Re: Joint Filing of an Executed Second Amended and Restated Small Generator Interconnection Agreement for the Albany County 2 Solar Project (Queue Position No. 598) Among the New York Independent System Operator, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, and Hecate Energy Albany 2 LLC; Request for Waiver of the 60-Day Notice Period; Docket No. ER24-\_\_\_\_-000

Dear Ms. Reese:

Pursuant to Section 205 of the Federal Power Act<sup>1</sup> and Section 35.13 of the Commission's regulations,<sup>2</sup> the New York Independent System Operator, Inc. ("NYISO") and Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid") (together, the "Joint Filing Parties") hereby tender for filing an executed Second Amended and Restated Small Generator Interconnection Agreement for the Albany County 2 Solar Project (NYISO Queue No. 598) entered into by the NYISO, National Grid, as the Connecting Transmission Owner, and Hecate Energy Albany 2 Solar LLC ("Hecate"), as the Interconnection Customer (the "Second Amended Agreement").<sup>3</sup> The Second Amended Agreement is labeled as Service Agreement No. 2555 under the NYISO's Open Access Transmission Tariff ("OATT").

The Joint Filing Parties respectfully request that the Commission accept the Second Amended Agreement for filing. The Second Amended Agreement conforms to the NYISO's *pro forma* Small Generator Interconnection Agreement ("Pro Forma SGIA") that is contained in Attachment Z to the OATT, with the limited changes previously accepted by the Commission for the prior versions of this interconnection agreement. Further, as described in Part II of this letter, the Joint Filing Parties respectfully request a waiver of the Commission's prior notice

requirements<sup>4</sup> to make the Second Amended Agreement effective as of February 1, 2024, which is the date of its full execution.

## **I. Discussion**

### **A. Background**

The Second Amended Agreement supersedes the Amended and Restated Small Generator Interconnection Agreement among the NYISO, National Grid, and Hecate that was filed in the Commission's Docket No. ER22-2036-000 on June 6, 2022,<sup>5</sup> and was accepted by the Commission on August 3, 2022 (the "First Amended Agreement").<sup>6</sup> This agreement superseded the Small Generator Interconnection Agreement among the NYISO, National Grid, and Hecate that was filed in the Commission's Docket No. ER 20-2974-000 on September 24, 2020<sup>7</sup> and was accepted by the Commission on November 13, 2020 (the "Original Agreement").<sup>8</sup> The First Amended Agreement and the Original Agreement were based on and are consistent with the Pro Forma SGIA, but included certain non-conforming modifications, which were accepted by the Commission for the Original Agreement.

Hecate is constructing a 20 MW solar electricity generating facility to be located in Selkirk in Albany County, New York (the "Facility"). Details concerning the Facility are located in Attachment 2 of the Second Amended Agreement. Subsequent to the effective date of the First Amended Agreement, Hecate proposed modifications to the inverter equipment for the Facility set forth in Attachment 2 of the First Amended Agreement. Hecate also proposed updates to the milestone dates set forth in Attachment 4 of the First Amended Agreement. The NYISO determined the changes were non-material, and Hecate elected to move forward with amending the First Amended Agreement.

Accordingly, the NYISO, National Grid, and Hecate have revised Attachment 2 and Attachment 3 of the First Amended Agreement to reflect the change in equipment, and revised Attachment 4 of the Original Agreement to reflect the updated milestone dates. In addition, the

NYISO, National Grid, and Hecate have revised the First Amended Agreement to reflect that this is a “Second Amended and Restated” agreement and update contact information in Article 13.

**B. The Interconnection Agreement Closely Conforms to the Pro Forma SGIA Contained in Attachment Z of the NYISO OATT**

The Second Amended Agreement was fully executed on February 1, 2024, by the NYISO, National Grid, and Hecate. The Second Amended Agreement largely conforms to the language in the Pro Forma SGIA contained in Attachment Z of the NYISO OATT and does not include non-conforming variations from the Pro Forma SGIA other than those already accepted by the Commission for the Original Agreement. Therefore, the Joint Filing Parties respectfully request that the Commission accept the Second Amended Agreement.

**II. Proposed Effective Date and Request for Waiver of the 60-Day Notice Period**

The Joint Filing Parties request an effective date of February 1, 2024, for the Second Amended Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date. The Commission has previously permitted interconnection agreements to become effective upon the date of execution.<sup>9</sup>
