Re: *New York Independent System Operator, Inc.*, Refiling of Tariff Section to
Correct the Record; Docket No. ER13-102-____

Dear Secretary Bose:

On September 13, 2016, the New York Independent System Operator, Inc. (“NYISO”) filed with the Federal Energy Regulatory Commission (“Commission”), revisions to the NYISO’s Open Access Transmission Tariff (“OATT”)¹ to fulfill the directives of the Commission in its December 23, 2015, *Order Conditionally Accepting Tariff Revisions and Requiring Further Compliance*.² The filing was conditionally accepted by the Commission, subject to further compliance, on February 15, 2018.³ The NYISO submits this filing to correct the eTariff record by replacing an inadvertently uploaded document with the version of Section 20.2 of the OATT that the NYISO included with its filing letter and the Commission accepted.⁴

I. Description of Filing

The NYISO has identified a ministerial error in connection with its September 2016 Filing, where the NYISO uploaded an incorrect document to the Commission's eTariff. In that filing, the NYISO made certain revisions to Section 20.2 of the OATT, and those revisions were correctly represented in the clean and blacklined versions attached as Attachments I and II to the NYISO's filing letter. However, an unrelated tariff section was inadvertently uploaded for the eTariff record. In this instant filing, the NYISO provides the clean version of Section 20.2 of the OATT that was included in the September 2016 Filing as Attachment I to this filing letter, and also uploads that version of Section 20.2 of the OATT in the eTariff system with the same effective date of April 1, 2016 that the Commission accepted.⁵

II. Documents Submitted

The NYISO respectfully submits the following documents with this filing letter:

1. A clean version of Section 20.2 of the OATT, as submitted in the NYISO's September 2016 Filing ("Attachment I").
