly described and shown in the attached survey and legal description in Exhibit C (collectively, the "Tree Trimming Easement Area") and to cut, trim or remove, as necessary, trees outside the bounds of the Tree Trimming Easement Areas which, in the sole opinion of the Buyer, may be likely to fall upon any Assets located on property adjacent to the Tree Trimming Easement Area. The form of the Easement and Tree Trimming Easement as incorporated into the Assignment of Easement Agreements and Grant of Easements (as hereinafter defined), to be executed by all necessary parties, is attached hereto as Exhibit D and incorporated herein.

(b) Acceptable Title. At the Fee Closing (as hereinafter defined), Seller shall convey and Buyer shall accept such title to the Property as is clear and marketable, as well as insurable (without special premium) by any reputable title insurance company licensed to do business in the State of New York (the "Title Company"), subject, nevertheless, only to the following matters (collectively, the "Permitted Exceptions"):

(i) Real estate taxes, assessments, water charges, and sewer rents, not yet due and payable. All taxes and charges shall be brought current as of Closing and are subject to

apportionment. All Taxes (as defined herein) which are due and payable on or before the Closing shall be paid by Seller on or before the date of Closing and any such amounts so paid which relate to any period following the Closing shall be credited to Seller. All real property taxes for the current year's tax bill, not yet due and payable shall be prorated as of the Closing (based upon the current year's tax bill, if available, or the previous year's tax bill if the current year's tax bill is not available) and the amount thereof which relates to any period prior to Closing shall be credited to Buyer. All assessments, special assessments, and any other like charges actually imposed against the Property, or any part thereof, by reason of roadways, utility lines, streets, alleys or other improvements in existence, under construction or planned and which are due and payable as of the date of Closing shall be prorated to such date. Prepaid water, sewer, and other utility charges allocable to the period from and after the date of Closing (if any) shall be credited to Seller, and accrued and unpaid water, sewer, and other utility charges allocable to the period prior to the date of Closing shall be credited to Buyer.

(ii) Any and all covenants, restrictions, agreements, and easements of record affecting the Property (exclusive of liens of a monetary nature), provided same do not interfere with Buyer's use of the Property and which do not render title uninsurable.

(iii) All zoning, building, and environmental laws, ordinances, codes, restrictions and regulations, and any amendments thereto heretofore adopted by any municipal, state, federal or other authority having or claiming jurisdiction over the Property, provided same do not interfere with Buyer's use of the Property.

(iv) Any state of facts which a current accurate survey or personal inspection of the Property would disclose, provided such facts do not render title to the Property unmarketable.

(v) Standard exceptions and exclusions from coverage normally contained in the form of the owner's title insurance policy to be issued by the Title Company.

1.2 Investigation, Due Diligence, Entry, Title, Survey

(a) Inspection. Both parties acknowledge that Seller has previously provided Buyer with reports showing soil testing, and any other methods of investigation which would disclose the presence of any Hazardous Materials (as hereinafter defined) which have been released on the Property or which are present on the Property by migration from an external source, and which existed on the Property prior to the transfer, and shall notify Buyer as soon as reasonably practicable after learning of the presence of Hazardous Materials upon said Property. Seller agrees to indemnify, defend and save Buyer, its agents and employees, officers, directors, parents and affiliates, harmless from and against any loss, damage, liability (civil or criminal), cost, suit, charge (including reasonable attorneys' fees), expense, or cause of action, for the removal or management of any Hazardous Materials which existed on the Property prior to the transfer to Buyer and relating to any damages to any person or property resulting from presence of Hazardous Materials which existed on the Property prior to the transfer to Buyer. Buyer shall have the right to inspect and test the Assets, and, at no cost to Buyer, the right to inspect and/or audit any of Seller's or its affiliates', subsidiaries', contractors' or representatives' records and accounts pertaining to the Property. Prior to the Closing, Seller shall permit representatives of Buyer, at all reasonable hours, to have full access to, and make copies of, all books, records, properties, abstracts of title, surveys, Phase I

and Phase II environmental assessments, and other matters to the extent that they relate to the Property.

(b) Investigation. Seller agrees that Buyer shall have the right to enter upon the Property (i) prior to the date of full execution of this Agreement pursuant to a license agreement (the "License") to be executed by the Parties or (ii) between the date of full execution of this Agreement and the date of Closing for the purpose of performing due diligence with respect to the Property.

(c) Due Diligence. Within ten (10) days after the date of full execution of the License or this Agreement, Seller shall deliver to Buyer, to the extent available in its possession, any documentation pertaining to the Property.

Buyer may, at Buyer's sole cost and expense, perform investigations, reasonably deemed necessary by Buyer in its sole discretion, to ascertain the environmental condition of the Property, including but not limited to a Phase I Environmental Assessment (the "Phase I"); easements; zoning; licenses; permits; approvals; geotechnical site assessment; and status of the title to the Property and the Easements (the "Investigations").

In the event the results of the Phase I indicate, in Buyer's sole discretion, that further investigation, including but not limited to a Phase II Environmental Assessment, soil borings or groundwater sampling (collectively, the "Phase II") of the Property is required, Buyer may, at Buyer's sole cost and expense, perform the Phase II.

Seller, at no cost or expense to Seller, shall reasonably cooperate with Buyer to the extent Seller's cooperation is required, for Buyer to conduct the Investigations and/or Phase II. Buyer's obligation to proceed to Closing is expressly contingent upon, and subject to, Seller's compliance with this provision.

(d) Buyer's Right of Entry; Scope of Investigation. Buyer, its agents, representatives, consultants, contractors, other business associates, potential lenders, investors and tenants (collectively "Buyer's Agents") shall have the right at all reasonable hours and upon notice to Seller to conduct, at Buyer's sole cost, expense and liability, the Investigations and Phase II. Any testing or investigation which displaces, damages or otherwise adversely affects the Property shall be repaired, remedied, and restored by Buyer. Buyer hereby agrees to defend (or at its option assume the costs to defend), indemnify, and hold harmless Seller from and against any and all losses, liabilities, damages, liens, claims, demands, costs and expenses to the extent arising out of the activities of Buyer and/or Buyer's Agents on the Property, except to the extent such losses, liabilities, damages, liens, claims, demands, costs and expenses arise out of the negligence of Seller.

(e) Title. Seller, at Seller's sole cost and expense, shall order an examination of title and shall cause a copy of the title report, and all updates, including surveys of the Property certified to Buyer, to be forwarded to Buyer's attorney concurrently with its receipt of same. At the time of Closing, Seller shall provide a title insurance policy naming Buyer as the insured covering the easement real property interests to be acquired in the Property with the amount of insurance for each Closing being allocated as follows: \$22,000,000 of title insurance for the Stillwater Assets and

Easements closing and \$15,000,000 for the Malta Assets and Easements closing, the combined premium for which shall be paid by Seller. At the time of the Fee Closing, Seller shall provide a title insurance policy naming Buyer as the insured covering the fee real property interests to be acquired in the Property, the premium for which shall be paid by the Buyer. Buyer may provide notice to Seller that Buyer disapproves of one or more matters affecting title to the Property and request that Seller correct such deficiency, provided, however, that the existence of the Permitted Exceptions and the standard exceptions on Buyer's title commitment shall not be considered unsatisfactory title conditions.

If Buyer objects to a title matter, Seller shall, in the exercise of its sole discretion, promptly thereafter, advise Buyer in writing that Seller intends to correct the title objection prior to the Closing. In such event, the Closing shall be adjourned (in no event to exceed ninety (90) days in the aggregate), to enable Seller to cure any title exceptions, defects or objections and to convey the Property to Buyer in accordance with the terms of this Agreement. Seller shall be deemed to have cured any title exceptions, defects or objections provided Seller arranges with the Title Company to (i) insure Buyer against any monetary loss as a result of such exceptions, defects or objections, or (ii) to remove such exceptions, defects or objections as such from the policy of title insurance issued to Buyer. Seller shall be obligated to repay and satisfy in full any mortgage(s) encumbering the Property, subordinate pertinent mortgages to the rights set forth in the Easements and remove any lien or encumbrance of the Property created by the Seller subsequent to the date of full execution of this Agreement. Seller shall indemnify, defend, and hold harmless Buyer, its agents and employees, officers, directors, parent(s) and affiliates, and successors in interest, from all liens and encumbrances against the Property conveyed.

