Re: Errata filing of New York Independent System Operator, Inc.
Docket No. ER11-2224-_____

Dear Ms. Bose:

It has come to the New York Independent System Operator, Inc.'s ("NYISO's") attention that the affidavit of Eugene T. Meehan, which was submitted to support the NYISO's November 30, 2010 proposed filing in the above-captioned proceedings, did not include the final and complete version of the "NERA/S&L Report." The version that was included as part of Mr. Meehan's affidavit does not reflect a limited number of final data updates. The error has no impact on the substance of Mr. Meehan's affidavit, the conclusions reached in the NERA/S&L Report, or the NYISO's recommendations and proposals in its filing. Nevertheless, the NYISO is submitting a clean corrected version of Mr. Meehan's complete affidavit (Attachment I) along with black-lined versions (Attachment II) of each page where the text has been revised to include updated data. I hereby certify that copies of this letter, and the material referenced above, will be served on all parties in these proceedings concurrent with their electronic submission to the Commission.

Sincerely,

/s/ Ted J. Murphy
