AMENDED AND RESTATED PROJECT SERVICES AGREEMENT

This **AMENDED AND RESTATED PROJECT SERVICES AGREEMENT** (together with all Exhibits and Schedules attached hereto, as hereafter amended in accordance with its terms, this “*Agreement*”) is made and entered into as of this 23rd day of June, 2016, by and between New York Transco LLC, a New York limited liability company (“*Transco*”) and Consolidated Edison of New York, Inc., a New York corporation (“*Transmission Owner*”) (each, a “*Party*” and, together, the “*Parties*”).

RECITALS

A. Transco was formed for the purpose of developing, constructing, owning and operating certain proposed high voltage electric transmission lines and associated facilities in New York State.

B. On May 24, 2016, Transco acquired from Transmission Owner, certain electric transmission facilities and related assets (including assignment of all applicable contracts and permits) comprising the 2nd Ramapo to Rock Tavern Line (the “*RRT Project*”) and the Staten Island Unbottling Project, Phase I (the “*SIU Project*”; and, together with the RRT Project, the “*Projects*”) that Transmission Owner had been developing and constructing, as more specifically described in **Schedule I** attached hereto in and pursuant to the terms of those certain asset purchase agreements between the Parties, dated as of January 7, 2016 (the “*Acquisition Agreements*”).

C. The Projects were substantially developed and their construction was nearly completed on the date of their acquisition, but certain additional construction work remained to be performed both prior to and following their energization, which occurred on or about May 27, 2016.

D. Transco and Transmission Owner entered into this Agreement on May 24, 2016 (the “*Effective Date*”), to contract for the performance of certain work by Transmission Owner to complete construction of the Projects on the terms set forth herein.

E. The Parties are now amending and restating this Agreement for the sole purpose of removing a provision that would allow this Agreement to supersede one or more Interconnection Agreements described on Schedule 6 and including certain definitions that had previously referenced definitions contained in other documents.

NOW, THEREFORE, in consideration of the mutual covenants and agreements specified in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties, intending to be legally bound, hereby agree as follows:

This Agreement shall be interpreted without reference to prior drafts.

ARTICLE II SCOPE OF SERVICES

§2.01 *Services to be Provided.* During the Term, Transmission Owner shall perform those services necessary to do the work described on **Schedule 2** attached hereto (the “*Services*”). Such Services may include administering, and overseeing and paying for the work performed under, those contracts (as Transco’s agents) described on **Schedule 3** attached hereto (and may be amended by mutual agreement of the Parties), (the “*Assigned Contracts*”). **Schedule 2** also identifies the Projects’ Project Manager at Transmission Owner (the “*TO Lead*”), as well as at Transco (the “*Project Manager*”) who will serve as the principal point of contact between the Parties with respect to the Services.

§2.02 *Estimated Cost and Schedule of Services.* **Schedule 2** sets forth an estimated cost of the Services, together with an estimated timeline for the completion of the Services. Transco will compensate Transmission Owner for the Services in accordance with the provisions of §3.01.

§2.03 *Use of Subcontractors and Affiliates.* Other than those contractors and vendors that are counterparties to the Assigned Contracts (which, for clarity, are Transco’s contractors and not subcontractors of Transmission Owner and as to whose performance risk resides with Transco), Transmission Owner will not engage any subcontractors to perform any of the Services without first obtaining Transco’s written consent, which consent shall not be unreasonably withheld, delayed or conditioned, and, if required by Transco, procuring such subcontractor’s written agreement to comply with any applicable Interconnection Agreement identified on **Schedule 6** hereto, provided, however, Transmission Owner shall be responsible and liable for the

acts and omissions of each such subcontractor (including such subcontractor's subcontractors and its employees) it engages to the same extent as if such acts or omissions were by Transmission Owner or its employees. Each Party may use the services of its Affiliates in connection with its performance under this Agreement without obtaining the written consent of the other Party. All third party contract or Affiliate work used to provide Services under this Agreement shall be charged directly to Transco at actual cost; it being acknowledged that Transmission Owner will pay for work under the Assigned Contracts and seek reimbursement from Transco.

§2.04 Standard of Performance. The Parties shall perform their duties and obligations hereunder in a commercially reasonable manner consistent with Good Utility Practice, and in accordance with all applicable Law, and, to the extent not inconsistent with the foregoing, in accordance with their then applicable practices. Services hereunder will be performed by personnel who have the knowledge, skills, training and experience necessary to perform the same and Transmission Owner will use reasonable efforts to perform the same within the estimates set forth in **Schedule 2** (which estimates the Parties acknowledge have been incorporated into the Closing Assumed Liability Amount (as defined in the Acquisition Agreements)). Notwithstanding anything in this Agreement to the contrary, subject to §5.02 hereof, Transco hereby acknowledges that the estimates set forth in **Schedule 2** are good faith estimates of the funds reasonably required to pay Transmission Owner to perform the Services hereunder and does not limit Transco's responsibility to pay Transmission Owner all actual documented reasonable Direct Costs and Indirect Costs incurred by Transmission Owner in performance of the Services.

§2.05 Suspension of Services. Transco may at its sole discretion suspend Transmission Owner's performance of all or any part of the Services hereunder for any reason whatsoever (other than related to a Force Majeure Event) upon written notice to Transmission Owner (the "Suspension Notice"). The Suspension Notice shall specify the nature, effective date, and expected duration of the suspension. The Suspension Notice shall also designate what Services, if any, are to be continued. Transmission Owner shall use commercially reasonable efforts to promptly resume suspended Services when directed to do so by Transco in writing, subject to the requirements of Good Utility Practice. Notwithstanding anything in §4.01 to the contrary, if the Transmission Owner reasonably concludes (based on information available to it at the time) that such suspension would result in substantially increased Direct Cost and/or Indirect Cost, the Transmission Owner shall promptly notify Transco in writing. If the suspension of all or any part of the Services impacts the estimated cost and timeline for the completion of the Services, Schedule 2 will be amended to reflect the same. Upon receipt of the Suspension Notice Transmission Owner shall, unless otherwise directed by Transco and subject to the requirements of Good Utility Practice:

(a) Promptly suspend the Services on the date and to the extent specified in the Suspension Notice;

(b) Place no further order or subcontracts with the Transmission Owner for or in connection with the suspended Services other than to the extent required in the Suspension Notice;

(c) Promptly make every commercially reasonable effort to obtain suspension upon terms reasonably satisfactory to Transco of all orders and subcontracts to the extent required by the suspension; and

(d) Continue to protect and preserve the Projects subject to and in accordance with the terms and conditions of this Agreement.

Notwithstanding anything in this Agreement to the contrary, Transmission Owner shall not be obligated to suspend Services, in whole or in part, to the extent such suspension (a) would cause Transmission Owner to breach any provision of this Agreement or of any other contract pertaining to one or both Projects to which Transmission Owner is party (which either was not capable of assignment to Transco at the time of closing under the Acquisition Agreements or was not so assigned in error), unless, in each case, Transco assumes in writing full liability therefor, (b) would result in the violation of any applicable Law, (c) in the reasonable judgment of the Transmission Owner, may endanger the safety of the Transmission Owner's or Transco's employees or contractors, other persons or property, or would otherwise require an act or omission not in accordance with Good Utility Practice, or (d) would leave the Projects in an unsafe condition.