In the event the Title Company is unable or unwilling to insure to Buyer an ALTA standard owner's policy of title insurance (the "Title Policy") in an amount that conforms to Section 5 of the TIRSA Rate Manual, insuring Buyer's title to the Property, subject only to the Permitted Exceptions and the standard printed exceptions to title in such ALTA standard policy and Buyer elects not to proceed with the Closing of this transaction, Buyer's sole remedy shall be to declare this Agreement terminated.

If on the date of Closing there may be any liens or encumbrances which Seller is obligated to pay and discharge, Seller may use any portion of the balance of the Purchase Price to satisfy the same, provided Seller shall simultaneously either deliver to Buyer at the Closing instruments in recordable form and sufficient to satisfy such liens and encumbrances of record together with the cost of recording or filing said instruments or, provided that Seller has made arrangements with the Title Company in advance of Closing, Seller will deposit with the Title Company sufficient monies, acceptable to and required by it to insure obtaining and the recording of such satisfactions and the issuance of title insurance to Buyer either free of any such liens and encumbrances, or with insurance against enforcement of same out of the insured Property. Buyer, if request is made within a reasonable time prior to the date of the Closing, agrees to provide at the Closing separate certified or bank checks as requested, aggregating the amount of the balance of the Purchase Price, to facilitate the satisfaction of any such liens or encumbrances. The existence of any such liens and encumbrances shall not be deemed objections to title if Seller shall comply with the foregoing requirements.

- (f) Survey. Seller shall provide Buyer with an acceptable survey of the Property prior

to closing. Buyer may cause to be prepared a current survey of the Property. The cost of any survey shall be borne by Seller.

1.3 Purchase Price, Costs and Taxes. Buyer shall pay Seller at Closing One Dollar and 00/100 (\$1.00) as the purchase price for the Property (the "Purchase Price"). Seller shall pay all costs for delivering the Property to Buyer, all such amounts being deemed included in the Purchase Price. The Purchase Price shall be paid to Seller by wire transfer in immediately available funds.

Buyer shall be responsible to pay the federal and state income taxes assessed on the difference between the Purchase Price and the fair market value of Property actually transferred at each Closing (the "IT Amounts").

Seller shall indemnify Buyer for any other non-income taxes that may be assessed by any state or local taxing authority against Buyer based on the transfer of the Property by Seller to Buyer, including, but not limited to, use taxes, real estate transfer taxes or other transfer taxes imposed by reason of the transfer of the Assets hereunder.

1.4 Transfer of Title and Delivery. At the Closings (as hereinafter defined), Seller shall convey the Assets to Buyer by delivery of one or more Bills of Sale in the form set forth in Exhibit E attached hereto and made a part hereof (collectively, the "Bill of Sale") and, as applicable, shall convey the Easements to Buyer by delivery of two Assignment of Easement Agreements and Grant of Easements documents in the form set forth in Exhibit D attached hereto and made a part hereof (the "Easement Agreements") or shall convey the Property to Buyer by delivery of a warranty deed with covenants against Grantor's Acts containing the covenant required by Section 13 of the New York Lien Law (the "Deed"), executed and acknowledged by Seller and in proper statutory form for recording, sufficient to convey the Property to Buyer, subject to and in accordance with the provisions of this Agreement. Upon execution and delivery of the Deed, applicable Easement Agreements and/or Bill of Sale, and Seller's receipt of the Purchase Price at each Closing, (i) title to the applicable Assets shall vest in Buyer as contemplated in this Agreement and the applicable Bill of Sale, (ii) title to the Property shall vest in Buyer as contemplated in this Agreement and the Deed, (iii), rights to the applicable Easement Areas shall vest in Buyer as contemplated in this Agreement and the Easement Agreements, and (iv) the Assets shall be delivered in situ.

1.5 Risk of Loss. Risk of loss or damage to the Property shall remain with Seller until the Property is delivered to Buyer at each respective Closing. If any portion of the Property is destroyed or damaged by any cause prior to the applicable Closing, Seller shall promptly give notice to Buyer of such damage or destruction and the amount of insurance, if any, covering such Property. Prior to the Closing, Buyer shall have the option (which shall be exercised by written notice to Seller within ten (10) days after receipt of Seller's notice or, if there is not ten (10) days prior to the Closing Date, as soon as possible but not less than 24 hours prior to the Closing) of (a) accepting the Property in its destroyed or damaged condition, in which event any insurance proceeds payable to Seller with respect to the Property shall be assigned to Buyer, and the full Purchase Price shall be paid for the Property, (b) not accepting the destroyed or damaged Property and adjusting the Purchase Price by the value of the destroyed or damaged Property, or (c) terminating this Agreement without incurring any liability whatsoever.

1.6 Closing Documents. On the date of each Closing, Seller shall deliver, or cause to

be delivered, to Buyer the following fully executed documents and/or items, acknowledged where appropriate (together referred to herein as the "Closing Documents"):

(a) Transfer Taxes, Closing Costs. The requisite real estate transfer tax returns and the applicable real estate transfer taxes and any other transfer tax due and payable and imposed by statute on Seller in connection with the transfer of the Property. Seller shall pay and be solely responsible for all costs associated with the transfer of real property rights to Buyer, including, but not limited to, closing costs, subdivision costs, transfer taxes and recording fees. Seller shall reimburse Buyer for all costs Buyer incurs in connection with transfers of the Property and any associated permits and authorizations and in carrying out Buyer's responsibilities as provided in this Agreement.

(b) Non-Foreign Status Affidavit. An Affidavit of Non-Foreign Status executed by Seller in the form of that annexed hereto as Exhibit F.

(c) Title Documents. Any affidavits and/or consents reasonably required by Buyer's Title Company to omit any exceptions, other than Permitted Exceptions, from Buyer's Title Policy.

(d) Other Documents. All other documents, to the extent existing and in Seller's possession, affecting title to or possession or operation of the Property (including, to the extent available, permits, licenses, certificates, authorizations or approvals, building plans, as-built surveys and reports, any unexpired warranties or guaranties issued or given to Seller by a manufacturer or supplier or contractor in connection with the Property or any part thereof, including HVAC systems and equipment, to the extent assignable) and necessary to transfer or assign the same to Buyer as provided herein.

(e) Punch List. In the event that any documentation or other item described in Article I of this Agreement shall not be delivered to Buyer on or before the respective Closing Date as contemplated by this Agreement (each, an "*Undelivered Item*"), Buyer and Seller may agree, in their respective sole discretion, that the same shall not be deemed an objection to closing and, in such event, Buyer agrees to give and Seller agrees to accept a written statement setting forth the Undelivered Items that need to be delivered, completed or repaired (the "*Punch List*") with no escrow required to be held. Seller shall further provide a written statement setting forth a date acceptable to Buyer by which each of the Punch List items is to be completed. The Punch List and written statement and this paragraph (e) shall survive the Closing. Buyer and Seller agree that the items identified on Exhibit G to this Agreement shall be included on the Punch List and shall be delivered by Seller on or before November 1, 2010.

1.7 Asset Documents. Seller shall deliver to Buyer at Closing all documents relating to the Assets, including original purchase documentation and data, manufacturer's trade prints and test report, manuals, maintenance records, specifications, plans, drawings, warranties and correspondence.

1.8 Regulatory Approvals.

(a) If this Agreement or any transaction contemplated in connection herewith is subject to or requires the approval of any regulatory body or bodies (each, a Regulatory Approval" and,

collectively, the “Regulatory Approvals”), including, without limitation, the Federal Energy Regulatory Commission (“FERC”) and/or the New York Public Service Commission (“NYPSC”), Buyer agrees to make the required filings with each such regulatory body (the “Applications”) following execution and delivery of this Agreement. The Parties agree to use their respective commercially reasonable efforts to obtain all Regulatory Approvals.

