Re: *New York Independent System Operator, Inc., Amendment to Proposed Compliance Revisions; Docket No. ER13-588-001*

Dear Ms. Bose:

On March 4, 2013, the New York Independent System Operator, Inc. (“NYISO”) submitted proposed tariff revisions (“March 4 Compliance Filing”) in compliance with the Federal Energy Regulatory Commission’s (“Commission” or “FERC”) February 15, 2013 *Order Accepting Tariff Revisions With Modifications* that was issued in Docket No. ER13-588-000 (“February Order”).

It has since come to the NYISO’s attention that certain typographical errors were inadvertently made and require correction. It has also come to the NYISO’s attention that slight revisions to two subsections would eliminate confusion and ensure consistency with other subsections. The corrections proposed herein do not alter the substance of the NYISO’s March 4 Compliance Filing, but will more accurately reflect the tariff revisions ordered by the Commission in the February Order.

Specifically, the NYISO proposes the following modifications to the March 4 Compliance Filing:

- Correction to capitalized references to NYISO’s “interconnection queue” such that all references are lower case in Section 30.4.4.5.3 and its subsections;
- Correction of two minor typographical errors and a section numbering error in Sections 30.4.4.5.3.2 and 30.4.4.5.3.3;
- Correction to the Section numbering for new subsection 30.4.4.5.3.4 and minor revisions to that subsection, including an explanatory parenthetical, to make it more clear and concise; and
- Revision to Section 30.4.4.5.4 to clarify the intent of that new section is to simply require a Developer to notify the NYISO of a proposed extension of Commercial

Operation Date prior to expiration of such date posted on the NYISO's interconnection queue.

Both clean and redlined versions of the proposed errata to Section 30.4 of OATT Attachment X are attached to this transmittal letter.
