Honorable Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE  
Washington, DC 20426

**Re: *New York Independent System Operator, Inc., Amendment to Proposed Tariff Revisions; Docket No. ER12-2303-00* .**

Dear Ms. Bose:

On July 25, 2012, the New York Independent System Operator, Inc. ("NYISO") submitted proposed tariff revisions ("July 25 Filing") to its Open Access Transmission Tariff (OATT) and Market Administration and Control Area Services Tariff ("Services Tariff") to improve clarity and consistency in Attachment Y of the OATT, and related provisions in the Services Tariff.

It has since come to the NYISO's attention that a few administrative and typographical errors were inadvertently made and require correction. The corrections proposed herein do not alter the substance of the NYISO's July 25 Filing, but will more accurately reflect the tariff language approved by the NYISO stakeholders. Both clean and redlined versions of the proposed revisions to Sections 31.2 and 31.3 of OATT Attachment Y are attached to this transmittal letter.

Specifically, the NYISO proposes to correct the following administrative and typographical errors:

In preparing the July 25 Filing, the NYISO interpreted a paragraph near the end of OATT Section 31.2.4.6, which provided a time frame for project sponsors to respond to proposed NYISO determinations on the viability of alternative regulated solutions, as redundant with language in OATT Section 31.2.7.4.5 and proposed its deletion. It has since come to the NYISO's attention that the language in OATT Section 31.2.7.4.5, while similar to the language in Section 31.2.4.6, does not encompass the alternative regulated solutions discussed in Section 31.2.4.6, but only addresses market-based solutions. Accordingly, The NYISO proposes to restore the deleted language.

Also, in Section 31.2.4.1, a certain reference to OATT Section 31.2.6.4 was a typographical error, and should have referred to OATT Section 31.2.5.7.2. The NYISO proposes to correct this reference.

Finally, in OATT Section 31.3.1.3.5, the NYISO inadvertently described the number of resource types as three when it is actually four; transmission, generation, demand response and energy efficiency. Accordingly, the NYISO proposes to replace the word “three” with “four.”

## **I. List of Documents Submitted**

The NYISO submits the following documents:

1. This filing letter;
2. A clean version of the proposed revisions to the OATT (Attachment I); and
3. A blacklined version of the proposed revisions to the OATT (Attachment II).

## **II. Communications and Correspondence**

All communications and service in this proceeding should be directed to:

Robert E. Fernandez, General Counsel  
Raymond Stalter, Director of Regulatory Affairs \*  
Carl F. Patka, Assistant General Counsel  
10 Krey Boulevard  
Rensselaer, NY 12144  
Tel: (518) 356-6220  
Fax: (518) 356-7678

\* Persons designated for receipt of service.

## **III. Request for Waiver of Sixty Day Notice Period**

The errata corrections proposed herein are necessary to achieve the goals of the NYISO’s July 25 Filing, which were to improve clarity and consistency in its tariff and facilitate the upcoming joint compliance filing by the NYISO and the New York Transmission Owners pursuant to the principles and requirements of Order 1000. Because its proposed errata are entirely consistent with, and address the same substantive issues as the revisions included in the July 25 Filing in the above-captioned proceeding, the NYISO respectfully requests the Commission not establish any additional notice and comment period. Should the Commission notice this filing for comment, however, the NYISO requests that the Commission waive the standard sixty day notice period and, to the extent necessary, establish a shortened comment period to preserve the effective date of September 24, 2012, requested in the July 25 Filing. To the extent necessary, the NYISO also requests waiver of any answer period that might otherwise apply to this request.

#### **IV. Effective Date**

The NYISO respectfully requests that the Commission accept this erratum to its July 25 Filing as containing ministerial corrections and accept the attached tariff revisions for filing with the same effective date as the Commission assigns to the tariff revisions that the NYISO submitted on July 25, 2012.

#### **V. Service**

The NYISO will e-mail a copy of this filing to the official representative of each party to this proceeding, to the New York Public Service Commission, and to the New Jersey Board of Public Utilities. In addition, the NYISO will post this filing on the NYISO's website at [www.nyiso.com](http://www.nyiso.com) and will e-mail the electronic link to the filing to each of its customers and to each participant of its stakeholder committees.

Respectfully submitted,

/s/ Carl F. Patka
