**ANSWER ADDRESSING COMPLAINANT’S PROPOSED PROTECTIVE ORDER
OF THE NEW YORK INDEPENDENT SYSTEM OPERATOR, INC.**

On December 16, 2014, TDI USA Holdings Corporation (“TDI”) filed a *Complaint and Request for Fast Track Processing and Shortened Comment Period* (“Complaint”) against the New York Independent System Operator, Inc. (“NYISO”).¹ The Complaint included confidential information in its Attachment B. TDI therefore filed a proposed protective order, as required by Section 388.112(b)(2)(ii) of the Commission’s regulations,² to govern the treatment of and access to the Attachment B information, as well as other competitively sensitive and proprietary information that might be produced during the Commission’s consideration of the Complaint (the “Proposed Protective Order”).

¹ On December 18, 2014, the NYISO filed a *Preliminary Answer Opposing Fast Track Processing; and Motion Requesting Additional Time to Answer, a Shortened Answer Period to Motion, and Expedited Action of the New York Independent System Operator, Inc.*, at p. 1, Docket No. EL15-33-000 (December 18, 2014) (“Preliminary Answer”).

²² 18 C.F.R. § 388.112(b)(2)(ii).

The NYISO's Preliminary Answer informed the Commission that the NYISO would comment on the Proposed Protective Order.³ Accordingly, the NYISO now respectfully submits this Answer addressing the Proposed Protective Order, which is intended to clarify certain elements of it. The NYISO intends to file its substantive answer to the Complaint by the January 15 deadline that was established by the Commission.

I. ANSWER ADDRESSING PROPOSED PROTECTIVE ORDER

TDI states that the Proposed Protective Order “is a modified version of the Commission’s Model Protective Order which creates a new class of protected materials, ‘Highly Sensitive Protected Materials,’ and is substantively identical to Protective Orders used in other Commission proceedings.”⁴ The NYISO compared the Proposed Protective Order to the protective order approved by the Commission, after incorporating market participant suggestions, on April 4, 2014 in Docket No. EL12-98 (the “HTP Protective Order”). The HTP Protective Order is the most recent protective order approved by the Commission in a NYISO proceeding and, like the Proposed Protective Order, governed access to sensitive information relevant to the administration of the NYISO’s buyer-side capacity market power mitigation measures.⁵ The NYISO therefore has no objection to the use of a protective order modeled on the HTP Protective Order in this proceeding.

At the same time, TDI has proposed several changes to the HTP Protective Order that are unexplained and which the NYISO does not support. The NYISO therefore asks that the Commission not adopt those proposed deviations. For clarity and the Commission’s

⁴ TDI Transmittal Letter at 2.

⁵ *Hudson Transmission Partners, LLC v. New York Independent System Operator, Inc.*, 147 FERC ¶ 61,014 (2014). The HTP Protective Order was closely modeled on the one adopted by the Commission in Docket No. EL11-50-000. See *Astoria Generating Co. L.P. and TC Ravenswood, LLC v. New York Independent System Operator, Inc.*, 136 FERC ¶ 61,155 (2011).

convenience, the NYISO's proposed changes to the Proposed Protective Order, which, generally, would restore language from the HTP Protective Order, are shown in blackline in Attachment A hereto.

First, the NYISO objects to TDI's insertion of the word "appropriate" before references to the "Non-Disclosure Certificate" in paragraphs 10, 15, 18 and 20 of the Proposed Protective Order. Specifically (emphasis added by NYISO):

- P 10 -- "The term "Reviewing Representative" shall mean a person who has signed the *appropriate* Non-Disclosure Certificate"
- P 15 -- "Protected Materials shall be treated as confidential by each Participant and by the Reviewing Representative in accordance with *appropriate* Non-Disclosure Certificate executed pursuant to Paragraph 18."
- P 18 -- "A Reviewing Representative shall not be permitted to inspect, participate in discussions regarding, or otherwise be permitted access to Protected Materials pursuant to this Protective Order unless that Reviewing Representative has first executed the *appropriate* Non-Disclosure Certificate"
- P 20 -- "Any Reviewing Representative may disclose Protected Materials to any other Reviewing Representative entitled to receive the specific category of Protected Materials under Paragraph 6, as long as the disclosing Reviewing Representative and the receiving Reviewing Representative both have executed the *appropriate* Non-Disclosure Certificate"

