Re: Joint Filing of an Executed Amended and Restated Standard Small Generator Interconnection Agreement for the Tayandenega Solar Project (Queue Position No. 565) Among the New York Independent System Operator, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, and Tayandenega Solar, LLC; and Request for Waiver of the 60-Day Notice Period; Docket No. ER25-____-000

Dear Ms. Reese:

Pursuant to Section 205 of the Federal Power Act¹ and Section 35.13 of the Commission's regulations,² the New York Independent System Operator, Inc. ("NYISO") and Niagara Mohawk Power Corporation d/b/a National Grid ("National Grid") (together, the "Joint Filing Parties") hereby tender for filing an executed Amended and Restated Standard Small Generator Interconnection Agreement for the Tayandenega Solar project (NYISO Queue Position No. 565) entered into among the NYISO, National Grid, as the Connecting Transmission Owner, and Tayandenega Solar, LLC ("Tayandenega"), as the Interconnection Customer (the "Amended Agreement").³ The Amended Agreement is labeled as Service Agreement No. 2600 under the NYISO's Open Access Transmission Tariff ("OATT").

The Joint Filing Parties respectfully request that the Commission accept the Amended Agreement for filing. The Amended Agreement conforms to the NYISO's *pro forma* Small Generator Interconnection Agreement ("Pro Forma SGIA") that is contained in Attachment Z to the OATT with one limited non-conforming exception previously accepted by the Commission for the prior version of this agreement. Further, as described in Part II of this letter, the Joint Filing Parties respectfully request a waiver of the Commission's prior notice requirements⁴ to make the Amended Agreement effective as of November 23, 2024, which is the date of its full execution.

¹ 16 U.S.C. § 824d.

² 18 C.F.R. § 35.13 (2023).

³ Capitalized terms that are not otherwise defined in this filing letter shall have the meaning specified in Attachments S or X of the NYISO OATT, and if not defined therein, in the NYISO OATT and NYISO Market Administration and Control Area Services Tariff.

⁴ See *Prior Notice and Filing Requirements Under Part II of the Federal Power Act*, 64 FERC ¶ 61,139, clarified, 65 FERC ¶ 61,081 (1993).

I. Discussion

The Amended Agreement supersedes the Small Generator Interconnection Agreement among the NYISO, National Grid, and Tayandenega that was filed in the Commission's Docket No. ER21-1529-000 on March 26, 2021,⁵ and was accepted by the Commission on May 20, 2021 (the "Original Agreement").⁶ The Original Agreement was based on and is consistent with the Pro Forma SGIA, but for one limited non-conforming modification, which the Commission accepted.

Tayandenega is constructing a 20 MW solar electricity generation facility located in St. Johnsville, New York (the "Facility"). The Facility will interconnect to certain facilities of National Grid that are part of the New York State Transmission System. Additional details regarding the Facility can be found in Attachment 2 of the Amended Agreement

Subsequent to the effective date of the Original Agreement, Tayandenega proposed to update its Commercial Operation Date ("COD"), which the NYISO determined was not material, and made related updates to the milestone dates set forth in Attachment 4 of the Original Agreement.

Accordingly, the NYISO, National Grid, and Tayandenega have revised Attachment 4 of the Original Agreement to reflect the revised COD and updated milestone dates. In addition, the NYISO, National Grid, and Tayandenega have revised the Original Agreement to reflect that this is the "Amended and Restated" version of the agreement.

The Amended Agreement does not include variations from the Pro Forma SGIA other than those already accepted by the Commission. Therefore, the Joint Filing Parties respectfully request that the Commission accept the Amended Agreement.

II. Proposed Effective Date and Request for Waiver of the 60-Day Notice Period

The Joint Filing Parties request an effective date of November 23, 2024, for the Amended Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date. The Commission has previously permitted interconnection agreements to become effective upon the date of execution.⁷