(b) The terms and conditions of this Agreement are expressly contingent upon each of the Regulatory Approvals being granted in form and substance satisfactory to each Party in its respective sole discretion, and without material modification of the Agreement terms and without condition, unless such modification(s) or condition(s) are agreed to by both Parties in their respective sole discretion. If an Application is made and is denied, this Agreement shall terminate as of the date that Buyer receives notification of such denial. If any Regulatory Approval is granted containing terms or conditions that either Party rejects, in its sole discretion, as unacceptable, this Agreement shall terminate as of the date that a Party notifies the other Party of such rejection.

(c) In addition to the foregoing, if the NYPSC does not allow the deferred tax asset created by the Buyer’s payment of the IT Amounts to be included in rate base (“*Tax Treatment*”), or if the form, terms, or conditions of any NYPSC authorization for, acceptance of, or action in connection with, the Tax Treatment is or are unacceptable to Buyer (in its sole discretion), then, the Buyer shall have no obligation to consummate any Closing, and may terminate this Agreement effective upon notice to Seller. Buyer’s consummation of any Closing shall not prejudice or restrict Buyer’s ability to exercise its rights under this paragraph with respect to any future Closing.

(d) In the event that this Agreement is terminated pursuant to this Section, the obligations of each Party under this Agreement shall cease as of the effective date of termination and such termination shall be without recourse to the Parties, provided, however, that, if this Agreement is terminated pursuant to paragraph (c) of this Section, the obligations of each Party under this Agreement shall remain in effect to the extent that such obligations relate to Property previously transferred to Buyer at any Closing consummated prior to the effective date of such termination.

1.9 Obtaining Necessary Licenses, Permits and Approvals. Seller shall be responsible for preparing applications for and obtaining all governmental permits, authorizations, licenses, certificates and approvals necessary to construct, relocate, repair and maintain the Assets. Said applications shall be prepared by Seller for submittal by Buyer and/or Seller, where appropriate. Seller and Buyer agree to comply in all material respects with all federal, state and local environmental and other laws, ordinances, rules, regulations, permits, licenses, approvals, certificates and requirements thereunder as may apply to each Party in connection with the activities each performs pursuant to this Agreement.

ARTICLE II **CLOSING AND CONDITIONS PRECEDENT**

2.1 Time and Place of Closing. The consummation and closing of the transactions provided for in this Agreement (each, a “Closing”) shall occur at 1125 Broadway, Albany, New York, or at such other place as the parties shall mutually agree at 2:00 p.m. on the later of (a) a business day within

ten (10) business days after all conditions precedent to the consummation of the transactions contemplated by this Agreement have been fully satisfied or waived or (b) the following dates (each, a "Closing Date"):

- a. For the Stillwater Assets and Easements, September 10, 2010; and
- b. For the Malta Assets and Easements, November 10, 2010; and
- c. For the transfer of fee title to those properties described on Exhibit A hereto, July 1, 2011 (the "Fee Closing").

2.2 Conditions Precedent to the Obligation of Each Party to Close. The obligation of each Party to consummate a Closing shall be subject to the satisfaction at or prior to the Closing of each of the following conditions:

- (a) the representations and warranties made by the other Party in this Agreement shall be true and correct in all material respects at and as of the Closing with the same effect as though such representations and warranties had been made or given at and as of the Closing;
- (b) the other Party shall have performed and complied in all respects with all of its obligations under this Agreement to be performed or complied with by it on or prior to the Closing; and
- (c) the other Party shall have obtained all necessary licenses, permits, consents and other approvals of governmental entities, agencies, or bodies, and all other persons or entities, required for it to consummate the transactions contemplated by this Agreement.

2.3 Conditions Precedent to the Obligation of Buyer to Close. The obligation of the Buyer to consummate the Closing shall be subject to the satisfaction at or prior to the Closing of the following additional conditions:

- (a) Seller shall have delivered to Buyer such fully executed Deed, Easement Agreements and/or Bill of Sale and other documents and instruments of assignment, transfer, and conveyance as, in the opinion of Buyer's counsel, are sufficient in form and substance to transfer all of the Property and all Warranties (as defined in Section 3.1(f) of this Agreement) to Buyer in accordance with the provisions of this Agreement and free and clear of all encumbrances;
- (b) the Property shall not have been, and shall not be threatened to be, damaged in any way, including, but not limited to, as a result of fire, explosion, disaster, accident, flood, vandalism, violence, terrorism or other casualty, ordinary wear and tear excepted;
- (c) Seller shall have delivered resolutions of the Board of Directors of Seller authorizing the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby, together with a certificate of its Secretary, certifying the adoption of those resolutions and the incumbency of the respective officers executing documents being delivered at or in connection with the Closing;

- (d) Seller shall have delivered access to and possession of all of the Property; and
- (e) at least seven days prior to the Closing, Seller shall have delivered to Buyer UCC searches with respect to the Property, all of which shall be obtained at Seller's expense.

ARTICLE III
REPRESENTATIONS AND WARRANTIES

3.1 Representations and Warranties of Seller. Seller hereby represents and warrants to Buyer that the following statements are true, correct and complete as of the execution date of this Agreement and as of the date of the Closing:

- (a) Seller is a corporation validly existing and in good standing under the laws of the state in which it is organized and is in good standing and is duly qualified to conduct business in all of the jurisdictions in which it operates;
- (b) Seller has all requisite power and authority to enter into this Agreement, execute and deliver the Deed, the Easement Agreements and Bill of Sale, undertake its obligations hereunder and consummate the transactions contemplated hereby; this Agreement constitutes, and, as of the Closing, the Deed, the Easement Agreements and Bill of Sale will constitute, the valid and legally binding obligations of Seller, and are or will be enforceable in accordance with their respective terms, except as the enforceability thereof may be limited by applicable bankruptcy, insolvency, reorganization or other similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is sought in a proceeding in equity or law);
- (c) neither the execution and delivery of this Agreement, the Deed, the Easement Agreements or the Bill of Sale by the Seller, nor the consummation by the Seller of the transactions contemplated hereby, will constitute a violation of, or be in conflict with, or constitute or create a default under, or result in the creation or imposition of any lien, security interest, or other encumbrance upon any of the Assets, pursuant to: the Certificate of Incorporation, bylaws, operating agreement or similar organizational documents of the Seller, each as amended to date, any agreement or commitment to which the Seller is a party or by which the Seller or any of its properties (including, without limitation, the Assets) is bound or to which the Seller or any of such properties is subject, or any statute or any judgment, decree, order, regulation or rule of any court or governmental authority; no third party has any right of first refusal or any non-competition agreement with Seller which could in any way affect the transactions or other agreements contemplated by this Agreement;
- (d) Seller is the sole lawful owner of the Property and does not own the Property through any other firm, corporation, or other entity or pursuant to any partnership, joint venture, or other agreement or arrangement, has good and clear record and marketable title to the Assets, and, at Closing, shall transfer to Buyer title to all of the Property, free and clear of

any leases, mortgages, pledges, liens, security interests, conditional sales agreements, consignments, and other charges and encumbrances of any kind or character;

(e) Seller holds all necessary approvals, authorizations, permits, licenses, consents, and other permissions, whether corporate, regulatory, or otherwise required to perform its obligations under this Agreement;

(f) the conveyance of the Property to Buyer will not render any of the Warranties (as defined hereafter) void or voidable; Buyer shall have the benefit of all of Seller's rights in and to the Warranties upon transfer of the Property to Buyer; and Seller has provided true, accurate, and complete originals or copies of the Warranties to Buyer on or before the date hereof;

For purposes of this Agreement, "Warranties" shall mean any and all of the unexpired warranties, guaranties, agreements, contract rights, or other benefits which Seller may have received from contractors, manufacturers or suppliers relating or pertaining to the Property;