If the Services are suspended in whole or in part by Transco pursuant to this §2.05, then Transco's obligation to compensate Transmission Owner under this Agreement shall include all documented Direct and Indirect costs arising from such suspension.

ARTICLE III COMPENSATION AND PAYMENT

§3.01 Compensation. In consideration of Transmission Owner's provision of the Services, Transco shall pay to Transmission Owner all of the documented reasonable Direct and Indirect costs incurred by Transmission Owner in performing such Services in each case to the extent applicable or allocable to such performance.

(a) Direct costs (the "*Direct Costs*") include the following:

(i) all of Transmission Owner's internal costs of labor and services associated with the Services;

(ii) all costs and expenses associated with materials, supplies, tools, machinery, apparatus and equipment, including rental charges and energy usage, including properly allocated overheads normally included in Transmission Owner's charges for services billed to collect costs orders (excludes overhead charges as part of Indirect Costs);

(iii) costs and expenses for contract labor, outside services and subcontractors, including outside consultants (subject to any consent requirements set forth herein);

(iv) federal, state or local taxes of any character, including sales, use, ad valorem or similar taxes, imposed in connection with the Services performed under this Agreement, excluding any taxes on income;

(v) costs and expenses of travel and related transportation, meals, lodging costs;

(vi) costs of insurance for insurance requirements as set forth in *Schedule 4* hereof, including premiums paid and amounts deductible from insured claims;

(vii) all costs of enforcing or attempting to enforce the provisions of applicable insurance policies for insurance requirements as set forth in *Schedule 4* hereof, payment and performance bonds, contracts, warranties and any other rights held by Transmission Owner as a consequence of its provision of Services hereunder; and

(viii) any other costs or expenses, to the extent applicable or allocable to the performance of Services that are listed in this Agreement, including the implicit equivalents of such Services.

(b) Indirect costs (the “*Indirect Costs*”) include the following:

(i) labor overheads (excluding overheads as part of Direct Costs) directly associated with any and all of the Direct Costs, including pensions, other post-retirement benefits and health care costs; and

(ii) administrative and general expenses.

(c) Direct Costs and Indirect Costs shall be accounted for by Transmission Owner in accordance with applicable Accounting Practices and shall be consistent with FERC’s affiliate accounting rules.

§3.02 *Payment* Transmission Owner shall provide monthly invoices to Transco, setting forth the costs incurred by Transmission Owner to provide the Services during the most recent period for which costs are available (up to 120 days prior). Invoices shall contain reasonable detail and, upon request, shall be accompanied by reasonably necessary supporting documentation. Transco shall pay all invoices within thirty (30) days of receipt by wire transfer of immediately available funds, except to the extent that Transco disputes any amount in good faith, in which event Transco shall provide written notice of such Dispute (and an explanation of the basis for it as described in Article XV) and pay the disputed amount into an independent escrow account chosen by Transco pending resolution of the Dispute (the costs of which escrow account shall be borne exclusively by Transco). Billing and payment Disputes not resolved in the normal course of business shall, upon the request of either Party, be subject to the Dispute resolution procedures described in Article XV. Any undisputed amounts not timely paid shall carry a finance charge accruing at the prime rate of interest (as announced by the Wall Street Journal from time to time) plus 2% per year.

ARTICLE IV REPORTING REQUIREMENTS

§4.01 *Monthly Reports*. Transmission Owner shall furnish such monthly progress reports to Transco as Transco shall reasonably request, showing (a) actual spending on the Projects

compared to estimated spending, (b) any known increase in the cost estimates set forth in *Schedule 2* and (c) a progress update on tasks that have been completed during such preceding month, including the achievement of any major milestones.

§4.02 Immediately Reportable Events. Transmission Owner will verbally notify Transco immediately, or as soon as is reasonably practicable thereafter, and promptly follow such verbal notification with a written report, upon the occurrence of any of the following in connection with the Services:

(a) any OSHA recordable injuries that occur while performing Services, provided that Transmission Owner shall also notify appropriate agencies as set forth in Article IX;

(b) discovery or Release of any Hazardous Substances within the Substation Upgrade Facilities or Property, as applicable (including, without limitation, related Remediation of such Hazardous Substances located within or outside of the Substation Upgrade Facilities or Property).

(c) any litigation, claims, disputes or actions, threatened or filed, concerning the Services;

(d) any refusal or threatened refusal to grant, renew or extend (or any action pending or threatened that might affect the granting, renewal or extension of) any license, permit, approval, authorization or consent relating to the Services; and

(e) any dispute with any Governmental Authority relating to the Services.

Transmission Owner agrees to provide to Transco drafts of any and all written reports required to be submitted to Governmental Authorities in connection with or arising from the events listed in Section 4.2(a)-(e) above with respect to the Services; Transco, however, shall have sole responsibility for the submittal or filing of such reports.

§4.03 Other Information. Transmission Owner shall prepare and submit to Transco such other reports and other information, as Transco may reasonably request regarding the Services to remain compliant with applicable Law.

ARTICLE V TERM AND TERMINATION

§5.01 Term. The term of this Agreement (the “*Term*”) shall commence as of the Effective Date and continue until the work described on Schedule 2 has been fully performed or waived, unless earlier terminated in accordance with §5.02.

§5.02 Termination. The Parties may terminate this Agreement with respect to any or all of the Projects at any time by mutual agreement in writing. Either Party may terminate this Agreement with respect to any or all of the Projects for (a) Cause, or (b) convenience by giving the other Party ninety (90) days’ prior written notice of such termination.

If this Agreement is terminated pursuant to Section 5.02, then Transmission Owner shall be compensated for all documented Direct and Indirect costs it incurred to and including the date of termination and for all Termination Costs; *provided, however*, that if this Agreement is terminated by Transco for Cause, then (i) Transmission Owner shall not be entitled to reimbursement for its Termination Costs and (ii) Transco shall be entitled to set off against any amount due Transmission Owner hereunder any claims for damages it may have hereunder. All payments due by Transco upon termination shall be made within thirty (30) days of receipt of a final invoice from Transmission Owner.

ARTICLE VI TITLE TO PLANS AND SPECIFICATIONS

All information, analyses, reports, plans and specifications developed or prepared by Transmission Owner in its performance of the Services under this Agreement (collectively, the “*Plans and Specifications*”) shall belong exclusively to Transco and shall, to the extent possible, be considered a work made by Transmission Owner for hire for Transco within the meaning of Title 17 of the United States Code. To the extent the Plans and Specifications may not be considered work made by Transmission Owner for hire for Transco, Transmission Owner agrees to assign, and automatically assigns at the time of creation of the Plans and Specifications, to Transco without any requirement of further consideration, any right, title, or interest Transmission Owner may have in and to such Plans and Specifications. Upon request of Transco, Transmission Owner shall take such further actions, including execution and delivery of instruments of conveyance, as Transco may deem reasonably necessary or appropriate to give full and proper effect to such assignment. Transmission Owner may retain one or more copies of the Plans and Specifications, but may not disclose them to any third party without the prior written consent of Transco.

