**Re: *New York Independent System Operator, Inc.,*
 Docket No. ER11-3814-_____
 Amendment to the Filing of Proposed Tariff Revisions to Schedules A
 and B of the Joint Operating Agreement with PJM and Request for
 Shortened Comment Period**

Dear Ms. Bose:

The New York Independent System Operator, Inc. (“NYISO”) is filing these errata to correct its proposed revisions to Section 35, Schedule A, of the NYISO’s Open Access Transmission Tariff (“OATT”) submitted on June 16, 2011 in the above-captioned proceeding.¹ Section 35 of the NYISO OATT is the Joint Operating Agreement Among and Between New York Independent System Operator Inc. and PJM Interconnection, L.L.C. and Schedule A lists Interconnection facilities under the operational control of the NYISO and PJM.

In proposing to add the S. Mahwah-Waldwick J3410 and the S. Mahwah-Waldwick K3411 Interconnection facilities to Schedule A, the NYISO inadvertently reversed the PJM and NYISO designations for each. Whereas the NYISO listed the J3410 and K3411 facilities as S. Mahwah in PJM and Waldwick in the NYISO, both are actually known as Waldwick in PJM and S. Mahwah in the NYISO. Because its proposed errata are entirely consistent with the revisions included in the NYISO’s June 16, 2011 filing in the above-captioned proceeding, the NYISO respectfully requests the Commission not establish any additional notice and comment period for its errata. Should the Commission notice this filing for comment, however, the NYISO requests that the Commission waive the standard sixty day notice period and, to the extent necessary, establish a shortened comment period to preserve the effective date of August 16, 2011 requested in the June 16, 2011 filing. To the extent necessary, the

¹ See: New York Independent System Operator, Inc. Docket ER11-3814-000, *Proposed Tariff Revisions to Schedules A and B of the Joint Operating Agreement with PJM*, filed June 16, 2011 (“June 16 filing”).

NYISO also requests waiver of any answer period that might otherwise apply to this request.

I. Documents Submitted

1. This filing letter;
2. A clean version of the proposed revisions to the NYISO's OATT ("Attachment I"); and
3. A blackline version of the proposed revisions to the NYISO's OATT ("Attachment II")

II. Errata

It has come to the NYISO's attention that two amendments proposed in the June 16, 2011 filing adding entries to the "Description of Interconnection Facilities" list in Schedule A reversed the common designations for each. That is, the NYISO identified the J3410 and the K3411 facilities as S. Mahwah in PJM and Waldwick in the NYISO. Actually, the Interconnection facilities J3410 and K3411 are identified as Waldwick in PJM and S. Mahwah in the NYISO. This inadvertent reversal of their common designations is a ministerial error and has no impact on the operational control of these facilities. The numerical designations, the kV size and the Common Meter Points were all identified correctly in the June 16 filing.

III. Effective Date

The NYISO respectfully requests that the Commission accept the tariff modifications included with this filing with the same August 16, 2011 effective date as requested in the June 16, 2011 filing in this docket. Granting an August 16, 2011 effective date would not harm any potentially interested party because the corrections included in this filing address the same substantive issue as the ones included in the June 16, 2011 filing which has already had a full notice and comment period. There is, therefore, good cause for the Commission to waive the standard sixty day notice period. Similarly, there is good cause to shorten the comment period to the extent necessary to allow the Commission to issue an order accepting the June 16, 2011 filing effective August 16, 2011.

IV. Certificate of Concurrence

PJM, co-signatory to the JOA, will file and post a certificate of its concurrence with this filing in accordance with 18 CFR 35.1(a).

V. Communications and Correspondence

All communications and service in this proceeding should be directed to:

Robert E. Fernandez, General Counsel
Raymond Stalter, Director, Regulatory Affairs
*Mollie Lampi, Assistant General Counsel
New York Independent System Operator, Inc.

* Designated to receive service.

VI. Service

This filing will be posted on the NYISO's website at www.nyiso.com. In addition, the NYISO will e-mail an electronic link to this filing to the official representative of each party to this proceeding, to each of its customers, to each participant on its stakeholder committees, to the New York Public Service Commission, and to the New Jersey Board of Public Utilities.

VII. Conclusion

Wherefore, for the foregoing reasons, the New York Independent System Operator, Inc. respectfully requests that the Commission accept these errata to its June 16, 2011 filing to be effective August 16, 2011.

Respectfully submitted,

/s/ Mollie Lampi