(g) there are no claims, actions, lawsuits, investigations, or other proceedings pending or threatened against or relating to Seller or the Property, which in any way affect or could affect the Property or the ability of Buyer to operate the Property, whether or not covered by insurance, and there is no unsatisfied judgment, order, notice, writ, injunction, decree, assessment, or other command of any court or any federal, state, local, foreign, or other governmental department, commission, board, bureau, agency, or instrumentality which has been entered against or served upon Seller or the Property which could affect the Property; Seller is not in default under any promissory note, loan agreement, capitalized lease, or other instrument or agreement evidencing or securing borrowed money or credit received, relating to the Property;

(h) Seller has not received any written notification that it is in violation of any applicable laws affecting the Property and all notes or notices of violations of law or governmental ordinances, orders or requirements which were noted or issued prior to the date of Closing, and all fines associated therewith by any governmental department, agency or bureau having jurisdiction as to conditions affecting the Property and all liens which have attached to the Property prior to the date of Closing, if applicable, shall be removed or complied with by Seller;

(i) there has not been a Release (as hereinafter defined) or Threat of Release (as hereinafter defined) of any Hazardous Materials (as hereinafter defined) in connection with the Property, except as has been previously disclosed to Buyer with respect to the former Malta Rocket Fuel Area;

Seller has not received any notice that it is the subject of any investigation or proceeding pertaining to the presence of or the release or threatened release of any hazardous substance, hazardous waste, petroleum or petroleum product, or the compliance or noncompliance with any Environmental Laws, relating to, or in connection with, the Property;

Seller is in compliance with all Environmental Laws relating to the ownership and operation of the Property and Seller has obtained all permits, authorizations, and licenses and caused all notifications to be made as required by all Environmental Laws in connection with the Assets;

For purposes of this Agreement, the following words and phrases shall have the following meanings:

"Environment" shall mean soil, surface waters, groundwaters, land, stream sediments, surface or subsurface strata and ambient air;

"Environmental Law" shall mean any environmental or health and safety-related law, regulation, rule, ordinance or by-law at the federal, state or local level, whether existing as of the date hereof, previously enforced or subsequently enacted, or any judicial or administrative interpretation thereof;

"Hazardous Materials" shall mean any pollutant, contaminant, toxic substance, hazardous material, hazardous waste or hazardous substance, or any oil, petroleum or petroleum product, as defined in or pursuant to the Federal Clean Water Act, as amended, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. Section 9601, et seq., the Resource Conservation and Recovery Act, as amended, 42 U.S.C. Section 6901, et seq., or any other Environmental Law;

"Release" shall mean any releasing, spilling, leaking, contaminating, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing or dumping of any Hazardous Materials into the Environment;

"Threat of Release" shall mean a substantial likelihood of a Release that requires action to prevent or mitigate damage to the Environment that may result from such Release;

(j) Seller has filed all Tax Returns that it was required to file and all such Tax Returns (as defined below) were correct and complete in all material respects; Seller has paid all Taxes with respect to the Property that were due on or before the date of this Agreement; all Taxes that Seller is or was required by law to withhold or collect with respect to the Property have been duly withheld or collected and, to the extent required, have been paid to the proper governmental entity; There are no encumbrances for Taxes upon the Property except for the statutory encumbrances for current taxes not yet due; There are no actions, suits, proceedings, investigations, or claims pending in connection with the Property in respect of any unpaid Taxes;

For purposes of this Agreement, "Taxes" means all taxes, charges, fees, levies, or other similar assessments or liabilities with respect to the Property, including without limitation, gross receipts, ad valorem, premium, value-added, excise, severance, stamp, occupation, windfall profits, customs, duties, real property,

personal property, sales, use, transfer, withholding, employment, unemployment insurance, social security, Medicare, business license, business organization, environmental, payroll, and franchise taxes imposed by the United States of America or any state, local or foreign government or agency thereof, or other political subdivision of the United States or any such government, and any interest, fines, penalties, assessments or additions to tax resulting from, attributable to or incurred in connection with any tax or any contest or dispute thereof;

For purposes of this Agreement, "Tax Returns" is defined to mean all reports, returns, declarations, statements, or other information in connection with the Assets required to be supplied to a taxing authority in connection with Taxes;

(k) Seller is not under audit, examination, or discussion with any governmental entity relating to Taxes in connection with the Property nor has Seller been notified of any threatened or contemplated audit, examination, or discussion; Seller has not waived any statute of limitations with respect to Taxes or agreed to an extension of time with respect to a tax assessment or deficiency; all Tax deficiencies which have been claimed, proposed, or asserted against Seller have been fully paid or finally settled, and no issue has been raised in any examination which, by application of similar principles, could be expected to result in the proposal or assertion of a Tax deficiency for any other year not so examined;

(l) no broker, finder, or other person is entitled to any broker's, finder's or similar fees, commissions, or expenses in connection with the transactions contemplated by this Agreement [by reason of any action taken by Seller or its affiliates or representatives];

(m) Seller is now in compliance in all material respects with all statutes, laws, ordinances, rules, regulations, orders, and directives of any and all governments, governmental bodies and agencies, and public authorities whatsoever and in compliance with applicable insurance underwriting standards pertaining or relating to the Assets or the operation thereof;

(n) the Assets have been and are being constructed and maintained in compliance with Good Utility Practice (as defined below), the National Electrical Safety Code, and all applicable Federal, state, and local laws, rules, ordinances, and regulations, and are at this time in good and operable condition and useable for their intended purposes;

"Good Utility Practice" means any of the practices, methods and acts engaged in or approved by a significant portion of the electric utility industry during the relevant time period, or any of the practices, methods and acts which, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with good business practices, reliability, safety and expedition. Good Utility Practice is not intended to be limited to the optimum practice, method, or act to the exclusion of all others, but rather to be acceptable practices, methods, or acts generally accepted in the region;

(o) Seller possesses all licenses, permits, franchises, and other authorizations, approvals, and consents necessary for the ownership of the Assets (altogether "Licenses"), all of Seller's Licenses for the ownership of the Assets are transferable to Buyer, all of the Licenses are valid, binding, and in full force and effect, and Seller has complied with all requirements of the Licenses and no party is in default thereunder and no default thereunder is threatened;

(p) this Agreement and all other documents, certificates, and instruments delivered to Buyer by Seller in connection with the transactions contemplated by this Agreement are, and will be, true and correct in all material respects and there is no fact known to Seller which is not set forth in this Agreement and which materially and adversely affects, or which could materially and adversely affect, the sale or condition of the Property, Buyer's ability to operate the Property following the Closing, or the receipt by Buyer of good title to the Property as contemplated by this Agreement; and

(q) no representation or warranty made by Seller in this Agreement or in any attachment, certificate, or other document or writing delivered to, or to be delivered to, Buyer pursuant to this Agreement, or in connection with the transactions contemplated hereby, contains or will contain any untrue statement of material fact or omits or will omit to state any material fact necessary in order to make the representation or warranty not misleading.