ARTICLE VII BOOKS AND RECORDS

Transmission Owner will maintain complete and accurate books and records of all of its material activities performed in connection with the Services during the Term in accordance with Good Utility Practice and Accounting Practice. Transmission Owner shall also maintain and retain for such time as Transco may reasonably direct, but, unless required by applicable Law or Accounting Practice, not for longer than six (6) years, the books and other records needed to document the Direct Costs and Indirect Costs Transmission Owner incurs as a result of fulfilling its obligations under this Agreement. Each Party shall respond to the other’s reasonable request for information related to a cost charged by Transmission Owner to Transco by providing the other Party with the information reasonably needed by the other Party to verify the cost in question.

Transco, including its agents, consultants, accountants and attorneys, at Transco’s expense, will have the right, upon reasonable prior notice and during regular business hours, to review and audit such books and records of Transmission Owner that relate solely to the Services provided under this Agreement. Transmission Owner will cooperate with Transco and its auditors, at Transco’s expense, in connection with an audit of Transco’s assets and records relating to the Services.

ARTICLE VIII ACCESS RIGHTS

§8.01 *Transmission Owner's Access. (i) Records Inspection:* Transco hereby authorizes the authorized agents, representatives, contractors, and employees of Transmission Owner, at Transmission Owner's sole cost and expense, to access any documents, materials, records, accountings, operating logs or other operating data in the possession of Transco at all reasonable times, upon reasonable prior notice to Transco, to the extent that such access is reasonably related to the performance of the Services. Upon reasonable request of Transmission Owner and upon such persons or entities agreeing to be bound by the terms of Article XIV, Transco shall make such records available to such persons or entities, and provide them with such access upon reasonable terms and conditions set forth by Transco, and further subject to the requirements of §8.01(iii) below.

(ii) *Access to Project Locations.* Transco hereby authorizes the authorized agents, representatives, contractors, and employees of Transmission Owner access to the Project locations at all reasonable times, upon reasonable prior notice to Transco, to the extent that such access is reasonably related to the performance of the Services. Upon the reasonable request of Transmission Owner and upon such persons or entities agreeing to be bound by the terms of Article XIV, Transco shall provide such access to its Project locations upon reasonable terms and conditions set forth by Transco, and further subject to the requirements of §8.01(iii).

(iii) *General Conditions for Access.* Transco's obligation hereunder shall be to provide the authorized agents, representatives, contractors and employees of Transmission Owner adequate and continuous access to all sites where Services are to be performed. Transmission Owner shall use commercially reasonable efforts to cause its authorized agents, representatives, contractors and employees to comply with Transco's safety and security procedures, switching and tagging rules, and escort and other applicable access requirements in connection with exercising the rights of access granted hereby. Transco shall use commercially reasonable efforts to give prompt notice to Transmission Owner of any changes to Transco's safety and security procedures, switching and tagging rules, and escort and other applicable access requirements.

Transmission Owner shall, prior to any access to Transco's Project locations for the purposes set forth above, and during the Term of this Agreement, provide and maintain insurance in the kinds and amounts specified in Article XIII hereof.

Notwithstanding anything in this Agreement to the contrary, Transco reserves the right to deny access to Transmission Owner's authorized agents, representatives, contractors and employees, in or around the Project locations if, in Transco's sole judgment, such authorized agents, representatives, contractors and employees are:

- (a) bringing, using, distributing, selling or possessing illegal drugs or alcoholic beverages at the Project locations;
- (b) unfit for duty at any time during their assignment for any reason, including for being under the influence of alcohol or other drugs; or
- (c) otherwise engaged in any improper or unlawful activity.

Furthermore, Transco shall have the authority to suspend Transmission Owner's access, work or operations (including access, work or operations of any of Transmission Owner's agents, representatives, contractors and employees) in and around such Projects locations if, in Transco's sole judgment, at any time, hazardous conditions arise or any unsafe practices are being followed by Transmission Owner's agents, representatives, contractors and employees and Transmission Owner fails to correct such conditions or practices.

§8.02 *Transco's Access. (i) Records Inspection.* Transmission Owner hereby authorizes the authorized agents, representatives, contractors, and employees of Transco to access any documents, materials, records, accountings, operating logs or other operating data in the possession of Transmission Owner at all reasonable times, upon reasonable prior notice to Transmission Owner, to the extent such access is reasonably related to the performance of the Services or otherwise reasonably required for the purpose of monitoring or inspecting work performed for Transco or otherwise affecting Transco's assets. Upon reasonable request of Transco and upon such persons or entities agreeing to be bound by the terms of Article XIV, Transmission Owner shall make such records available to such persons or entities, and provide them with such access upon reasonable terms and conditions set forth by the Transmission Owner, and further subject to the requirements of §8.02(iii) below.

(ii) *Property and Facility Access.* Transmission Owner hereby authorizes the authorized agents, representatives, contractors, and employees of Transco (subject, in the case of the Substation Upgrade Facilities, to Transmission Owner's consent, which consent shall not be unreasonably withheld) to access real property and electric facilities owned by the Transmission Owner at all reasonable times, upon reasonable prior notice to Transmission Owner and upon such persons or entities agreeing to be bound by the terms of Article XIV, to the extent that such access is reasonably related to the performance of the Services or otherwise required for the purpose of monitoring or inspecting work performed for Transco or otherwise affecting Transco's assets, or for purposes of assessing potential future operational needs of Transco. Upon the reasonable request of Transco, Transmission Owner shall provide such access to its real property and electric facilities upon reasonable terms and conditions set forth by the Transmission Owner, and further subject to the requirements of §8.02(iii) below.

(iii) *General Conditions for Access.* Transco shall use its commercially reasonable efforts to cause its authorized agents, representatives, contractors and employees to comply with Transmission Owner's safety and security procedures, switching and tagging rules, and escort and other applicable access requirements in connection with exercising the rights of access granted hereby and to conduct any inspection and review in a manner which causes minimal interference with Transmission Owner's activities. Transmission Owner shall use commercially reasonable efforts to give prompt notice to Transco of any changes to Transmission Owner's safety and security procedures, switching and tagging rules, and escort and other applicable access requirements.

Transco shall, prior to any access to Transmission Owner's real property or facilities for the purposes set forth above, and during the Term of this Agreement, provide and maintain insurance in the kinds and amounts specified in Article XIII hereof.