The NYISO is concerned that introducing "appropriate" as a qualifier could add an unnecessary, and subjective, step into the process of accessing confidential information. For example, "appropriate" might be read as requiring a party to accept a form of non-disclosure certificate different from the one approved by the Commission so long as it was subjectively "appropriate." To avoid any such potential ambiguity the NYISO proposes to delete references to "appropriate" certificates in paragraphs 10, 15, 18, and 20.⁶ Should TDI's suggested revisions be intended to distinguish between a Non-Disclosure Certificate and a Non-Disclosure Certificate for Competitive Duty Personnel, that distinction is clear in the context, and in the

⁶ The NYISO is also proposing to add a "the" to paragraph 15 to avoid a grammatical error.

additional obligations described for Highly Sensitive Protective Material. However, if the Commission believes a change would add clarity, the NYISO suggests that in the above instances, the language should refer to “Non-Disclosure Certificate **or Non-Disclosure Certificate for Competitive Duty Personnel (as appropriate).**”

Second, the NYISO propose a clarifying edit to section 10(b)(1)(i) of the Proposed Protective Order, which specifies the categories of individuals that are permitted to review Highly Sensitive Protected Materials. In the HTP Protective Order, this subsection referenced:

“Members or staff of any state or local utilities commission...”

In the Proposed Protective Order, TDI changed this provision to read:

“A member or staff member of any state or local utilities commission...”

The NYISO is concerned that TDI’s suggestion might create ambiguity between “members” of regulatory bodies and their staff “members.” The NYISO therefore proposes the following revision to eliminate any potential for confusion. The revised text would read as follows:

“A ~~member~~ commissioner or staff member of any state or local utilities commission...”

Third, TDI deleted paragraph 27 of the HTP Protective Order. It is unclear why TDI proposed this deletion. There does appear to be some overlap between paragraphs 22 and 27 in both the HTP Protective Order and the Proposed Protective Order. But in the absence of a clear rationale for deleting paragraph 27 the NYISO proposes to restore it.

II. CONCLUSION

The NYISO respectfully requests that the Commission accept the modifications to the Proposed Protective Order that are set forth above.

Respectfully submitted,

/s/ Gloria Kavanah

All Non-Disclosure Certificates shall be served on all parties on the official service list maintained by the Secretary in this proceeding.
- (b) The term “Non-Disclosure Certificate for Competitive Duty Personnel” means the certificate annexed hereto by which Competitive Duty Personnel shall certify their understanding that they shall neither have access to, nor disclose, the contents of Protected Materials that are marked “Highly Sensitive Protected Materials,” any notes or other memoranda, or any other form of information that copies or discloses Protected Materials that are marked as “Highly Sensitive Protected Materials,” and that such representatives have read the terms and restrictions of this Protective Order applicable to such materials and agree to be bound by them. To the extent Protected Materials are not returned or destroyed, they shall remain subject to the Protective

Order.

13. All Protected Materials shall be maintained by the Participant in a secure place. Access to those materials shall be limited to those Reviewing Representatives specifically authorized pursuant to Paragraphs 15 and 16. The Secretary shall place any Protected Materials filed with the Commission in a non-public file. By placing such documents in a non-public file, the Commission is not making a determination of any claim of privilege. The Commission retains the right to make determinations regarding any claim of privilege and the discretion to release information necessary to carry out its jurisdictional responsibilities.

14. For documents submitted to Commission Staff (Staff), Staff shall follow the notification procedures of 18 C.F.R. § 388.112 before making public any Protected Materials.