3.2 Representations and Warranties of Buyer. Buyer hereby represents and warrants to Seller that the following statements are true, correct and complete as of the execution date of this Agreement and as of the date of the Closing:

(a) Buyer is a corporation validly existing and in good standing under the laws of the state in which it is organized and is in good standing, and is duly qualified to conduct business, in all of the jurisdictions in which it operates;

(b) Buyer has all requisite power and authority to enter into this Agreement, execute and deliver the Bill of Sale, undertake its obligations hereunder and consummate the transactions contemplated hereby; this Agreement constitutes, and, as of the Closing, the Deed, the Easement Agreements and Bill of Sale will constitute, the valid and legally binding obligations of Buyer, are or will be enforceable in accordance with their respective terms, except as the enforceability thereof may be limited by applicable bankruptcy, insolvency, reorganization or other similar laws affecting creditors' rights generally and by general equitable principles (regardless of whether enforceability is sought in a proceeding in equity or law);

(c) neither the execution and delivery of this Agreement by the Buyer, nor the consummation by the Buyer of the transactions contemplated hereby, will constitute a violation of, or be in conflict with, or constitute or create a default under: the Certificate of Incorporation, bylaws, operating agreement or similar organizational documents of the Buyer, each as amended to date; any agreement or commitment to which the Buyer is a party or by which the Buyer or any of its properties is bound or to which the Buyer or any

of such properties is subject; or any statute or any judgment, decree, order, regulation or rule of any court or governmental authority;

(d) Buyer holds all necessary approvals, authorizations, permits, licenses, consents, and other permissions, whether corporate, regulatory, or otherwise required to enter into this Agreement;

(e) upon receipt of all Regulatory Approvals contemplated by Section 1.8 of Article I of this Agreement, Buyer will hold all necessary approvals, authorizations, permits, licenses, consents, and other permissions, whether corporate, regulatory, or otherwise (including any and all required approvals from the FERC and the NYPSC), required to perform its obligation under the terms of this Agreement; and

(f) no representation or warranty of Buyer made in this Agreement or in any attachment, certificate, or other document or writing delivered to, or to be delivered to, Seller pursuant to this Agreement or in connection with the transactions contemplated hereby contains or will contain any untrue statement of material fact or omits or will omit to state any material fact necessary in order to make the representation or warranty not misleading.

3.3 Required Notices. Each Party shall give prompt notice to the other of the occurrence, or failure to occur, of any event which would be likely to cause (a) any representation or warranty of that Party contained in this Agreement to be or become untrue or incorrect in any respect at any time from the date hereof to the Closing or (b) that Party to become unable to comply with those covenants or satisfy those conditions required to be complied with or satisfied at or before the Closing.

3.4 Timing and Survival. The respective representations and warranties made by Seller and Buyer in this Agreement shall be deemed remade as of the Closing with the same force and effect as if in fact made at that time. All representations and warranties made in this Agreement shall survive and shall not merge at Closing. Anything in this Agreement to the contrary notwithstanding, the effect of the representations and warranties made in this Agreement by Seller shall not be diminished or deemed to be waived by any inspections, tests or investigations with respect to the Property made by Buyer or its agents, contractors or employees. The provisions of this Section shall apply notwithstanding any other provisions of this Agreement, and shall survive termination, cancellation, or completion of this Agreement and Closing.

ARTICLE IV

LIABILITY AND INDEMNIFICATION

4.1 No Assumption of Liability. The Buyer shall not assume, and shall not be deemed to have assumed or otherwise become liable for, any liability, debt, claim, or obligation of the Seller whatsoever, whether in connection with the Property or otherwise, known or unknown, accrued or contingent, other than as expressly set forth in this Agreement.

4.2 Indemnity. To the fullest extent permitted by applicable law, Seller agrees, on behalf of itself and any other person or entity acting on behalf of Seller, to defend with counsel satisfactory

to Buyer and to pay, protect, indemnify, release and save harmless Buyer and its direct and indirect parents and affiliates and their successors and assigns and any of the officers, directors, employees, agents, contractors, and shareholders of any of them ("Indemnified Parties"), from and against any and all liabilities, damages, losses, costs, expenses (including any and all attorneys' fees and disbursements), causes of action, suits, claims, damages, penalties, obligations, demands or judgments of any nature, including death, personal injury and property damage, claims brought by third parties for personal injury and property damage, or environmental damage or harm (including for investigation, response, removal, clean-up, and/or remediation for any Release of Hazardous Materials), (i) in connection with the Property and the Easements to the extent arising, directly or indirectly, from events occurring prior to the Closing, (ii) to the extent arising from any breach or nonperformance under this Agreement, the Easement Agreements or the Bill of Sale by Seller, including any breach of Seller representations or warranties, or (iii) arising out of the failure of any of the rights in and to the Property or Warranties to vest in Buyer upon the transfer of the Property to Buyer as contemplated hereunder.

Notwithstanding the foregoing, Seller shall not be liable to the Indemnified Parties for punitive damages or for damages due to lost profits (whether such damages are classified as consequential, indirect, special, incidental, or multiple damages) in connection with or related to this Agreement, whether or not Seller was, or should have been, aware that such damages might be incurred.

4.3 Defense and Costs. Seller shall take prompt action to defend and indemnify the Indemnified Parties against claims, actual or threatened, but in no event later than notice by Buyer to Seller of the service of a notice, summons, complaint, petition or other service of process alleging damage, injury, liability, or expenses that may be subject to indemnification hereunder. Seller shall defend any such claim or threatened claim, including, as applicable, engagement of legal counsel satisfactory to Buyer, to respond to, defend, settle, or compromise any claim or threatened claim. In the event that Seller (i) fails to promptly undertake such defense, (ii) fails to pay said defense costs and damages, (iii) uses counsel not reasonably acceptable to the Indemnified Parties or (iv), does not allow the Indemnified Parties to be part of the settlement or compromise discussions, then the Indemnified Party(ies) shall have the right, but not the obligation, to undertake such defense and settlement discussions. In the event an Indemnified Party undertakes its own defense or pays any associated damages, whether by settlement or pursuant to judicial order, judgment or decree, then Seller shall not raise or plead as a defense to a claim by the Indemnified Party for reimbursement for all or any part of the expense so incurred that in doing so the Indemnified Party acted as volunteer or waived its right to defense, indemnification, or insurance coverage reimbursement in accordance with this Agreement. Seller understands and agrees that it shall be responsible for any and all reasonable costs and expenses incurred by Indemnified Parties to enforce this indemnification provision. Such costs incurred by the Indemnified Parties can include attorney's fees and expenses for litigation, accounting, consulting or engineering fees and related expenses, judgments, liens and encumbrances arising from such lawsuits, actions or claims whenever made or incurred. Furthermore, Seller shall, at its sole cost and expense, testify, as required by the Indemnified Parties, at any judicial or administrative proceeding, or deposition, and shall be responsible to reimburse the Indemnified Parties for any damages the Indemnified Parties pays as a result of Seller's failure to comply with its indemnification obligations under this Article.

4.4 Survival. The provisions of this Article shall survive completion of this Agreement and Closing.

ARTICLE V
GENERAL PROVISIONS

5.1 Assignment. This Agreement may not be assigned without the express written consent of both Parties hereto. The foregoing notwithstanding, either Party may assign this Agreement to an affiliate without the other Party's consent, provided, however, that no such assignment shall serve to release the assignor, pledgor or transferor of any of its obligations under this Agreement without the written consent of the non-assigning Party. For purposes of this Agreement, the term "affiliate" shall mean any entity controlling, controlled by, or under common control with the Party; "control" of an entity shall mean the ownership of, with right to vote, fifty percent (50%) or more of the outstanding voting securities, equity, membership interests, or equivalent of such entity.

5.2 Notices. Any notice required or permitted to be given hereunder shall be addressed to the Parties as follows:

If to Buyer:

Niagara Mohawk Power Corporation
300 Erie Boulevard West
Syracuse, New York 13202
Attention: Director, Transmission Commercial Services
Phone: 781-907-2422
Email: bill.malee@us.ngrid.com

If to Seller:

Luther Forest Technology Campus Economic Development Corporation
28 Clinton Street, Saratoga Springs, New York 12866
Attention:President

Any notices, requests, or other correspondence and communication given under this Agreement shall be in writing and must be sent (i) by hand delivery, (ii) by registered or certified mail, return receipt requested, (iii) by a reputable national overnight courier service, postage prepaid, or (iv) facsimile transmission, addressed to the Party at its addresses or telephone facsimile number set forth above. For purposes of this Agreement, notices sent by hand delivery, overnight courier or facsimile (if followed by the original as required by this Section) shall be deemed given upon receipt and notices sent by mail shall be deemed given three (3) business days following the date of mailing. Each Party may give notice, as herein provided, specifying a different person, address or facsimile number than that which is listed above.

