Re: *New York Independent System Operator, Inc.*  
Docket No. ER16-835-000 – Compliance Filing

Dear Secretary Bose,

In its January 19, 2017 Letter Order in the above-referenced docket,<sup>1</sup> the Federal Energy Regulatory Commission (the “Commission”) approved the uncontested Offer of Settlement (“Settlement”) filed by the New York Power Authority (“NYPA”). The Settlement resolves the issues set for hearing<sup>2</sup> regarding NYPA’s formula rate template and formula rate implementation protocols used to determine NYPA’s annual transmission revenue requirement. As part of its approval of the Settlement, the Commission’s Letter Order directed NYPA to file within 30 days revised tariff records in e-Tariff format that reflect the approved Settlement.

In compliance with the Letter Order, NYPA, working in collaboration with the New York Independent System Operator, Inc. (“NYISO”), the Tariff Administrator for the NYISO Open Access Transmission Tariff (“OATT”), hereby supplies revised OATT records in eTariff format. In accordance with the Settlement, such revised records are made effective April 1, 2016.

**I. Documents Submitted**

NYPA encloses the following documents:

1. This transmittal letter;
2. Clean tariff records reflecting the revisions to the OATT discussed herein (Attachment I);
3. Redlined tariff records reflecting the revisions to the OATT discussed herein (Attachment II);

<sup>2</sup> *New York Indep. Sys. Operator, Inc.*, 154 FERC ¶ 61,268 (2016).

4. A clean formula rate template in native Excel file format (Attachment III); and
5. A clean version of Sections 14.2-14.2.2 of Attachment H of the OATT incorporating tariff revisions unrelated to NYPA's transmission formula rate provisions that have, or have been proposed to, become effective subsequent to the April 1, 2016 effective date requested for the tariff revisions proposed herein (Attachment IV).<sup>3</sup>