Notwithstanding anything in this Agreement to the contrary, Transmission Owner reserves the right to deny access to Transco's authorized agents, representatives, contractors and employees, in or around Transmission Owner's real property or facilities and to any documents, materials, records and accountings relating to the performance of the Services if, in Transmission Owner's sole judgment, such authorized agents, representatives, contractors and employees are:

- (a) bringing, using, distributing, selling or possessing illegal drugs or alcoholic beverages in or around Transmission Owner's property, facilities and transmission line rights-of-way;
- (b) unfit for duty at any time during their assignment for any reason, including for being under the influence of alcohol or other drugs; or
- (c) otherwise engaged in any improper or unlawful activity.

Furthermore, Transmission Owner shall have the authority to suspend Transco's access, work or operation (including the access, work or operations of any of Transco's agents, representatives, contractors or employees) in and around Transmission Owner's real property or facilities, if in Transmission Owner's sole judgment, at any time, hazardous conditions arise or any unsafe practices are being followed by any of Transco's agents, representatives, contractors or employees and Transco fails to correct such conditions or practices.

§8.03 Drawings. Each Party shall make available to the other Party all such plans, and drawings as are necessary to enable the Parties to perform their obligations under this Agreement. Each Party shall promptly notify the other Party of any field changes to any such plans and drawings.

ARTICLE IX SAFETY

§9.01 Safety Standards. Each Party agrees that all work performed by it under this Agreement shall be performed in accordance with all applicable Law, rules, and regulations pertaining to the safety of persons or property, including compliance with safety regulations and standards adopted under the rules and regulations of the Occupational Safety and Health Act of 1970 ("OSHA") as amended from time to time, the National Electric Safety Code (NESC), as amended from time to time, and Good Utility Practice.

§9.02 Employees and Subcontractors. Each Party shall be solely responsible for, and assumes all liability for, the safety and supervision of its own employees, agents, representatives, and subcontractors.

§9.03 Safety Reporting. Transmission Owner shall notify Transco of all safety "near misses", OSHA recordables and OSHA reportables as set forth in §4.02(a). Transmission Owner shall provide Transco a copy of all written reports made to OSHA.

ARTICLE X PROJECT PERMITS

Transmission Owner shall reasonably cooperate with Transco in obtaining any permits, including renewals, revisions or modifications thereof, that Transco may be required by law to

obtain directly from or file with any Governmental Authority regarding the Services as set forth in Schedule 2. The Parties shall comply with all terms and conditions of such permits.

ARTICLE XI LIMITATION OF LIABILITY

§11.01 Consequential and Indirect Damages. NOTWITHSTANDING ANYTHING IN THIS AGREEMENT TO THE CONTRARY, AND EXCEPT TO THE EXTENT OF AN INDEMNIFYING PARTY'S OBLIGATIONS UNDER ARTICLE 12 TO INDEMNIFY THE OTHER PARTY FOR DAMAGES ACTUALLY PAID TO AN UNAFFILIATED THIRD PARTY IN RESPECT OF A CLAIM SUBJECT TO INDEMNIFICATION UNDER ARTICLE XII, SUBJECT TO, IN THE CASE OF TRANSMISSION OWNER, THE CAP IN THIS SECTION 11.01, NO PARTY OR ITS AFFILIATES, NOR ITS OR THEIR DIRECTORS, TRUSTEES, MEMBERS, OFFICERS, MANAGERS, EMPLOYEES, AGENTS OR REPRESENTATIVES, WILL BE LIABLE UNDER OR IN CONNECTION WITH THIS AGREEMENT FOR ANY PUNITIVE, SPECIAL, LOST PROFIT, EXEMPLARY, MULTIPLE, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES INCLUDING IN CONNECTION WITH OR ARISING FROM ANY PERFORMANCE OR LACK OF PERFORMANCE UNDER THIS AGREEMENT, REGARDLESS OF WHETHER (A) ANY SUCH DAMAGES CLAIM IS BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, VIOLATION OF ANY APPLICABLE DECEPTIVE TRADE PRACTICES ACT OR ANY OTHER LEGAL OR EQUITABLE PRINCIPLE, OR (B) SUCH DAMAGES WERE REASONABLY FORESEEABLE, OR (C) THE PARTIES WERE ADVISED OR AWARE THAT SUCH DAMAGES MIGHT BE INCURRED.

Notwithstanding anything in this Agreement to the contrary, neither Party shall be responsible for any failure or inability to perform hereunder to the extent such failure or inability is caused by the acts or omissions of the other Party (including any contractor of such Party or any Person or entity for whom such Party is legally responsible) or of any third party (other than a subcontractor or agent of the Party that is unable or failing to perform hereunder).

Transmission Owner shall have no responsibility or liability under this Agreement for any delay in performance or nonperformance to the extent such delay in performance or nonperformance is caused by or as a result of (a) the inability or failure of Transco or its contractors (including, but not limited to, those under Assigned Contracts) to reasonably cooperate or to perform any tasks or responsibilities contemplated to be performed or undertaken by Transco under this Agreement. or (b) any valid order or ruling by any Governmental Authority having jurisdiction over the subject matter of this Agreement except to the extent such order or ruling is the result of the Transmission Owner's failure to perform its obligations under this Agreement.

If and to the extent a Party is required or prevented or limited in taking any action or performance with respect to this Agreement by any applicable Law(s), such Party shall not be deemed to be in breach of this Agreement as a result of such compliance with the applicable Law(s).

TRANSMISSION OWNER'S MAXIMUM LIABILITY UNDER THIS AGREEMENT, INCLUDING UNDER §12.01(b), FOR ALL CLAIMS OF ANY KIND WHETHER BASED UPON CONTRACT, TORT, OR OTHERWISE, SHALL NOT EXCEED THE AGGREGATE

AMOUNT PAYABLE TO TRANSMISSION OWNER BY TRANSCO FOR SERVICES UNDER ARTICLE III OF THIS AGREEMENT; *PROVIDED, HOWEVER*, THAT THE FOREGOING LIMITATIONS SHALL NOT APPLY TO ANY AMOUNTS RECEIVED OR ARE RECEIVABLE BY TRANSCO PURSUANT TO ANY INSURABLE CLAIM MADE BY TRANSCO AGAINST ANY INSURANCE POLICY REQUIRED UNDER, OR MAINTAINED PURSUANT TO, ARTICLE XIII OR SCHEDULE 4 (INCLUDING ANY FORM OF SELF-INSURANCE PROVIDED IN SATISFACTION OF SUCH SECTION OR SCHEDULE) AND SHALL NOT OTHERWISE LIMIT THE RIGHT OF TRANSCO TO MAKE ANY SUCH INSURABLE CLAIMS.

