**Re: Niagara Mohawk Power Corporation d/b/a National Grid  
Docket No. ER16-925-001  
Compliance Filing**

Dear Secretary Bose:

On April 5, 2016, the Commission issued a letter order in this proceeding that accepted the Large Generator Interconnection Agreement (“Interconnection Agreement”) between Niagara Mohawk Power Corporation d/b/a/ National Grid (“National Grid”) and Indeck-Corinth Limited Partnership, effective November 19, 2015 as requested by National Grid, and subject to a compliance filing.

With regard to the compliance filing, the letter order stated that the Interconnection Agreement as submitted in eTariff did not include the facility one-line diagram that should be attached in Appendix A to the Interconnection Agreement (as referenced in Appendix C to the Interconnection Agreement). The Commission directed National Grid to file a corrected Interconnection Agreement that includes the one-line diagram within 15 days, *i.e.*, by April 20, 2016.

The corrected Interconnection Agreement is provided in clean copy in Attachment A hereto and is provided in red-line format in Attachment B hereto. Please contact the undersigned with any questions.

Respectfully submitted,

/s/ **Amanda C. Downey**
