

THIS FILING LETTER DOES NOT CONTAIN ANY CEIL. ATTACHMENTS I, II, AND IV DO NOT CONTAIN ANY PRIVILEGED OR CONFIDENTIAL INFORMATION. ATTACHMENT III INCLUDES A ONE-LINE SCHEMATIC FOR WHICH CEIL DESIGNATION IS REQUESTED IN PART IV BELOW, AND IS SUBMITTED SEPARATELY.

September 8, 2025

By Electronic Delivery

Honorable Debbie-Anne A. Reese, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, D.C. 20426

Re: Joint Filing of an Executed Standard Interconnection Agreement for the Moraine Solar Energy Center project (Queue Position No. 716) among the New York Independent System Operator, Inc., New York State Electric & Gas Corporation, and Moraine Solar Energy Center, LLC; Request for Waiver of the 60-Day Notice Period; and Request for Critical Energy Infrastructure Information Designation; Docket No. ER25-____-000

Dear Ms. Reese:

Pursuant to Section 205 of the Federal Power Act¹ and Section 35.13 of the Federal Energy Regulatory Commission's (the "Commission") regulations,² the New York Independent System Operator, Inc. ("NYISO") and the New York State Electric & Gas Corporation ("NYSEG") (together, the "Joint Filing Parties") hereby tender for filing an executed Standard Interconnection Agreement for the Moraine Solar Energy Center project (NYISO Queue Position No. 716) among the NYISO, NYSEG, as the Connecting Transmission Owner, and Moraine Solar Energy Center, LLC ("Moraine"), as the Interconnection Customer (the "Agreement").³ The Agreement is labeled as Service Agreement No. 2910 under the NYISO's Open Access Transmission Tariff ("OATT").

The Joint Filing Parties respectfully request that the Commission accept the Agreement for filing. With the limited exceptions described in Part II of this letter, the Agreement conforms to the NYISO's *pro forma* Standard Interconnection Agreement ("Pro Forma IA") that is contained in Attachment HH of the OATT. Further, as described in Part III of this letter, the

¹ 16 U.S.C. § 824d.

² 18 C.F.R. § 35.13 (2025).

³ Capitalized terms that are not otherwise defined in this filing letter shall have the meaning specified in Attachments S, X, or HH of the OATT, and if not defined therein, in the OATT and NYISO Market Administration and Control Area Services Tariff.

Joint Filing Parties respectfully request a waiver of the Commission's prior notice requirements⁴ to make the Agreement effective as of August 22, 2025, which is the date of its execution. Finally, as described in Part IV of this letter, NYSEG requests that the diagram included in the Agreement be protected from disclosure as Critical Energy Infrastructure Information.

I. Background

Moraine is constructing a 93.55 MW solar generating facility to be located in Burns, New York (the "Facility"). Additional details regarding the Facility can be found in Appendix A of the Agreement. The Facility will interconnect to certain facilities of NYSEG that are part of the New York State Transmission System. The Point of Interconnection will be at NYSEG's existing 115 kV Moraine Road Substation. Figure A-1 of the Agreement includes a one-line diagram showing the Point of Interconnection.

II. The Agreement Closely Conforms to the Pro Forma IA Contained in Attachment HH of the OATT

The Agreement was fully executed on August 22, 2025, by the NYISO, NYSEG, and Moraine. The Agreement closely follows the language in the Pro Forma IA contained in Attachment HH of the OATT. However, the Agreement does contain a variation from the Pro Forma IA that is described in this Part II. The Joint Filing Parties submit that the change specified below satisfies the Commission's standard for variations from the Pro Forma IA, because unique circumstances exist that require a non-conforming agreement.⁵ Therefore, the Joint Filing Parties respectfully request that the Commission accept this limited non-conforming change.

A. Modifications for Billing Arrangements

Moraine and NYSEG have agreed to an alternative billing arrangement for Moraine to make advanced payments to NYSEG for NYSEG's work performed under the Agreement. Accordingly, the parties have agreed to modify Article 12.1 of the Agreement to reference the details of the alternative billing arrangement, which is set forth in Section 3 of Appendix B of the Agreement. The Commission has previously accepted this change to NYISO's interconnection agreements.⁶

⁴ See *Prior Notice and Filing Requirements Under Part II of the Federal Power Act*, 64 FERC ¶ 61,139, clarified, 65 FERC ¶ 61,081 (1993).

⁵ See, e.g., *PJM Interconnection, LLC*, 111 FERC ¶ 61,163 at PP 10-11, *reh'g denied*, 112 FERC ¶ 61,282 (2005).

⁶ See, e.g., *New York Independent System Operator, Inc.*, Letter Order, Docket No. ER24-814-000 (Mar. 1, 2024) (accepting non-conforming revisions for alternative billing arrangement); *New York Independent System Operator, Inc.*, Letter Order, Docket No. ER22-1887-000 (July 14, 2022) (same).