§11.02 Disclaimers/Exclusivity of Warranties. TRANSMISSION OWNER IS NOT IN THE BUSINESS OF PROVIDING THE SERVICES HEREUNDER FOR PROFIT AND IS NOT RECEIVING ANY FEE OR PROFIT (AS CONTRASTED WITH REIMBURSEMENT FOR ACTUAL DOCUMENTED DIRECT OR INDIRECT COSTS) FOR ITS PERFORMANCE OF THE WORK HEREUNDER. THE EXCLUSIVE REMEDY GRANTED TO TRANSCO FOR ANY ALLEGED FAILURE OF TRANSMISSION OWNER TO MEET THE PERFORMANCE STANDARDS OR REQUIREMENTS CONTAINED IN THIS AGREEMENT IS AS SET FORTH IN §2.04 HEREOF. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY EQUIPMENT, MATERIALS OR OTHER ASSETS THAT MAY BE TRANSFERRED UNDER THIS AGREEMENT ARE BEING TRANSFERRED “AS IS, WHERE IS”. TRANSMISSION OWNER, AND IN THE CASE OF A TRANSFER OF ANY EQUIPMENT, MATERIALS OR ASSETS BY TRANSCO HEREUNDER, TRANSCO, MAKES NO WARRANTIES, REPRESENTATIONS (EXCEPT AS NOTED IN ARTICLE 16 HEREOF), OR GUARANTEES IN CONNECTION WITH THIS AGREEMENT, ANY EQUIPMENT, MATERIALS OR ASSETS TRANSFERRED, OR ANY SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT, WHETHER WRITTEN OR ORAL, STATUTORY, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES, REPRESENTATIONS (EXCEPT AS NOTED IN ARTICLE 16XVI HEREOF), OR GUARANTEES WITH RESPECT TO QUALITY, WORKMANSHIP, CONDITION OR SAFETY OF ANY EQUIPMENT, MATERIALS OR ASSETS TRANSFERRED UNDER THIS AGREEMENT, AND ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE HEREBY EXPRESSLY EXCLUDED AND DISCLAIMED. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY WARRANTIES PROVIDED BY ORIGINAL MANUFACTURERS, LICENSORS, OR TRANSMISSION OWNERS OF MATERIAL, EQUIPMENT, SERVICES OR OTHER ITEMS PROVIDED OR USED IN CONNECTION WITH THE SERVICES PERFORMED HEREUNDER OR TRANSFERRED HEREUNDER, INCLUDING ITEMS INCORPORATED IN THE SERVICES (“THIRD PARTY WARRANTIES”) ARE NOT TO BE CONSIDERED WARRANTIES OF EITHER TRANSMISSION OWNER OR TRANSCO AND NEITHER MAKES ANY REPRESENTATIONS, GUARANTIES OR WARRANTIES AS TO THE APPLICABILITY OR ENFORCEMENT OF ANY SUCH THIRD PARTY WARRANTIES.

§11.03 Survival.

The provisions expressed in this Article XI will survive the termination, cancellation or expiration of this Agreement.

ARTICLE XII INDEMNIFICATION

§12.01 Indemnification.

(a) *Indemnification of Transmission Owner.* To the fullest extent permitted by applicable Law and except to the extent Transco or Transco Parties are entitled to indemnification under §12.01(b), Transco shall defend, indemnify and hold harmless Transmission Owner, its Affiliates and its and their respective members, partners, trustees, directors, managers, officers, employees, agents and representatives (the “*Transmission Owner Parties*”) from and against any and all liabilities, damages, losses, costs, expenses (including reasonable attorneys’ fees and disbursements), claims, demands, suits, causes of action, liens, penalties, obligations or judgments of any nature, including for death, personal injury, and property damage (collectively, “*Losses*”) incurred or sustained by Transmission Owner or any Transmission Owner Party to the extent arising from or related to (i) any act or omission of Transco or any Transco Party related to the Services or this Agreement or (ii) the performance of Services by Transmission Owner; except, in either case, to the extent such Losses arise from or relate to the gross negligence, fraud or willful misconduct of Transmission Owner or any Transmission Owner Party as finally determined by a court of competent jurisdiction.

(b) *Indemnification by Transmission Owner.* To the fullest extent permitted by applicable Law, Transmission Owner shall indemnify, defend and hold harmless Transco, its Affiliates and its and their respective members, partners, trustees, directors, managers, officers, employees, agents and representatives, including any Alternate Contractor (the “*Transco Parties*”) from and against any and all Losses incurred or sustained by Transco or any Transco Party to the extent arising from or related to (i) the gross negligence, fraud or willful misconduct of Transmission Owner or any Transmission Owner Party in connection with the Services as finally determined by a court of competent jurisdiction and (ii) acts of discrimination, harassment, retaliation, defamation or other intentional torts committed by Transmission Owner or any Transmission Owner Party.

§12.02 Notification of Claim. As soon as is reasonably possible following receipt of any claim or notice of the commencement of any action, administrative or legal proceeding or investigation or any other discovery of facts or conditions that could reasonably be expected to give rise to a Loss or Losses for which indemnification is provided hereunder, the indemnitee (the “*Indemnified Party*” or the “*Indemnified Parties*”) shall promptly notify the party or parties liable for such indemnification (the “*Indemnifying Party*”) in writing of the facts and circumstances relating to such Loss or Losses and the amount (or good faith estimate of the amount) thereof; *provided, however*, that the failure to provide such notice shall not release the Indemnifying Party from its obligations under this Article XII, except to the extent that the Indemnifying Party is actually prejudiced by such failure.

§12.03 Indemnification Procedures; Defense of Claims Third Party Claims. Upon receipt of notice of a claim by the office of the General Counsel or such other chief legal officer of the Indemnifying Party for indemnity from an Indemnified Party pursuant to §12.02, the Indemnifying Party shall have the right to assume the defense and control any claim arising out of or involving a claim or demand made by a third party against an Indemnified Party (a “*Third Party Claim*”), but shall allow the Indemnified Party a reasonable opportunity to participate in the defense of such

Third Party Claim with its own counsel and at its own expense; *provided*, that if the Indemnifying Party and the Indemnified Party are both named parties to the proceedings and, in the reasonable opinion of counsel to the Indemnified Party, representation of both parties by the same counsel would be inappropriate due to actual or potential conflict between them, then the applicable Indemnified Parties shall be entitled to participate in, but not control, any such defense with one separate counsel at the reasonable expense of the Indemnifying Party. The Indemnifying Party shall select counsel of recognized standing and competence after consultation with the Indemnified Party and shall take all reasonably necessary steps in the defense or settlement of such Third Party Claim. The Indemnifying Party shall be authorized to consent to a settlement of, or the entry of any judgment arising from, any Third Party Claim, without the consent of any Indemnified Party (not to be unreasonably withheld, delayed or conditioned), *provided*, that the Indemnifying Party shall (i) pay or cause to be paid all amounts arising out of such settlement or judgment concurrently with the effectiveness of such settlement, (ii) ensure that such settlement does not encumber any of the material assets of any Indemnified Party or agree to any restriction or condition that would apply to or materially adversely affect any Indemnified Party or the conduct of any Indemnified Party's business, (iii) obtain, as a condition of any settlement or other resolution, a complete release of any Indemnified Party potentially affected by such Third Party Claim, and (iv) ensure that the settlement does not include any admission of wrongdoing or misconduct.