15. Protected Materials shall be treated as confidential by each Participant and by the Reviewing Representative in accordance with the ~~appropriate~~ Non-Disclosure Certificate executed pursuant to Paragraph 18. Protected Materials shall not be used except as necessary for the conduct of this proceeding, nor shall they be disclosed in any manner to any person except a Reviewing Representative who is engaged in the conduct of this proceeding and who needs to know the information in order to carry out that person's responsibilities in this proceeding. Reviewing Representatives may make copies of Protected Materials, but such copies become Protected Materials. Reviewing Representatives may make notes of Protected Materials, which shall be treated as Notes of Protected Materials if they disclose the contents of Protected Materials.

16. If a Reviewing Representative's scope of employment includes the marketing of energy or generation assets, the direct supervision of any employee or employees whose duties include the marketing of energy or generation assets, the provision of consulting services to any person whose duties include the marketing of energy or generation assets, or the direct supervision of any employee or employees whose duties include the marketing of energy or generation assets, such Reviewing Representative may not use information contained in any Protected Materials obtained through this proceeding to give any Participant or any competitor of any Participant a commercial advantage.

17. In the event that a Participant wishes to designate as a Reviewing Representative a person not described in Paragraph 10, the Participant shall seek agreement from the Participant providing the Protected Materials. If an agreement is reached, that person shall be a Reviewing Representative pursuant to Paragraph 10 with respect to those materials. If no agreement is reached, the Participant shall submit the disputed designation to the Commission for resolution.

18. A Reviewing Representative shall not be permitted to inspect, participate in discussions regarding, or otherwise be permitted access to Protected Materials pursuant to this Protective Order unless that Reviewing Representative has first executed the ~~appropriate~~ Non-Disclosure Certificate, provided that if an attorney qualified as a Reviewing Representative has executed such a certificate, the paralegals, secretarial, and clerical personnel employed by the same entity as the attorney and under the attorney's instruction, supervision, or control need not do so. A copy of each Non-Disclosure Certificate or Non-Disclosure Certificate for Competitive Duty Personnel (as appropriate) shall be provided to counsel for the Participant asserting confidentiality prior to disclosure of any Protected Material to that Reviewing Representative.

19. Attorneys qualified as Reviewing Representatives are responsible for ensuring that

persons under their supervision or control comply with this order.

20. Any Reviewing Representative may disclose Protected Materials to any other Reviewing Representative entitled to receive the specific category of Protected Materials under Paragraph 6, as long as the disclosing Reviewing Representative and the receiving Reviewing Representative both have executed the appropriate Non-Disclosure Certificate. In the event that any Reviewing Representative to whom the Protected Materials are disclosed ceases to be engaged in these proceedings, or is employed or retained for a position whose occupant is not qualified to be a Reviewing Representative under Paragraph 10, access to Protected Materials by that person shall be terminated. Even if no longer engaged in this proceeding, every person who has executed a Non-Disclosure Certificate or Non-Disclosure Certificate for Competitive Duty Personnel shall continue to be bound by the provisions of this Protective Order and the certification.

21. Subject to Paragraph 28, the Commission shall resolve any disputes arising under this Protective Order. Prior to presenting any dispute under this Protective Order to the Commission, the parties to the dispute shall use their best efforts to resolve it. Any Participant that contests the designation of materials as protected shall notify the party that provided the Protected Materials by specifying in writing the materials whose designation is contested. This Protective Order shall automatically cease to apply to such materials fifteen (15) business days after the notification is made unless the designator, within said 15-day period, files a motion with the Commission, with supporting affidavits, demonstrating that the materials should continue to be protected. In any challenge to the designation of materials as protected, the burden of proof shall be on the Participant seeking protection. If the Commission finds that the materials at issue are not entitled to protection, the procedures of Paragraph 27 shall apply. The procedures described above shall not apply to Protected Materials designated by a Participant as Critical Energy Infrastructure Information. Materials so designated shall remain protected and subject to the provisions of this Protective Order, unless a Participant requests and obtains a determination from the Commission's Critical Energy Infrastructure Information Coordinator that such materials need not remain protected.