5.3 Amendments. This Agreement shall not be amended, superseded or modified, in whole or in part, except in a writing signed by both Parties.

5.4 Approvals; Entire Agreement; Effectiveness. This Agreement shall be subject to approval of any federal or state regulatory body whose approval is a legal prerequisite to its execution and delivery or performance. This Agreement, the Deed, the Easement Agreements and the Bill of Sale shall be deemed to constitute the entire agreement among the Parties relating to the subject matter hereof and shall supersede all previous agreements, negotiations, courses of dealings, oral or written offers, understandings, discussions, communications and correspondence with respect thereto.

5.5 Counterparts. This Agreement and the Bill of Sale may be executed in multiple counterparts, each of which shall be deemed an original when signed, and such counterparts shall constitute one and the same instrument and shall be binding and inure to the benefit of the Parties' successors and assigns.

5.6 Applicable Law; Severability; Survival. This Agreement shall be governed by the laws of the State of New York, without regard to the conflict of laws principles contained therein. To the extent that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, it shall be modified so as to give as much effect to the original intent of such provision as is consistent with applicable law and without affecting the validity, legality or enforceability of the remaining provisions of the Agreement. The covenants and agreements of the Parties contained in, or given pursuant to, this Agreement, shall survive the Closing until they have been fully satisfied or otherwise discharged.

5.7 Further Assurances. Before, at, and after the Closing, each of the Parties hereto agrees to take such further action and to execute and deliver such further documents and agreements as may be reasonably requested by the other in order to fulfill the intents and purposes of this Agreement.

5.8 No Third Party Beneficiaries. This Agreement is for the use and benefit of Seller and Buyer only, and not for the use and benefit of the public generally or any other person, party, or entity. Any use of, or reliance upon, this Agreement, or any performance or non-performance hereunder, by any third party shall be at the sole risk of such person.

5.9 Construction. Unless otherwise specified, references in this Agreement to Sections or Articles are to sections and articles of this Agreement. Any reference in this Agreement to any statute or any section thereof will be deemed, unless otherwise expressly stated, to be a reference to such statute or section as amended, restated or re-enacted from time to time. The division of this Agreement into Articles and Sections is for convenience only, and shall not affect the interpretation of this Agreement. Unless the context requires otherwise, words importing the singular include the plural and vice versa and words importing gender include all genders. Where the word "including" or "includes" is used in this Agreement it means "including (or includes) without limitation. The Section headings of this Agreement are for convenience of reference only, do not constitute part of this Agreement, and shall not be deemed to limit or otherwise affect any of the provisions hereof.

EXHIBIT D

**FORM OF EASEMENT AGREEMENTS
AND TREE TRIMMING EASEMENT AGREEMENTS**

**ASSIGNMENT OF EASEMENT AGREEMENTS
AND GRANT OF EASEMENTS**

This Assignment of Easement Agreements and Grant of Easements made and entered into as of the 10th day of September, 2010 by and between:

LUTHER FOREST TECHNOLOGY CAMPUS ECONOMIC DEVELOPMENT CORPORATION, a corporation duly formed and validly existing in accordance with the Not-For-Profit Corporation Law of the State of New York, having its principal executive office located at 28 Clinton Street, Saratoga Springs, New York 12866 (“LFTCEDC”); and

NIAGARA MOHAWK POWER CORPORATION d/b/a NATIONAL GRID, a corporation duly organized and validly existing under the laws of the State of New York, having its principal executive office located at 300 Erie Boulevard West, Syracuse, New York 13202-4289 (“National Grid”).

Recitals:

LFTCEDC is the developer of the Luther Forest Technology Campus in the Towns of Malta and Stillwater, New York (the “Technology Campus”). Further to its development of the Technology Campus, LFTCEDC has acquired a right of way for an electric transmission line (the “ETL”) running westerly from the New York State Gas & Electric Corporation Mulberry Substation located on Brickyard Road in Stillwater to the Luther Forest Substation located within the grounds of the Technology Campus, west of Cold Spring Road in Stillwater within which LFTCEDC has constructed electric transmission facilities defined below.

The ETL is comprised of fourteen (14) separate parcels some of which were acquired by LFTCEDC in fee (the “Fee Parcels”) and some of which were acquired by easement (the “Easement Parcels”). Title to the Fee Parcels and the Easement Parcels is vested in the manner as set forth in the Vesting Schedule attached hereto as Exhibit “A”.

LFTCEDC desires by this Agreement to place National Grid in ownership and control of the ETL and all of the electric transmission facilities therein constructed by LFTCEDC: (a) by granting to National Grid all of its right, title and interest in and to the Easement Parcels, to be accomplished by an assignment of the easement agreements itemized in the Vesting Schedule (collectively, the “Easement Agreements”); and (b) by granting to National Grid easements over the Fee Parcels in the manner hereinafter appearing.

NOW, THEREFORE, in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, the parties covenant and agree as follows:

1. Assignment and Assumption of Easement Agreements:
 - A. LFTCEDC hereby assigns, releases and quitclaims to National Grid all of its right, title and interest in and to the Easement Agreements to National Grid, without recourse.
 - B. National Grid hereby accepts the assignment of the Easement Agreements made hereby and agrees to perform and fulfill all of the terms, covenants, conditions and obligations required to be performed or fulfilled by LFTCEDC under the Easement Agreements.
 - C. National Grid hereby agrees to indemnify, protect, defend and hold LFTCEDC harmless from and against any and all liabilities, losses, costs, damages and expenses (including reasonable attorneys' fees) directly or indirectly arising out of or related to any breach or default in National Grid's obligations hereunder or under the Easement Agreements.
 - D. The assignment made hereby is not intended to confer upon National Grid any greater rights or privileges than LFTCEDC received from the grantors under the Easement Agreements.
2. Grant of Easements over Fee Parcels:
 - A. LFTCEDC hereby grants and releases to National Grid, its successors and assigns forever, the following easements (collectively, the "Easements"):
 1. Electric Transmission Line Easement: A permanent easement (a) to develop, construct, operate, maintain and replace electric power utility facilities; and (b) to construct, reconstruct, operate, add to, repair, relocate, maintain, inspect, patrol and remove a line or lines of buried or above ground wires and cables and a line or lines of poles or towers or both, with wires and cables strung upon and from the same, and all associated structures, crossarms, transformers, counterpoise wires or cables, guys, stubs, anchors, brace poles, ducts, conduits, foundations, riser poles, antennae, braces, fittings, equipment and appurtenances, as National Grid may now or shall from time to time deem necessary, for the transmission and distribution of high and low voltage electric energy and for the transmission of intelligence and communications, any of which may be erected and/or constructed at the same or different times, (all of which are collectively referred to as the "Facilities") upon, over, across, and through Parcels 3-S, 7-S, 8-S, 9-S, 12-S and 13-S, inclusive, the land area described on the property description attached hereto as Exhibit "B" entitled "Electric Transmission Line Easement Area" (the "ETL Easement Areas");
 2. Tree Trimming and Clearing Easement: A perpetual right and easement to trim all trees, limbs, brush, above or below ground structures or other obstructions, either mechanically or by the use of approved herbicides, upon,

over, across, and through Parcels 3-S, 7-S, 8-S, 9-S and 12-S, inclusive, within the land area described on the property description attached hereto as Exhibit "B" entitled "Tree Trimming and Clearing Easement Area" (the "Clearing Easement Areas") which, in the sole opinion of National Grid, may be likely to fall upon the Facilities or to interfere with the satisfactory operation thereof; and