(b) *Non-Third Party Claims.* In the event any Indemnifying Party receives a notice of a claim by the office of the General Counsel or such other chief legal officer of the Indemnifying Party for indemnity from an Indemnified Party pursuant to §12.02 that does not involve a Third Party Claim, the Indemnifying Party shall notify the Indemnified Party within thirty (30) days following its receipt of such notice if the Indemnifying Party disputes its liability to the Indemnified Party under this §12.03(b). If the Indemnifying Party does not so notify the Indemnified Party, then the claims specified by the Indemnified Party in such notice shall be conclusively deemed to be a liability of the Indemnifying Party under this §12.03(b), and the Indemnifying Party shall pay the amount of such liability to the Indemnified Party on demand or, in the case of any notice in which the amount of the claim (or any portion of the claim) is estimated, on such later date when the amount of such claim (or such portion of such claim) becomes finally determined, subject in all cases to any maximum limitation applicable thereto as set forth herein. If the Indemnifying Party has timely disputed its liability with respect to such claim as provided above, then the Indemnifying Party and the Indemnified Party shall resolve such Dispute in accordance with Article XV.

§12.04 Indemnification Amount.

Any amount owing to an Indemnified Party for Losses under this Article XII shall be determined net of any insurance or other recovery by an Indemnified Party with respect to such Losses (net of all reasonable expenses incurred by the Indemnified Party in recovering such proceeds).

§12.05 Survival.

The provisions expressed in this Article XII shall survive termination of this Agreement.

ARTICLE XIII INSURANCE

§13.01 Required Coverage. During the Term, each Party shall maintain, at its own cost and expense, commercial general liability, automobile liability, worker's compensation, and other forms of insurance relating to its operations in connection with the Projects and the Services, in the manner and in amounts equal to or in excess of the amounts set forth in **Schedule 4** issued by reputable insurance companies with an A.M. Best Rating of at least B+.

§13.02 Proof of Coverage. Within fifteen (15) days of the Effective Date, and each anniversary of the Effective Date, during the Term, each Party shall provide to the other Party, properly executed and current certificates of insurance with respect to all insurance policies required to be maintained by such Party under this Agreement. Certificates of insurance shall provide the following information:

- (a) Name of insurance company, policy number and expiration date; and
- (b) The coverage required and the limits on each, including the amount of deductibles or self-insured retentions, which shall be for the account of either Transmission Owner or Transco, as applicable, as the party maintaining such policy;

At the other Party's request, in addition to the foregoing certificates, a Party shall deliver to the requesting Party a copy of the applicable sections of each insurance policy.

A Party will provide at least thirty (30) days' notice of a reduction of liability limits or cancellation or non-renewal of a policy to the other Party.

§13.03 Right to Inspect. Each Party shall have the right to inspect the original policies of insurance applicable to this Agreement at each other's place of business during regular business hours.

§13.04 Term of Coverage. If any insurance is written on a "claims made" basis, the Party shall maintain the coverage for a minimum of three (3) years after the termination or expiration of this Agreement.

§13.05 Subrogation Waivers. To the extent permitted by the insurer and commercially reasonable, a Party shall obtain waivers of subrogation in favor of the other Party from any insurer providing coverage that is required to be maintained under this ARTICLE XIII .

§13.06 Contractors, Etc. Each Party shall require all contractors, subcontractors, professional service providers, and equipment suppliers or manufacturers to maintain insurance in amounts, with carriers and policy amounts approved by it, for workers compensation, liability, contractors' liability and such other hazards as set forth in **Schedule 4**. Each Party shall be an additional insured on all policies (other than workers' compensation and professional liability policies) procured by the other Party's contractors, subcontractors, professional service providers, and equipment suppliers or manufacturers. To the extent permitted by insurer and commercially reasonable, a Party's contractors, subcontractors, professional service providers, and equipment suppliers or manufacturers shall obtain waivers of subrogation in favor of the Parties from any insurer providing coverage that is required to be maintained under this Article XIII.

ARTICLE XIV CONFIDENTIALITY

§14.01 *General*. Except to the extent permitted under §14.02, each Party will not itself use or disclose (and will not permit the use or disclosure by any of its directors, trustees, managers, officers, employees, agents, Affiliates or advisers, consultants, counsel and public accountants (collectively, “*Representatives*”)), directly or indirectly, and shall keep (and shall cause its Representatives, to keep) in strictest confidence and trust any Confidential Information of the other Party. “*Confidential Information*” means any and all information, including CEII, prepared or delivered to the receiving Party (the “*Receiving Party*”) by the disclosing Party (the “*Disclosing Party*”) or its Representatives (including information or data received by the Disclosing Party from a third party and as to which the Disclosing Party has confidentiality obligations), that is (a) marked or designated by the Disclosing Party as “confidential” or “proprietary;” (b) disclosed orally or visually; *provided* that such information is identified at the time of such disclosure as proprietary or confidential, and that within 30 days thereafter a written summary of such oral or visual disclosure bearing the aforesaid type of label or legend, is provided to the Receiving Party; or (c) known to the Receiving Party, or should be known to a reasonable person given the facts and circumstances of the disclosure, as being treated as confidential or proprietary by the Disclosing Party. Confidential Information shall not include information that the Receiving Party can demonstrate: (a) is generally available to the public other than as a result of a disclosure by the Receiving Party, (b) was in the lawful possession of the Receiving Party on a non-confidential basis receiving it from the Disclosing Party, (c) was independently developed by the Receiving Party without use or knowledge of the Disclosing Party’s information, or (d) is, or becomes, publicly known, through no wrongful act or omission of the Receiving Party.

§14.02 *Required Disclosure*. Notwithstanding the obligations of each Party with respect to the Confidential Information pursuant to §14.01, (i) the Receiving Party and its Representatives may use, retain and disclose any such Confidential Information to any Governmental Authority, including FERC, the Securities and Exchange Commission, the NYPSC, NPCC, NERC and NYISO but such Receiving Party and its Representatives will first, as soon as practicable afford the Disclosing Party reasonable opportunity, at the Disclosing Party’s cost and expense, to seek a protective order or other reasonably satisfactory assurance of confidential treatment for the Confidential Information required to be disclosed (in the case of CEII, ensuring that such Confidential Information is accorded CEII status and is otherwise treated as confidential), (ii) the Receiving Party and its Representatives may use, retain and disclose any such Confidential Information that has been publicly disclosed (other than by such Receiving Party or any of its Representatives in breach of §14.01 or this §14.02) or has rightfully come into the possession of the Receiving Party or any of its Representatives other than from the other Party or a Person acting on such other Party’s behalf, (iii) to the extent that the Receiving Party or its Representatives may have received a subpoena or other written demand under color of legal right for such Confidential Information, such Party or its Representatives may disclose such Confidential Information, but such Party will first, as soon as practicable upon receipt of such demand and unless otherwise prohibited by applicable Law, furnish a copy thereof to the other Party and, if practicable so long as such Party or its Representatives will not be in violation of such subpoena or demand or likely to become liable to any penalty or sanctions thereunder, afford the other Party reasonable opportunity, at such other Party’s cost and expense, to seek a protective order or other reasonably satisfactory assurance of confidential treatment for the Confidential Information required to be disclosed, (iv) the Receiving Party or its Representatives may disclose any such Confidential

Information, and make such filings, as may be required by this Agreement, (v) the Receiving Party or its Representative may disclose any such Confidential Information if approved by the Disclosing Party for disclosure, and (vi) nothing in §14.01 and this §14.02 will prevent the Receiving Party from using such Confidential Information for its own internal purposes solely in connection with the exercise of its rights and remedies and performance of its obligations under this Agreement. Notwithstanding anything in this Agreement to the contrary, a Party may disclose Confidential Information to its Representatives in accordance with this Agreement if such Persons have agreed to maintain the confidentiality of confidential information on terms at least as restrictive as those provided for in this Agreement.