22. Unless filed or served electronically, all copies of all documents reflecting Protected Materials, including the portion of other documents which refer to Protected Materials, shall be filed and served in sealed envelopes or other appropriate containers endorsed to the effect that they are sealed pursuant to this Protective Order. Such documents shall be marked "PROTECTED MATERIALS PROVIDED PURSUANT TO PROTECTIVE ORDER IN FERC DOCKET NO. EL15-33-000" with the appropriate designation (as relevant) under Paragraph 6 shall be filed under seal and served under seal upon the Commission and all Reviewing Representatives who are on the service list. Such documents containing Critical Energy Infrastructure Information shall be additionally marked "Contains Critical Energy Infrastructure Information – Do Not Release." For anything filed under seal, redacted versions or, where an entire document is protected, a letter indicating such will also be filed with the Commission and served on all parties on the service list. Counsel for the producing Participant shall provide to all Participants who request the same, a list of Reviewing Representatives who are entitled to receive such material. Counsel shall take all reasonable precautions necessary to assure that Protected Materials are not distributed to unauthorized persons.

23. If any Participant desires to include, utilize, or refer to any Protected Materials or information derived there from in testimony or exhibits in these proceedings in such a manner that might require disclosure of such material to persons other than Reviewing Representatives, such Participant shall first notify both counsel for the disclosing participant and the Commission of such desire, identifying with

particularity each of the Protected Materials. Thereafter, use of such Protected Material will be governed by procedures determined by the Commission.

24. Nothing in this Protective Order shall be construed as precluding any Participant from objecting to the use of Protected Materials on any legal grounds.

25. Nothing in this Protective Order shall preclude any Participant from requesting the Commission, or any other body having appropriate authority, to find that this Protective Order should not apply to all or any materials previously designated as Protected Materials pursuant to this Protective Order. The Commission may alter or amend this Protective Order as circumstances warrant at any time during the course of this proceeding.

26. Each party governed by this Protective Order has the right to seek changes in it as appropriate from the Commission.

27. Unless filed or served electronically all Protected Materials filed with the Commission, or any other judicial or administrative body, in support of, or as a part of, a motion, other pleading, brief, or other document, shall be filed and served in sealed envelopes or other appropriate containers bearing prominent markings indicating that the contents include Protected Materials subject to this Protective Order and with the appropriate designation (as relevant) under Paragraph 6. Such documents containing Critical Energy Infrastructure Information shall be additionally marked "Contains Critical Energy Infrastructure Information –Do Not Release."

287. If the Commission finds at any time in the course of this proceeding that all or part of the Protected Materials need not be protected, those materials shall, nevertheless, be subject to the protection afforded by this Protective Order for a time period designated by the Commission, but not less than 15 business days from the date of issuance of the Commission's decision. None of the Participants waives its rights to seek additional administrative or judicial remedies after the Commission's decision respecting Protected Materials or Reviewing Representatives, or the Commission's denial of any appeal thereof. The provisions of 18 C.F.R. § 388.112 shall apply to any requests for Protected Materials in the files of the Commission under the Freedom of Information Act. (5 U.S.C. § 552).

298. Nothing in this Protective Order shall be deemed to preclude any Participant from independently seeking through discovery in any other administrative or judicial proceeding information or materials produced in this proceeding under this Protective Order.

3029. None of the Participants waives the right to pursue any other legal or equitable remedies that may be available in the event of actual or anticipated disclosure of Protected Materials.

310. The contents of Protected Materials or any other form of information that copies or discloses Protected Materials shall not be disclosed to anyone other than in accordance with this Protective Order and shall be used only in connection with this proceeding. Any violation of this Protective Order and of any Non-Disclosure Certificate executed hereunder shall constitute a violation of an order of the Commission.

321. If a Participant believes that Protected Materials previously distributed to Reviewing Representatives was not marked as Protected Materials or was not marked with the appropriate designation under Paragraph 6, the Participant must e-mail Participants on the restricted service list and the listserv established for e-mail addresses in this proceeding, specifically state which

documents contain such data, identify the specific material which should have received the designation, and seek their consent to such treatment, and such consent shall not be unreasonably withheld. If no agreement is reached, the Participant shall submit the dispute to the Commission.
