Washington, D.C. 20426

Re: *New York Independent System Operator, Inc.* Docket No. ER19-467-00_ ; Errata to
Compliance Filing Establishing an Effective Date for the Energy Storage Resource
Participation Model

Dear Secretary Bose:

On August 12, 2020, the New York Independent System Operator, Inc. (“NYISO”) filed with the Federal Energy Regulatory Commission (“Commission”) a Compliance Filing Establishing an Effective Date for its Energy Storage Resource Participation Model¹ (“August 12 Filing”) for its Energy Storage Resource (“ESR”) participation model in compliance with Order No. 841. The NYISO included with that filing a “clean” set of the tariff revisions accepted by the Commission in this docket.

The NYISO has identified two ministerial errors in the August 12 Filing: (i) the inadvertent omission of Market Administration and Control Area Services Tariff (“Services Tariff”) Section 2.18 in the submittal to the Commission’s eTariff system, and (ii) the inadvertent omission of a version of Services Tariff Section 23.2 that merges language effective in the instant proceeding into a version that is requested to become effective subsequent to the effective date requested in this proceeding. The NYISO submits with this filing tariff records to correct both errors.

I. Documents Submitted with this Filing Letter

1. A clean version of Services Tariff Section 2.18 with an effective date of August 26, 2020 (“Attachment I”); and
2. A clean version of NYISO Services Tariff Section 23.2 merging the language that became effective August 26, 2020 into a version that has been proposed by the NYISO to become effective on September 8, 2020 (“Attachment II”).²

¹ *New York Indep. Sys. Operator, Inc.* August 12, 2020 Compliance Filing Establishing an Effective Date for the Energy Storage Resource Participation Model, Docket No. ER19-467-000, *et al.*

² On July 9, 2020, the NYISO submitted tariff revisions to Services Tariff Sec. 23.2 in Docket No. ER20-1718-000, *et al.* The tariff revisions submitted in that docket did not reflect the tariff amendments accepted in this docket. The tariff revisions included in Attachment II merge the amendments proposed in this Docket No. ER19-467-000, *et al.*, and ER20-1718-000, *et al.*, and are proposed to become effective on September 8, 2020.

II. Service

The NYISO will send an electronic link to this filing to the official representative of each party to this proceeding, to the official representative of each of its customers, to each participant on its stakeholder committees, to the New York Public Service Commission, and to the New Jersey Board of Public Utilities. In addition, the complete filing will be posted on the NYISO's website at www.nyiso.com.

III. Conclusion

The New York Independent System Operator, Inc. respectfully requests that the Commission accept this errata filing to correct the eTariff records referenced herein.

Respectfully submitted,

/s/ Gregory J. Campbell