§14.03 Termination of the Agreement. Upon termination of this Agreement for any reason, such Party shall, within ten days of receipt of a written request from the other Party destroy, erase and/or delete (with such destruction, erasure and/or deletion certified in writing to the other Party) or return to the other Party, without retaining copies thereof (other than those maintained in the ordinary course through electronic backup or archival information management processes, which may continue to be maintained subject to the confidentiality restrictions contained herein for the survival period specified below), any and all written or electronic Confidential Information received from the other Party pursuant to this Agreement.

§14.04 Survival. The restrictions contained in this Article XIV will survive the termination or expiration of this Agreement for a period of two (2) years from the date of such termination; *provided, however,* that (i) Confidential Information that is subject to a confidentiality obligation imposed by a third party on the Disclosing Party or its Affiliates by such third party shall be kept confidential by the Receiving Party so long as such third party confidentiality obligations remain effective, and, provided, that the Receiving Party has received a copy of the written instrument imposing the confidentiality obligation on the Disclosing Party or its Affiliates; and (ii) the restrictions contained in this Article XIV shall not expire or terminate with respect to CEII or, with respect to trade secrets, until such time as the information is no longer a trade secret.

§14.05 Remedies. The Parties agree that monetary damages would be inadequate to compensate a Party for another Party's breach of its obligations under this Article XIV. Each Party accordingly agrees that the other Party shall be entitled to equitable relief, by way of injunction or otherwise, if such Party breaches or threatens to breach its obligations under this Article XIV, which equitable relief shall be granted without bond or proof of damages, and the Receiving Party shall not plead in defense that there would be an adequate remedy at law. Such remedy shall not be deemed an exclusive remedy for the breach of this Article XIV, but shall be in addition to all other remedies available at law or in equity.

ARTICLE XV DISPUTE RESOLUTION

§15.01 Negotiation. The Parties will attempt, in good faith, to resolve or cure any dispute, controversy or claim (a "*Dispute*") before initiating any formal legal action at law or in equity to resolve the same. If either Party believes that a Dispute has arisen, such Party will give written notice thereof to the other Party, which notice will describe in reasonable detail the basis and specifics of the claimed Dispute (the "*Dispute Notice*"). Within five (5) days after delivery of the Dispute Notice, the Project Manager and the TO Lead will meet (in person or via telephone) to discuss and attempt to resolve or cure such Dispute.

(b) If the Project Manager and the TO Lead are unable to resolve the Dispute within fifteen (15) days after delivery of the Dispute Notice, the matter will be referred to the President or Chief Executive Officer (or similar position) of each Party (or such other executive officer designated by the relevant Party with the power and authority to represent such Person). The President or Chief Executive Officer of each Party (or such other executive officer designated by the relevant Party with the power and authority to represent such Person) shall negotiate for a reasonable period of time to settle the Dispute after the Dispute Notice is referred to them; *provided* that such reasonable period shall not, unless otherwise agreed by the Parties in writing, exceed fifteen (15) days from the time of receipt of the Dispute Notice by the President or Chief Executive Officer of each Party (or such other executive officer designated by the relevant Party with the power and authority to represent such Person).

§15.02 Non-Binding Mediation.

(a) If any Dispute has not been resolved for any reason after thirty (30) days have elapsed from the receipt by a Party of a Dispute Notice, such Dispute may, on the written request (a “*Mediation Request*”) of a Party thereof, be referred to non-binding mediation pursuant to the Commercial Mediation Rules (the “*Rules*”) of the American Arbitration Association (“AAA”) then in effect. The Parties shall attempt to agree on a mediator for a period of fifteen (15) days following a Party’s issuance of a Mediation Request. If the Parties fail timely to agree on a mediator, either Party may request the AAA to appoint a mediator.

(b) If a Dispute is not resolved for any reason within sixty (60) days of receipt of the Mediation Request, any Party may bring suit on the Dispute in accordance with §15.01 hereof.

(c) In the event of any Dispute with respect to which a Dispute Notice has been delivered in accordance with §15.01, and if mediation proceedings are initiated pursuant to this §15.02, during sixty (60) days following receipt of the Dispute Notice (i) a Party shall not assert the defenses of statute of limitations and laches with respect to the period beginning after the date of receipt of the Dispute Notice, and (ii) any contractual time period or deadline under this Agreement to which such Dispute relates occurring after the Dispute Notice is received shall not be deemed to have passed until such Dispute has been resolved. Nothing said or disclosed, nor any document produced, in the course of any negotiations, conferences and discussion in connection with efforts to settle a Dispute that is not otherwise independently discoverable shall be offered or received as evidence or used for impeachment or for any other purposes in any suit, but shall be considered as to have been disclosed for settlement purposes.

§15.03 *Continuation of Work.* Pending resolution of any Dispute pursuant to §15.01 or §14.02, or pursuant to a binding award or determination of a court or in an arbitral proceeding, the Parties will continue to fulfill their respective obligations under this Agreement; *provided* that the applicable Party may withhold any amount that is the subject of the Dispute from any payment otherwise due under this Agreement during the pendency of any Dispute resolution proceeding. Upon resolution of the Dispute, any Party found owing an amount will promptly pay to the other Party any amount determined to be due, plus interest on the outstanding amount computed at the Federal Funds Rate plus 150 basis points from the date the amount should have been paid until the amount is paid in full. A Party’s undertaking to continue to fulfill its obligations under this

Agreement pursuant to this §15.03 shall not override its right to terminate this Agreement as provided in Article V5 hereto.

ARTICLE XVII FORCE MAJEURE

§17.01 Excused Performance. If either Transco or Transmission Owner is rendered wholly or partially unable to perform some or all of its obligations under this Agreement (other than payment obligations) due to a Force Majeure Event, then the Party affected by such Force Majeure Event shall be excused from whatever performance is impaired by such Force Majeure Event, *provided* that the affected Party promptly, upon learning of such Force Majeure Event and ascertaining that it will affect its performance hereunder, (i) gives written notice to the other Party stating the nature of the Force Majeure Event, its anticipated duration, and any action being taken to avoid or minimize its effect, and (ii) uses its commercially reasonable efforts to remedy its inability to perform. A Force Majeure Event shall not be deemed to have occurred or to be continuing unless the party claiming Force Majeure complies with the requirements of this Article XVII. The suspension of performance shall be for the duration of the applicable Force Majeure Event. No obligations of either Party which arose before the Force Majeure Event causing the suspension of performance and which could and should have been fully performed before such Force Majeure Event occurred shall be excused as a result of such Force Majeure Event. The burden of proof shall be on the Party asserting excuse from performance due to a Force Majeure.