3. Access Easement: A permanent, non-exclusive easement for vehicular and pedestrian ingress and egress to access the respective ETL and Facilities for the foregoing purposes upon, over, across and through Parcel 8-S within the land area described on the property description attached hereto as Exhibit "B" entitled "Access Easement Area" (the "Access Easement Area") (the ETL Easement Areas, the Clearing Easement Areas, and the Access Easement Area are referred to collectively as the "Easement Areas").
- B. Each of the Easements granted in Section 2.A. above shall be and is hereby granted pursuant to the following provisions:
1. National Grid shall have the perpetual right: (a) to renew, replace, add to and otherwise change the Facilities and each and every part thereof and all appurtenances thereto and the location thereof within ETL Easement Areas; and (b) to excavate and/or change the grade of the ETL Easement Areas as is reasonable, necessary and proper in connection with the exercise of the foregoing rights granted.
 2. LFTCEDC covenants and agrees with National Grid that no act shall be permitted within the Easement Areas that is inconsistent with the Easements hereby granted, no buildings or structures, or replacements thereof or additions thereto, swimming pools, or obstructions shall be erected or constructed above or below grade within the Easement Areas, no trees shall be planted, and no excavating, mining, or blasting shall be undertaken within the Easement Areas without the prior written consent of National Grid, the Easements shall not be modified nor the Easement Areas relocated by LFTCEDC without National Grid's prior written consent, which consent National Grid may withhold in its sole and absolute discretion and the present grade or ground level of the Easement Areas shall not be changed by LFTCEDC by excavation or filling.
 3. LFTCEDC covenants and agrees as follows: that it is seized of the Easement Areas in fee simple and has good right to grant and convey the above-described rights, privileges and Easements; that the Easement Areas are free from encumbrances; that National Grid shall quietly enjoy the Easement Areas; that LFTCEDC will execute or procure any further necessary assurance of title to the Easement Areas and that Assignor will forever warrant title to the Easement Areas.

4. National Grid accepts the Grant of Easements subject to the state of facts an accurate, current survey and/ or inspection of the premises would reveal and subject to all easements, covenants, conditions and restrictions of record to the extent the same are currently in force and effect.
 5. The Facilities located now or in the future within the Easement Areas at all times subsequent to the date of this Agreement shall be and shall remain the property of the National Grid and shall be maintained and serviced exclusively by National Grid.
 6. National Grid covenants and agrees that, in the event the surface of any of the Easement Areas is disturbed at any time and from time to time by National Grid or any party acting on behalf of National Grid, then National Grid, at its sole cost and expense, within a reasonable time, shall repair and restore the surface as reasonably required by LFTCEDC.
 7. As to their respective obligations hereunder, the parties agree to comply with all applicable codes, rules, regulations and laws.
3. Miscellaneous:
- A. National Grid are hereby expressly given and granted the right to assign the Easements, or any part thereof, or interest therein, and the same shall be divisible between or among two or more owners, as to any right or rights created hereunder, so that each assignee or owner shall have the full right, privilege, and authority herein granted, to be owned and enjoyed either in common or severally.
 - B. The Grant of Easements made in Section 2 hereof shall at all times be deemed to be and shall be a continuing covenant running with the Fee Parcels and shall inure to and be binding upon the successors, heirs, legal representatives, and assigns of the parties named in this document.
 - C. LFTCEDC makes no warranty or representation of any kind whatsoever in connection with the Easements Agreements assigned by Section 1 or in connection with the Facilities that have been constructed by LFTCEDC within the ETL, except as are expressly set forth herein.
 - D. The assignment and grant made herein does not constitute all or substantially all of the assets of the LFTCEDC and has been duly authorized by LFTCEDC in accordance with is organizational documents.

IN WITNESS WHEREOF, the parties have executed this Assignment of Easement Agreements and Grant of Easement as of the date and year first above written.

**ASSIGNMENT OF EASEMENT AGREEMENTS
AND GRANT OF EASEMENTS**

This Assignment of Easement Agreements and Grant of Easements made and entered into as of the ___ day of November, 2010 by and between:

LUTHER FOREST TECHNOLOGY CAMPUS ECONOMIC DEVELOPMENT CORPORATION, a corporation duly formed and validly existing in accordance with the Not-For-Profit Corporation Law of the State of New York, having its principal executive office located at 28 Clinton Street, Saratoga Springs, New York 12866 (“LFTCEDC”); and

NIAGARA MOHAWK POWER CORPORATION d/b/a NATIONAL GRID, a corporation duly organized and validly existing under the laws of the State of New York, having its principal executive office located at 300 Erie Boulevard West, Syracuse, New York 13202-4289 (“National Grid”).

Recitals:

LFTCEDC is the developer of the Luther Forest Technology Campus in the Towns of Malta and Stillwater, New York (the “Technology Campus”). Further to its development of the Technology Campus, LFTCEDC has acquired a right of way for an electric transmission line (the “ETL”) running westerly from the New York State Gas & Electric Corporation Mulberry Substation located on Brickyard Road in Stillwater to the Luther Forest Substation located within the grounds of the Technology Campus, west of Cold Spring Road in Stillwater within which LFTCEDC has constructed electric transmission facilities defined below.

The ETL is comprised of five (5) separate parcels some of which were acquired by LFTCEDC in fee (the “Fee Parcels”) and some of which were acquired by easement (the “Easement Parcels”). Title to the Fee Parcels and the Easement Parcels is vested in the manner as set forth in the Vesting Schedule attached hereto as Exhibit “A”.

LFTCEDC desires by this Agreement to place National Grid in ownership and control of the ETL and all of the electric transmission facilities therein constructed by LFTCEDC: (a) by granting to National Grid all of its right, title and interest in and to the Easement Parcels, to be accomplished by an assignment of the easement agreements itemized in the Vesting Schedule (collectively, the “Easement Agreements”); and (b) by granting to National Grid easements over the Fee Parcels in the manner hereinafter appearing.

NOW, THEREFORE, in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, the parties covenant and agree as follows:

1. Assignment and Assumption of Easement Agreements:
 - A. LFTCEDC hereby assigns, releases and quitclaims to National Grid all of its right, title and interest in and to the Easement Agreements to National Grid, without recourse.
 - B. National Grid hereby accepts the assignment of the Easement Agreements made hereby and agrees to perform and fulfill all of the terms, covenants, conditions and obligations required to be performed or fulfilled by LFTCEDC under the Easement Agreements.
 - C. National Grid hereby agrees to indemnify, protect, defend and hold LFTCEDC harmless from and against any and all liabilities, losses, costs, damages and expenses (including reasonable attorneys' fees) directly or indirectly arising out of or related to any breach or default in National Grid's obligations hereunder or under the Easement Agreements.
 - D. The assignment made hereby is not intended to confer upon National Grid any greater rights or privileges than LFTCEDC received from the grantors under the Easement Agreements.
2. Grant of Easements over Fee Parcels:
 - A. LFTCEDC hereby grants and releases to National Grid, its successors and assigns forever, the following easements (collectively, the "Easements"):
 1. Electric Transmission Line Easement: A permanent easement (a) to develop, construct, operate, maintain and replace electric power utility facilities; and (b) to construct, reconstruct, operate, add to, repair, relocate, maintain, inspect, patrol and remove a line or lines of buried or above ground wires and cables and a line or lines of poles or towers or both, with wires and cables strung upon and from the same, and all associated structures, crossarms, transformers, counterpoise wires or cables, guys, stubs, anchors, brace poles, ducts, conduits, foundations, riser poles, antennae, braces, fittings, equipment and appurtenances, as National Grid may now or shall from time to time deem necessary, for the transmission and distribution of high and low voltage electric energy and for the transmission of intelligence and communications, any of which may be erected and/or constructed at the same or different times, (all of which are collectively referred to as the "Facilities") upon, over, across, and through Parcels 1-M, Lot D and 5-M&S, inclusive, the land area described on the property description attached hereto as Exhibit "B" entitled "Electric Transmission Line Easement Area" (the "ETL Easement Areas");
 2. Tree Trimming and Clearing Easement: A perpetual right and easement to trim all trees, limbs, brush, above or below ground structures or other obstructions, either mechanically or by the use of approved herbicides, upon,

over, across, and through Parcel 5-M&S, within the land area described on the property description attached hereto as Exhibit "B" entitled "Tree Trimming and Clearing Easement Area" (the "Clearing Easement Areas") which, in the sole opinion of National Grid, may be likely to fall upon the Facilities or to interfere with the satisfactory operation thereof (the ETL Easement Areas and the Clearing Easement Areas are referred to collectively as the "Easement Areas").

