Ms. Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

**Re: *New York Independent System Operator, Inc.*, Docket No. ER14-1138-000;
Bid Restriction Waiver Informational Filing**

Dear Ms. Bose:

In accordance with paragraph 24 and ordering paragraph “B” of the Federal Energy Regulatory Commission’s (“Commission”) January 31, 2014 *Order Granting Waiver* (“January Order”),¹ the New York Independent System Operator, Inc. (“NYISO”) submits herein the information required by the Commission.

On January 22, 2014, the NYISO requested a limited waiver of the Bid Restriction² set forth in sections 21.4 and 21.5.1 of its Market Administration and Control Area Services Tariff (“Services Tariff”). The Commission’s January Order granted the NYISO’s limited waiver request for the period of January 22, 2014 through February 28, 2014 (“Waiver Period”) and directed the NYISO to

submit an informational filing by March 28, 2014 that identifies:
(1) the total amount of energy that received compensation pursuant to the terms of the instant waiver; (2) the demonstrated costs of such energy in total and on a unit cost basis; and (3) information detailing requests for compensation pursuant to the instant waiver that were rejected by NYISO and the reason for its rejection.³

The NYISO responds to each of the Commission’s questions below.

¹ *New York Independent System Operator, Inc.*, 146 FERC ¶ 61,061 (2014).

² “Bid Restriction” is defined in Services Tariff Section 21.1 and applies to Incremental Energy and Minimum Generation Bids.

³ January Order at P 24.

Information Request: Identify (1) the total amount of energy that received compensation pursuant to the terms of the instant waiver; (2) the demonstrated costs of such energy in total and on a unit cost basis.

NYISO Response: No energy received compensation pursuant to the terms of the waiver.

Information Request: (3) Provide information detailing requests for compensation pursuant to the instant waiver that were rejected by NYISO and the reason for each rejection.

NYISO Response: The NYISO received fewer than five requests for compensation pursuant to the waiver. Each of the requests was later withdrawn by the submitting Market Participant when the Market Participant determined that it was not eligible to receive additional Bid Production Cost Guarantee ("BPCG") payments under the terms of the waiver because the Market Participant recovered the actual costs it incurred without requiring supplemental compensation.

The NYISO will send an electronic link to this filing to the official service list in Docket No. ER14-1138-000 and representative of each party to this proceeding, to the official representative of each of its customers, to each participant on its stakeholder committees, to the New York Public Service Commission, and to the New Jersey Board of Public Utilities. In addition, the complete filing will be posted on the NYISO's website at www.nyiso.com.

Please do not hesitate to contact the undersigned should you have any questions.

Respectfully submitted,

/s/ James H. Sweeney