§17.02 Alternate Contractors.

Except with respect to work regarding Substation Upgrade Facilities (which in all events shall be performed and/or controlled by Transmission Owner), Transco shall have the right, upon written notice to Transmission Owner and at its sole cost and expense, to obtain alternate contractors to perform the Services during any Force Majeure Event that prevents or delays Transmission Owner's performance hereunder if the Force Majeure Event has or, in Transco's reasonable judgment, threatens to have an adverse effect on Transco's ability to conduct its operations (an "Alternate Contractor"); *provided* that Transmission Owner shall have no liability to Transco in respect of Services performed by an Alternate Contractor, and *provided, further* that any such Alternate Contractor satisfies and otherwise complies with Transmission Owner's requirements, policies and procedures and with the requirements, if applicable, of the Lease. Without limitation, no failure or delay on the part of any Party in exercising any of its rights under this Agreement, no partial exercise by any Party of any of its rights under this Agreement, and no course of dealing among the Parties, will constitute a waiver of the rights of a Party.

§18.11 Severability. Any provision of this Agreement that will be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this Agreement and any such prohibition or unenforceability in any jurisdiction will not invalidate or render unenforceable such provision in any other jurisdiction. To the extent permitted by applicable Law,

the Parties hereby waive any provision of Law that renders any provision of this Agreement prohibited or unenforceable in any respect.

The Transferor warrants and represents to the Transferee that title to all such transferred equipment, materials and assets shall pass free and clear of any and all liens, claims, rights, charges, or encumbrances of any nature whatsoever. The Transferor hereby covenants and agrees, for the benefit of the Transferee, that the Transferor will, for the Transferee and its successors and assigns, warrant and forever defend, at the Transferor's sole cost and expense, the right, title, and interest of the Transferee and its successors and assigns in and to the transferred equipment, materials and assets against the lawful claims and demands of all persons. Matters relating to warranties, representations and guarantees in connection with the transfer of equipment, materials and assets under this Agreement shall be governed by §11.02 hereof.

§18.14 [Intentionally Omitted].

§18.15 Binding Effect. The terms of this Agreement will be binding upon, and inure to the benefit of, the Parties and their successors and permitted assigns.

§18.16 Counterparts. This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Agreement and all of which, when taken

together, will be deemed to constitute one and the same agreement. The exchange of copies of this Agreement and of signature pages by facsimile or other electronic transmission (including exchange of PDFs by electronic mail) shall constitute effective execution and delivery of this Agreement as to the Parties and may be used in lieu of the original Agreement for all purposes. Signatures of the Parties transmitted by facsimile or other electronic means shall be deemed to be their original signatures for all purposes. In proving this Agreement it shall not be necessary to produce or account for more than one such counterpart signed by the Party against whom enforcement is sought.

DESCRIPTION OF PROJECTS

RRT Project -Feeder 76

The project adds a second parallel 345 kV circuit, feeder 76, to the existing double circuit structures currently supporting 345 kV feeder 77 between CECONY Ramapo substation and Central Hudson Gas and Electric Corporation's ("Central Hudson") Rock Tavern substation. The existing 345 kV circuit feeder 77 runs approximately 27.4 miles inside Orange and Rockland Counties, New York. The approximate 27.4 mile length between the Ramapo and Rock Tavern substations includes towers 1 to 178, which are double circuit steel lattice towers. The 345 kV feeder line was built in 1974. Some towers may have cell phone appurtenances, fiber optic lines or other attachments. Access to the line and structure locations is via existing transmission line service roads. The route traverses a mountainous terrain with numerous steep slopes and is mostly covered with dense vegetation and sporadic rock outcrops. The majority of the right-of-way (ROW) is 100' to 125' wide with the center line of the towers generally situated at the centerline of the ROW.

The new 345 kV feeder 76 connects the 345 kV Ramapo substation (owned by Transmission Owner) to the Central Hudson 345 kV Rock Tavern substation by performing three concurrent system upgrades:

The first upgrade converts the 138 kV feeder 28 between Orange and Rockland Utilities, Inc.'s ("O&R") 138 kV Ramapo substation and O&R 138 kV Sugarloaf substation to 345 kV feeder 76 by reconnecting it to a new Bay 1 at the 345 kV Ramapo substation.

The second upgrade installs a new, O&R 345 kV Sugarloaf substation in the vicinity of the existing 138 kV Sugarloaf substation. The new 345 kV Sugarloaf substation consists of a step-down 345/138 kV transformer, associated new 345 kV switching equipment and ancillary facilities. The 345 kV connections to the transformer taps off 345 kV feeder 76. The 138 kV side of the new 345/138 kV step-down transformer is connected to the existing spare feeder position in the 138 kV Sugarloaf substation.

The third upgrade installs approximately 11.8 miles of additional 345 kV feeder 76 between the 345 kV Sugarloaf substation and the 345 kV Rock Tavern substation utilizing existing double circuit structures currently supporting 345 kV feeder 77. New 345 kV feeder 76 is connected at 345 kV Rock Tavern substation to an existing position currently occupied by 345 kV feeder 77. The existing 345 kV feeder 77 is re-connected to a new 345 kV Bay.

SIU Project

The Goethals Switching Station on Staten Island has an existing transmission cable, G23L/M, that connects to the Linden Cogeneration Station in Linden, New Jersey. The Linden Cogeneration Station is owned by [East Coast Power (GE) (or a third party to whom GE transferred title)] and the G23L/M cable is jointly owned. This cable is a 345 kV, dual circuit and rated for 1345 MW (normal rating). The Linden Cogeneration Station connects directly to Goethals and has a capacity of 745 MW. The cable serves as the generation exit to the Goethals Station. There is also a variable

frequency transformer (acts like a phase shifter to control power flow) located upstream of the Linden generation ring bus that has a capacity of 315 MW.

This Project reconfigures feeder G23 L/M as two separate and independent cable circuits with separate bus sections at each terminal end. This will allow power transfers to continue in the event of a single cable trip or outage. The expected nominal power transfer of a single cable is approximately half of the single circuit or 672 MW.

The work of this Project at Goethals station to relocate the G23L feeder includes:

1. Installing a new bus section with 345 kV circuit breaker and disconnect switches
2. Relocating/retrifurcating the G23L cable to the new bus section & potheads
3. Installing new control and protection including a new relay enclosure
4. Removing existing G23 pothead and cable components

The work of this Project at the Linden Cogeneration station to relocate G23L feeder includes:

1. Installing a new GIS bus section with 345kV circuit breaker and disconnect switch
2. Modifying the G23L potheads and install new GIS incoming bus
3. Installing new control and protection including new relay panels
4. Removing existing GIS equipment as required by the modifications