- B. Each of the Easements granted in Section 2.A. above shall be and is hereby granted pursuant to the following provisions:
1. National Grid shall have the perpetual right: (a) to renew, replace, add to and otherwise change the Facilities and each and every part thereof and all appurtenances thereto and the location thereof within ETL Easement Areas; and (b) to excavate and/or change the grade of the ETL Easement Areas as is reasonable, necessary and proper in connection with the exercise of the foregoing rights granted.
 2. LFTCEDC covenants and agrees with National Grid that no act shall be permitted within the Easement Areas that is inconsistent with the Easements hereby granted, no buildings or structures, or replacements thereof or additions thereto, swimming pools, or obstructions shall be erected or constructed above or below grade within the Easement Areas, no trees shall be planted, and no excavating, mining, or blasting shall be undertaken within the Easement Areas without the prior written consent of National Grid, the Easements shall not be modified nor the Easement Areas relocated by LFTCEDC without National Grid's prior written consent, which consent National Grid may withhold in its sole and absolute discretion and the present grade or ground level of the Easement Areas shall not be changed by LFTCEDC by excavation or filling.
 3. LFTCEDC covenants and agrees as follows: that it is seized of the Easement Areas in fee simple and has good right to grant and convey the above-described rights, privileges and Easements; that the Easement Areas are free from encumbrances; that National Grid shall quietly enjoy the Easement Areas; that LFTCEDC will execute or procure any further necessary assurance of title to the Easement Areas and that Assignor will forever warrant title to the Easement Areas.
 4. National Grid accepts the Grant of Easements subject to the state of facts an accurate, current survey and/ or inspection of the premises would reveal and subject to all easements, covenants, conditions and restrictions of record to the extent the same are currently in force and effect.
 5. The Facilities located now or in the future within the Easement Areas at all times subsequent to the date of this Agreement shall be and shall remain the

property of the National Grid and shall be maintained and serviced exclusively by National Grid.

6. National Grid covenants and agrees that, in the event the surface of any of the Easement Areas is disturbed at any time and from time to time by National Grid or any party acting on behalf of National Grid, then National Grid, at its sole cost and expense, within a reasonable time, shall repair and restore the surface as reasonably required by LFTCEDC.
7. As to their respective obligations hereunder, the parties agree to comply with all applicable codes, rules, regulations and laws.

3. Miscellaneous:

- E. National Grid are hereby expressly given and granted the right to assign the Easements, or any part thereof, or interest therein, and the same shall be divisible between or among two or more owners, as to any right or rights created hereunder, so that each assignee or owner shall have the full right, privilege, and authority herein granted, to be owned and enjoyed either in common or severally.
- F. The Grant of Easements made in Section 2 hereof shall at all times be deemed to be and shall be a continuing covenant running with the Fee Parcels and shall inure to and be binding upon the successors, heirs, legal representatives, and assigns of the parties named in this document.
- G. LFTCEDC makes no warranty or representation of any kind whatsoever in connection with the Easements Agreements assigned by Section 1 or in connection with the Facilities that have been constructed by LFTCEDC within the ETL, except as are expressly set forth herein.
- H. The assignment and grant made herein does not constitute all or substantially all of the assets of the LFTCEDC and has been duly authorized by LFTCEDC in accordance with its organizational documents.

IN WITNESS WHEREOF, the parties have executed this Assignment of Easement Agreements and Grant of Easement as of the date and year first above written.

BILL OF SALE

Reference is made to that certain Purchase and Sale Agreement dated September 10, 2010 between Niagara Mohawk Power Corporation d/b/a/ National Grid and Luther Forest Technology Campus Economic Development Corporation (the "Transaction Agreement"). Pursuant to the Transaction Agreement, the undersigned Luther Forest Technology Campus Economic Development Corporation, with its principal place of business at 28 Clinton Street, Saratoga Springs, New York 12866 (the "Seller"), for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged under seal, hereby conveys, grants, bargains, sells, transfers, releases, delivers and confirms with warranty covenants, to Niagara Mohawk Power Corporation d/b/a National Grid, a New York corporation ("Buyer"), good, clear and marketable title, free from any defects, liens, encumbrances and claims of any kind, to the personal property described on Annex A attached hereto and incorporated herein by reference and made a part hereof (collectively, "Assets"), and hereby assigns, transfers, and sets over unto Buyer all of Seller's right, title, and interest in and to any and all of the unexpired warranties, guaranties, agreements, contract rights, or other benefits which Seller may have received from manufacturers or suppliers relating or pertaining thereto (collectively, "Warranties").

It is the intent of the Seller and Buyer that this instrument transfer all of Seller's right, title, and interest in and to the Assets and to assign any and all Warranties. In the event that this instrument does not accomplish the transfer of all of Seller's right, title, and interest in and to the Assets and/or the assignment of all of Seller's right, title and interest in and to any and all of the Warranties, each of the parties hereto covenants and agrees to take all steps necessary to effectuate such transfer and/or assignment and to execute, acknowledge, and deliver any and all documents or instruments as may be reasonably necessary to transfer the Assets and/or assign the Warranties to Buyer and as may be appropriate to confirm or otherwise carry out the transactions contemplated by this instrument. The provisions of this paragraph shall apply notwithstanding any other provisions of this Bill of Sale or the Transaction Agreement, and shall survive, termination, cancellation, or completion of this Bill of Sale and the Transaction Agreement.

Seller hereby covenants and agrees for the benefit of Buyer that Seller will, for Seller and Seller's successors and assigns, warrant and forever defend, at Seller's sole cost and expense, the right, title, and interest of Buyer in and to the Assets and Warranties against the lawful claims and demands of all persons; and take all steps necessary to ensure that Buyer has the benefit of all of Seller's rights in and to the Warranties upon transfer of the Assets to Buyer. The provisions of this paragraph shall survive termination, cancellation, or completion of this Bill of Sale and the Transaction Agreement.

Seller hereby constitutes and appoints Buyer as the Seller's true and lawful attorney, with full power of substitution, in the Seller's name and stead, by, on behalf of, and for the benefit of Buyer to demand and receive any and all of the Assets transferred hereunder and to give receipts and releases for and in respect of the same, and any part thereof, and from time to time to institute and prosecute, for the benefit of Buyer any and all proceedings at law, in equity or otherwise, which Buyer, and its successors or assigns, may deem proper for the collection or reduction to possession

of any of the Assets transferred hereunder or for the collection and enforcement of any claim or right of any kind hereby sold, assigned, conveyed, transferred, and delivered, and to do all acts and things in relation to the Assets transferred hereunder which Buyer shall deem desirable. The provisions of this paragraph shall survive termination, cancellation, or completion of this Bill of Sale and the Transaction Agreement.

To the extent that any provision of this instrument shall be held to be invalid, illegal or unenforceable, it shall be modified so as to give as much effect to the original intent of such provision as is consistent with applicable law and without affecting the validity, legality or enforceability of the remaining provisions of this instrument. Each party represents and warrants to the other that the signatory identified beneath its name below has full authority to execute this instrument on its behalf.

This instrument and all of the provisions hereof shall be binding upon and shall inure to the benefit of the parties hereto. The parties agree that time is of the essence for the transactions contemplated by this instrument.

This instrument shall be governed by and construed in accordance with the laws of the State of New York (regardless of the laws that might otherwise govern under New York's applicable principles of conflicts of laws). Venue in any action with respect to this instrument shall be in New York; the parties agree to submit to the personal jurisdiction of courts in New York with respect to any such actions.

This instrument may be executed in multiple counterparts, each of which shall be considered an original.

Signatures are on following page.

IN WITNESS WHEREOF, the parties hereto have each caused these presents to be signed in their names and behalf by their respective duly authorized representatives, under seal, as of the dates set forth below.
