**Re: *LS Power Grid New York Corporation I*
Docket No. ER20-716-004
Compliance Filing Errata**

Dear Ms. Bose:

On August 17, 2021, the New York Independent System Operator, Inc. (“NYISO”) submitted on behalf of LS Power Grid New York Corporation I (“LSPGNY”) a compliance filing to comply with the Commission’s order of June 17, 2021 accepting the Settlement in the referenced Docket.¹ As a result of an oversight by LSPGNY, the compliance submission failed to include a required update to Section 7 of the LSPGNY Formula Rate Implementation Protocols (“Protocols”) to correct Docket references. The LSPGNY Protocols are set forth in Section 6.10.7.2.2 of Attachment 1 to Rate Schedule 10 of the NYISO’s Open Access Transmission Tariff (“OATT”). To correct this oversight, NYISO makes this erratum filing on behalf of LSPGNY.²

Consistent with footnote 9 of the Settlement Approval Order, LSPGNY updates its Protocols to remove the sub-docket references in Section 7. This filing consists of the following materials:

- This Transmittal Letter;
- Attachment A: a revised clean version of LS Power Grid New York Corporation I Formula Rate Implementation Protocols (Section 6.10.7.2.2 of the NYISO OATT);

¹ *New York Indep. Sys. Operator, Inc., et al.*, 175 FERC ¶ 61,210 (2021) (“Settlement Approval Order”).

² The NYISO submits this filing on behalf of LSPGNY solely in its role as administrator of the NYISO OATT.

- Attachment B: a marked version of LS Power Grid New York Corporation I Formula Rate Implementation Protocols (Section 6.10.7.2.2 of the NYISO OATT).

Should you have any questions concerning this filing, please contact the undersigned.

Respectfully submitted,

Michael R. Engleman
