Honorable Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Re: Filing of an Executed Amended and Restated Transmission Facility Interconnection Agreement Among the New York Independent System Operator, Inc., the New York State Electric & Gas Corporation, and Trans-Allegheny Interstate Line Company; and Request for Waiver of the 60-Day Notice Period; Docket No. ER19-____000

Dear Ms. Bose:

Pursuant to Section 205 of the Federal Power Act¹ and Section 35.12 of the Commission's regulations,² the New York Independent System Operator, Inc. ("NYISO"), the New York State Electric & Gas Corporation ("NYSEG"), and Trans-Allegheny Interstate Line Company ("TrAILCo") (together, the "Joint Filing Parties") hereby tender for filing an executed Amended and Restated Transmission Facility Interconnection Agreement ("Amended Agreement") between and among NYSEG, TrAILCo, and the NYISO that was fully executed on July 31, 2019.³ The Amended Agreement is labelled as Service Agreement No. 2232 under the NYISO's Open Access Transmission Tariff ("OATT").⁴

The Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing. Further, as described in Part III of this letter, the Joint Filing Parties respectfully request a waiver of the Commission's 60-day notice requirement to make the Amended Agreement effective as of July 31, 2019, which is the date of its full execution.

¹ 16 U.S.C. § 824d (2014).

² 18 C.F.R. § 35.12 (2014).

³ PJM was added as a signatory to the Original Agreement and this Amended Agreement consistent with Commission precedent to ensure that it is kept fully apprised of the matters addressed herein, so that it may be kept aware of any reliability and planning issues that may arise. *See American Elec. Power Services Corp.*, 112 FERC ¶ 61,128 at P 10 (2005).

⁴ The NYISO files New York Transmission Owners' wires-to-wires interconnection agreements with the Commission on behalf of New York Transmission Owners with a NYISO Services Agreement number. *See, e.g.*, New York Independent System Operator, Inc., and Consolidated Edison Company of New York, Inc., Letter Order, Docket No. ER15-1845-000 (July 17, 2015) (accepting Transmission Owners' interconnection agreement filed by the NYISO with a NYISO Services Agreement number).

I. Background

The Amended Agreement supersedes the Transmission Facility Interconnection Agreement between the Joint Filing Parties that was filed in Docket No. ER15-2398-000 on August 7, 2015, as Service Agreement No. 2232 (“Original Agreement”). The Original Agreement was accepted by the Commission on September 18, 2015.⁵

As reflected in the Original Agreement, the transmission facility consists of a substation owned by TrAILCo near the town of Mainesburg, Pennsylvania, under the operational control of PJM. The New York State Transmission System operated by the NYISO expands into Pennsylvania via a 345 kV transmission line, owned by NYSEG, that runs from the Watercure Road Substation in New York to the Homer City Substation in Pennsylvania (“Watercure Line”). The Mainesburg Substation interconnects with, and electrically bifurcates, the Watercure Line into two segments that are both owned by NYSEG and operated by the NYISO as part of the New York State Transmission System.

Subsequent to the execution of the Original Agreement, TrAILCo installed two 345 kV shunt reactors and related equipment at the Mainesburg Substation (“New Facilities”). The New Facilities have been installed on the TrAILCo side of the point of interconnection for the Mainesburg Substation and have commenced operation. The Parties agreed to amend the Original Agreement to reflect the New Facilities.

II. Discussion of Changes

As described in the August 7, 2015 filing, this interconnection was not subject to the terms of the NYISO’s *pro forma* Large Generating Facility Interconnection Agreement (“Pro Forma LGIA”). Notwithstanding this, the Original Agreement is generally consistent with the NYISO’s Pro Forma LGIA. The differences reflected the unique circumstances of the Original Agreement, which addresses the interconnection of transmission facilities operated by PJM with those operated by the NYISO, and the application of the agreement to a transmission facility, rather than a generation facility. The Joint Filing Parties submit this Amended Agreement to make the following minor changes:⁶

- modifications to reflect that this is the “Amended and Restated” agreement;
- revisions to the preamble language to indicate that the Original Agreement shall be superseded by the Amended Agreement;

⁵ *New York Independent System Operator, Inc., New York State Electric & Gas Corporation, Trans-Allegheny Interstate Line Company, and PJM*, Letter Order, Docket No. ER15-2398-000 (Sept. 18, 2015).

⁶ As the Joint Filing Parties are not subject to the terms of the Pro Forma LGIA, the Amended Agreement is not subject to the Commission’s high standard for accepting variations from the Pro Forma LGIA.

- revisions to: (i) section 18.2.3 and the PJM signature block to change the reference to PJM's "officer" to PJM's "representative"; and (ii) the PJM signature block to provide for the date of acknowledgment;
- updates to the list of Stand Alone System Upgrade Facilities equipment to reflect the New Facilities;
- updates to the simplified one-line diagram provided in Appendix A to reflect the New Facilities; and
- updates to party contact information.

The Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing.

III. EFFECTIVE DATE AND REQUEST FOR WAIVER

The Joint Filing Parties request an effective date of July 31, 2019, for the Amended Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date. The Commission has previously granted waivers of its prior notice requirements to permit the requested effective dates for executed interconnection agreements.⁷

⁷ See, e.g., *New York Independent System Operator, Inc. and New York State Electric & Gas Corporation*, Docket No. ER11-2953-000 (April 7, 2011) (accepting interconnection agreement effective as of date of execution); see also *New York Independent System Operator, Inc. and Niagara Mohawk Power Corp., Letter Order*, Docket No. ER08-985-000 (June 26, 2008) (same); *New York Independent System Operator, Inc. and New York Power Authority, Letter Order*, Docket No. ER08-861-000 (May 27, 2008) (same); *New York Independent System Operator, Inc. and New York Power Authority, Letter Order*, Docket No. ER08-699-000 (May 16, 2008) (same).

IV. COMMUNICATIONS AND CORRESPONDENCE

Communications regarding this filing should be directed to:

For the NYISO⁸

*Designated to receive service.

V. DOCUMENTS SUBMITTED

The Joint Filing Parties submit the following documents with this filing letter:

- a clean version of the Amended Agreement (Attachment I);
- a blacklined version of the Amended Agreement showing the differences from the Original Agreement (Attachment II); and
- the signature pages for the Amended Agreement (Attachment III).

VI. SERVICE

The NYISO will send an electronic link to this filing to the official representative of each of its customers, to each participant on its stakeholder committees, to the New York Public Service Commission, and to the New Jersey Board of Public Utilities. In addition, a complete copy of the Public documents included with this filing will be posted on the NYISO's website at www.nyiso.com.

VII. CONCLUSION

Wherefore, the Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing with an effective date of July 31, 2019.

Respectfully submitted,

/s/ Sara B. Keegan
