Re: New York Independent System Operator, Inc., Notice of Implementation of the  
HTP Scheduled Line;  
Docket No. ER13-792-000

Dear Ms. Bose:

On January 24, 2013, the New York Independent System Operator, Inc. ("NYISO") filed proposed revisions to its Market Administration and Control Area Services Tariff ("Services Tariff") and its Open Access Transmission Tariff ("OATT") (collectively, the "Tariffs") to implement the HTP Scheduled Line.<sup>1</sup> Also in that filing, NYISO and PJM Interconnection, L.L.C. ("PJM") (collectively the "RTOs") jointly submit, in electronic format, revisions to the Joint Operating Agreement ("JOA") between NYISO and PJM that is set forth in Attachment CC to the NYISO's OATT to implement the HTP Scheduled Line. The Commission accepted the NYISO's filing in a letter order issued on March, 1, 2013 in this docket.

The NYISO committed, in the January 24, 2013 transmittal letter, to provide two weeks' notice to the Commission, to all NYISO Market Participants, and to the affected External Control Area operator prior to commencing commercial operation of this new HTP Scheduled Line.

In accordance with its prior commitment, the NYISO hereby provides notice to the Commission, PJM, Consolidated Edison Company of New York, Inc., Hudson Transmission Partners and to New York Market Participants that it expects to fully implement the HTP Scheduled Line in its Day-Ahead and Real-Time Markets for the June 3, 2013 market day. Should the NYISO determine that it will be unable to implement the HTP Scheduled Line on or about June 3, 2013, it will promptly notify the Commission, PJM and New York Market Participants.