III. Proposed Effective Date and Request for Waiver of the 60-Day Notice Period

The Joint Filing Parties request an effective date of August 22, 2025, for the Agreement, which is the date of its full execution. The Joint Filing Parties respectfully request that the Commission waive its prior notice requirement to permit the requested effective date.⁷ The Commission has previously permitted interconnection agreements to become effective upon the date of execution.⁸

IV. Request for CEII Treatment

Pursuant to Sections 388.112 and 388.113 of the Commission's regulations,⁹ NYSEG requests that the one-line diagram included in Appendix A of the Agreement be protected from disclosure as Critical Energy Infrastructure Information ("CEII").¹⁰ The diagram contains a detailed, one-line schematic of NYSEG's facilities that, if disclosed, could pose a threat to the security and the reliability of the New York State bulk power system. The diagram provides more than simply the general location of critical infrastructure. Unlike publicly available maps of power transmission lines and generation and substation facilities, the schematic shows the exact nature and specific location of facilities used to maintain the reliability of the New York State bulk power system.

The diagram, in NYSEG's assessment, reveals such critical information related to the facilities depicted therein that, if disclosed, could be useful to a person seeking to disable the power grid. Therefore, the disclosure of the CEII diagram would pose a threat to the reliability of the New York State bulk power system and the health and safety of New York residents.

⁷ The Commission generally grants waiver of the 60-day prior notice requirement when a service agreement is submitted for filing within 30 days of the agreement's effective date. *See* Prior Notice Filing Requirements Under Part II of the Federal Power Act, 64 FERC ¶ 61,139 (1993).

⁸ *See, e.g., New York Independent System Operator, Inc. and New York State Electric & Gas Corporation*, Letter Order, Docket No. ER11-2953-000 (Apr. 7, 2011) (accepting interconnection agreement effective as of date of execution as requested by the parties); *New York Independent System Operator, Inc. and Niagara Mohawk Power Corp.*, Letter Order, Docket No. ER08-985-000 (June 26, 2008) (same); *New York Independent System Operator, Inc. and New York Power Authority*, Letter Order, Docket No. ER08-861-000 (May 27, 2008) (same); *New York Independent System Operator, Inc. and New York Power Authority*, Letter Order, Docket No. ER08-699-000 (May 16, 2008) (same).

⁹ 18 C.F.R. §§ 388.112 and 388.113 (2025).

¹⁰ As required by Section 388.113(d)(1)(i) of the Commission's regulations, NYSEG has described in the filing letter how the one-line diagram in Appendix A satisfies the definition of critical energy infrastructure information as that term is defined in Section 388.113(c)(2). In addition, as required by Section 388.113(d)(1)(ii) the cover page of the filing letter and the relevant pages of the Agreement that contain critical energy infrastructure information are labeled as including CEII and marked DO NOT RELEASE, and a Public and CEII version of the Agreement are being filed with this letter. The CEII material is redacted in the Public version. Finally, as required by Section 388.113(d)(1)(i), NYSEG requests that the Commission designate the CEII material submitted on September 8, 2025, with the full five-year CEII designation provided for in Section 388.113(e)(1) as the information provided in the one-line diagram will continue to satisfy the definition of critical energy infrastructure information for this entire period.

Moreover, the information contained in the schematic reveals CEII, which the Commission has determined to be exempt from mandatory disclosure under 5 U.S.C. § 552(b)(7)(F). The diagram has been omitted from the Public version of the Agreement included in this filing.

The Joint Filing Parties are electronically submitting a non-public version of this filing. The diagram is included only in the non-public version of the Agreement in the filing. The non-public diagram is marked: **“FIGURE CONTAINS CEII – DO NOT RELEASE PURSUANT TO 18 C.F.R. §§ 388.112 and 388.113.”** The non-public diagram should be treated as CEII reviewable by Commission Staff. In accordance with the Commission’s April 14, 2017 notice on labeling of non-public information, each page of the non-public version of the filing is marked **“CUI//CEII.”**¹¹ A placeholder has been included in place of the non-public diagram in the Public version of the Agreement.

All communications relating to this request for privileged and confidential treatment should be addressed to NYSEG’s Counsel listed below.

¹¹ See Notice of Document Labelling Guidance for Documents Submitted to or Filed with the Commission or Commission Staff (Apr. 14, 2017) (unreported).

VI. Documents Submitted

The Joint Filing Parties submit the following documents with this filing letter:

- A clean Public version of the Agreement (Attachment I);

¹² The NYISO respectfully requests waiver of 18 C.F.R. § 385.203(b)(3) (2025) to permit service on counsel in both Washington, D.C. and Richmond, VA.

- A blacklined Public version of the Agreement showing the changes from the Pro Forma IA (Attachment II);
- A clean CEII version of the Agreement (Attachment III); and
- The signature pages for the Agreement (Attachment IV).

VII. Service

A complete copy of this filing will be posted on the NYISO's website at www.nyiso.com. The NYISO will send an electronic link to this filing to the official representative of each of its customers and to each participant on its stakeholder committees. In addition, the NYISO will send an electronic copy of this filing to the New York Public Service Commission and to the New Jersey Board of Public Utilities.

VIII. Conclusion

Wherefore, the Joint Filing Parties respectfully request that the Commission accept the Agreement for filing with an effective date of August 22, 2025.

Respectfully submitted,
